# Insight Thermal Imaging Patient Preparation Checklist

It is crucial that you follow these restrictions in order to achieve accurate results from your thermal scan.

- \* No prolonged sun exposure (especially sunburn) to the body area being imaged for five days prior to your exam.
- \* Avoid a strenuous workout, exercise or weight training for 24 hours prior to your test. No sexual activity for 24 hours prior.
- \* If you are nursing, please try to nurse as far from one hour prior to the exam as possible.
- \* Do not use a car seat heater while travelling to your thermal imaging appointment.
- \* No physical therapy, massage, EMS, TENS, ultrasound treatment, acupuncture, chiropractic, physical/sexual stimulation, hot or cold pack use for 24 hours before your exam.
- \* Do not use lotions, powder, deodorant, antiperspirant, perfume, scented products, makeup or anything topical on the body area to be imaged the day of your exam.  
Our clinic has a **NO CHEMICALS/NO SCENTS** policy
- \* If any areas of the body (as included in the images) are to be shaved, this should be done the evening before the exam. Do NOT shave under your arms the day of your exam.
- \* Allow at least 4 hours after a hot shower, hydrotherapy, hot tub or sauna.
- \* Do not smoke or have any caffeine for 2 hours prior to your exam.
- \* If bathing, it must be no closer than 1 hour before your exam.
- \* If not contraindicated by your doctor, avoid the use of pain medications the day of your exam. You must consult with your doctor prior to any change of medication.
- \* If you have had any medical procedure within the past 12 weeks, please notify our office before coming in for your appointment.
- \* Let the technician know if you have had any recent skin lesions or blunt trauma to the area to be scanned.

**Please note:** For breast exams you will be asked to disrobe from the waist up.

## INFORMED CONSENT FOR TESTING PROCEDURE

Thermal Breast Imaging (otherwise known as breast thermography) detects and visualizes the thermal emissions (temperature) occurring at the surface of the breasts. The purpose of the examination is to detect signs of inflammation or unusual blood vessel activity that could suggest risk for current and/or future risk for cancer. Initial \_\_\_\_\_

I understand that Thermal Breast Imaging is used only as an adjunct to primary screening examinations such as physical breast examination, mammography, breast ultrasound and breast MRI and does not replace any other breast examination or screening. I also understand that thermal imaging does not and cannot directly detect or be used to diagnose breast cancer. Nor can it rule out the presence of breast cancer since some cancers do not produce sufficient temperature changes at the surface of the breasts to be seen with thermography. Therefore, breast cancer may still be present despite thermal imaging revealing a low risk. For that reason, thermal imaging does not replace any other breast examination. All breast concerns including but not limited to skin changes, nipple discharge, lumps or other abnormalities, clinical findings and radiographic findings require evaluation by a medical doctor regardless of the thermal imaging results. Use of thermography as a stand-alone detection examination is not recommended as it can result in the failure of an existing cancer to be detected. Initial \_\_\_\_\_

I confirm that I have followed the written pre-examination protocols for breast imaging provided to me before the examination. I understand that if I did not receive or follow these protocols, the accuracy of my examination may be compromised. Initial \_\_\_\_\_

By signing below, I hereby acknowledge that (1) I have read and understood each of the above paragraphs; (2) I have had an opportunity to ask any questions I may have had; (3) any questions I asked were answered to my satisfaction; (4) I have received sufficient information with respect to thermal imaging to make an informed decision to undergo the procedure; (5) I understand no guarantee or warranty is being made that all risk for current and/or future cancer will be detected; and (6) I hereby authorize and consent to thermal imaging

## STATEMENT OF INDEPENDENT OPERATIONS:

I understand and agree that Robert L. Kane, D.C., D.A.B.C.T., dba Kane Thermal Imaging Interpretive Services (collectively referred to as "Kane Interpretive Services") is a California based company that contracts with the provider of your imaging services solely for the purpose of interpreting and reporting thermal imaging scans. Your provider is not an employee, officer, director, partner, representative or agent of Kane Interpretive Services. Nor is Kane Interpretive Services an employee, officer, director, partner, representative or agent of your provider. Kane Interpretive Services is a wholly separate business entity from your provider and does not oversee or supervise your provider's thermography operations. Kane Interpretive Services is not involved in the design, manufacture, marketing, sale, rental, distribution, installation, inspection, repair or modification of any machinery or products used by your provider. Rather, Kane Interpretive Services is an independent contractor hired by your provider solely to interpret thermal imaging data and to report the results. Kane Thermal Interpretive Services does not control, nor have the right to control, your provider's business, including its equipment, operations, advertising and/or representations. Kane Interpretive Services makes no promises, warranties or representations, express or implied, as to your provider's services. In addition, Kane Interpretive Services owes no duty of care to me in connection with provider's services, including no duty to screen provider, no duty to protect or warn me of any actions or inactions of provider and no duty to investigate, communicate or mitigate any risks, known or unknown, relating to provider's services. I assume all duty of reasonable care to select, screen and monitor provider's services for my own safety and protection.

By signing this Statement of Independent Operations, I understand and agree with the foregoing and further agree that Dr. Robert L. Kane, D.C., D.A.B.C.T., dba Kane Thermal Imaging Interpretive Services is only responsible to me for the content of the thermal imaging report and its accompanying reporting guide.

# Insight Thermal Imaging Fees

Below is the fee for breast thermal imaging procedures.

Insight Thermal Imaging does not bill insurance plans. Some insurance plans may reimburse you for our services. It is up to you to submit our bill to your insurance carrier if you so choose. In any event, complete payment for our services is due at the time of service.

Cancellation Policy: Patients will be billed for any appointment cancelled with less than 24 hours' notice. There is a \$50.00 missed appointment fee.

I understand that I am wholly and personally responsible for payment on date of service. Insight Thermal Imaging is not a participant in Medicare or insurance plans. I realize that I may request the attending physician's statement of diagnosis and services provided to me, which I may submit to my insurance company for reimbursement of the treatment cost, as may be provided by my plan. Insight Thermal Imaging does not guarantee that I will receive reimbursement from my insurance carrier.

I have read and agree to the financial terms and cancellation policy above:
