Pandit Sanjoy Banerjee of the Kirana Gharana (disciple of the late Pandit A.T. Kanan and Vidushi Smt. Malabika Kanan) gave a masterful performance at Learnquest Baithak this evening. Commencing with traditional khyaal "Kaun Gat Bhai" in Raga Bageshri in vilambit ektaal followed by drut ektaal composition "Apni garaj pakad leeni baiyyan", Pandit Banerjee drew listeners in with his emotion laden swar lagaav, systematic, Merukhand patterns infused vistaar, sargam and aakaar taans within a very short time. Two compositions in teentaal and ektaal in Raga Bihaag (first one with an interesting landing of taar rishabh on the sum) came next and were decorated with bol-alaaps, attractive sargam and aakaar taans. Short compositions in Raga Des, a Chaturang based on Raga Kedaar and a Meera Bhajan in Pahadi were presented post intermission. Great command on the voice in three octaves, ability to integrate short super-fast taans with alaaps in controlled tempo, taut delivery of compositions and the skill to portray the essence of a raga in a very short time were the attractive features of Pandit Banerjee's performance. Shri Hindole Majumdar on the tabla and Shri Anirban Chakrabarty on the harmonium were in their element and provided commendable accompaniment to Pandit Banerjee. What an enjoyable evening! Many thanks to the artists and the organizers.

Sunny Thakkar Wah. Thank you for the beautiful write up. You are lucky to hear Sanjoy da! I went to a sitar concert tonight with Indro Roy Choudhary and he too played Raag Bageshri & Raag Desh. He ended with Bhairavi 😊
