

## **EXTENDED COVERAGE PLAN**

In order to save our patients, the hassle of paying for uninsured service on a one-by-one basis, we have developed an Extended Coverage Plan. The plan begins the day you sign up and covers you for one (1) year. The choice to join is yours to decide.

There are both individual and family plans. The family plan covers two or more patients from the same household.

**Individual Plan: \$125**

**Couple Plan \$200**

**Family Plan \$250**
