- 6) If you were awarded more than the combined maximum of 10 interview/alternate offers, you will be contacted by your career office for assistance with determining which offer(s) must be declined to reduce the total to 10. They will forward your decisions to the Operations Manager, who will manually update your invitation status to either “preselect declined” or “alternate declined” as applicable.

## SELSC – (3) INSTRUCTIONS FOR VIEWING INVITATION STATUS AND INTERVIEWS

- Note: If you see “pending” this means the employer schedule has not been finalized yet and you will need to check back for updates. Schedule adjustments will take place between June 5 and June 8 (closing at Noon EDT), after which your final invitation status will be available for viewing on the screen above.
- If you are an alternate, you will also need to check back for updates during the schedule adjustment window. Available alternates may be moved into last-minute open interview slots and will see their invitation status updated from “alternate” to “alternate accepted”.

- Click on the Scheduled Interviews tab in the Virtual Recruiting module to view interviews by date and time.
- Remember, all times are posted in Eastern Daylight Time! Please adjust your calendar accordingly if you are in a different time zone. See [Interactive Time Zone Map](#).
- Click on the hyperlinked interview date above each entry for additional schedule details, including the interviewer panel for your research and preparation. If you see TBD, we are still working with the recruiter to secure the name(s) of the interviewer(s) for you. Please check back for updates.
- You may disregard the Symplicity-generated interview room numbers in schedule details. When the final interview rosters are imported to Flo (virtual interview platform), virtual rooms will be assigned there.
- Interviewees will receive login links from Flo 24 hours prior to their first scheduled interview on each day’s event. Please add the Flo email to your safe sender list: [selscon@floevents.email](mailto:selscon@floevents.email).
- At initial login, candidates selected for interviews with Patent Law/IP firms will be prompted to upload their college transcripts before proceeding. Employers will download the files from their Flo dashboard for review (this is required by those specific employers).
- Candidates may choose to upload revised resumes and/or law transcripts on Flo with qualifications not previously available for submission during the initial application period on Symplicity (this is optional).
- For Flo user guides and interview resources click [here](#).
- Following each day’s interviews, an Excel spreadsheet will be uploaded to the Symplicity Document Library for thank-you acknowledgements. Only emails for the recruiters/primary schedule managers will be furnished; they will handle all incoming messages and forward to their interviewer panels.
