UV-ZONE™ PHONE SANITIZER

PLEASE VISIT,
WWW.UVZONETIPS.COM
FOR ADDITIONAL INFORMATION AND
TIPS ABOUT UV-ZONE SANITIZER.

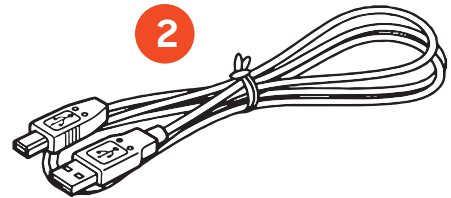

OPERATING
INSTRUCTIONS

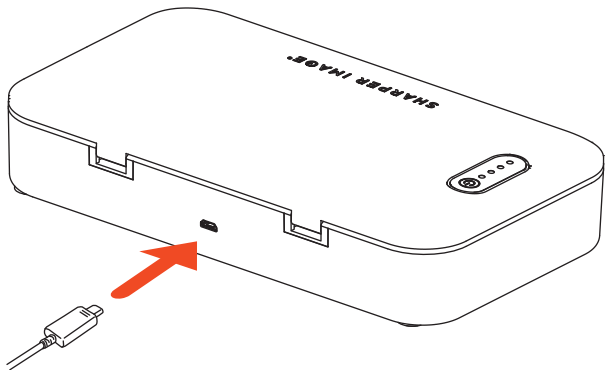

INCLUDED ITEMS

1. UV-ZONE™ SANITIZER
2. MICRO-USB CABLE

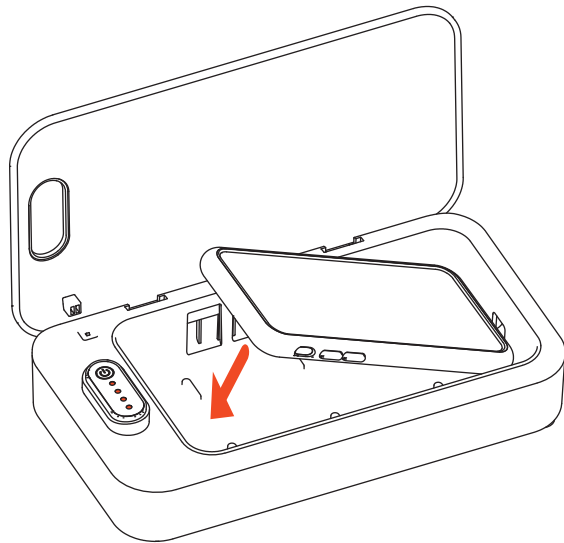

HOW TO USE

- 1 Begin by connecting the micro USB power cord to the power port located at the rear of the UV- Zone™, and the other end to a USB power source (not included). Any 5V USB power source (recommend 5V, 2A) power source on a computer, wall adapter, phone charger will work.

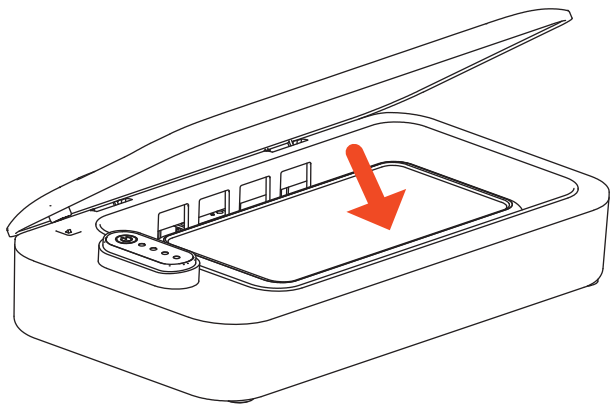

- 2 Open the top lid and place your device inside the sanitize chamber.

3

HOW TO USE - CONTINUED

- 3** Close the top lid, ensuring everything placed inside fits completely inside the sanitize chamber.

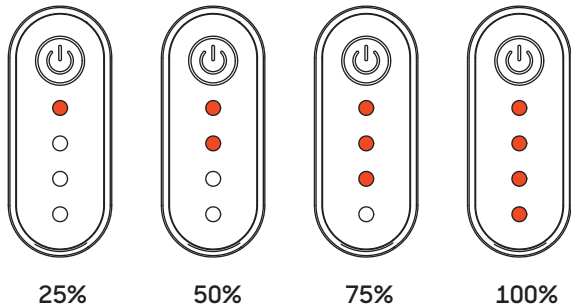

- 4** Push the power button located on the top of the device to begin the first sanitizing cycle.

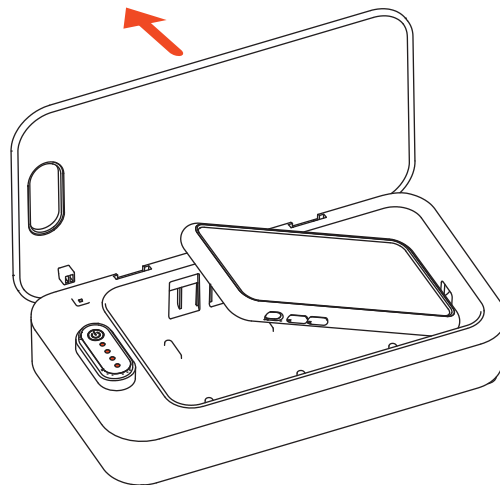

HOW TO USE - CONTINUED

- 5** The LED Indicator panel located below the power button will turn on indicating the duration of the sanitizing cycle.

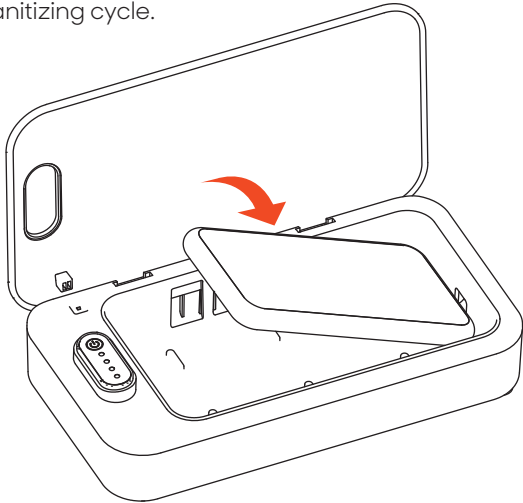

Note: A full sanitizing cycle takes approximately 6 minutes. 2 cycles are required to fully sanitize your devices.

- 6** When the LED Indicator panel displays 100%, the first sanitizing cycle is complete. Open the lid.

HOW TO USE - CONTINUED

- 7 To sanitize the opposite side, turn over your device and repeat steps 2-6 to start the second sanitizing cycle.

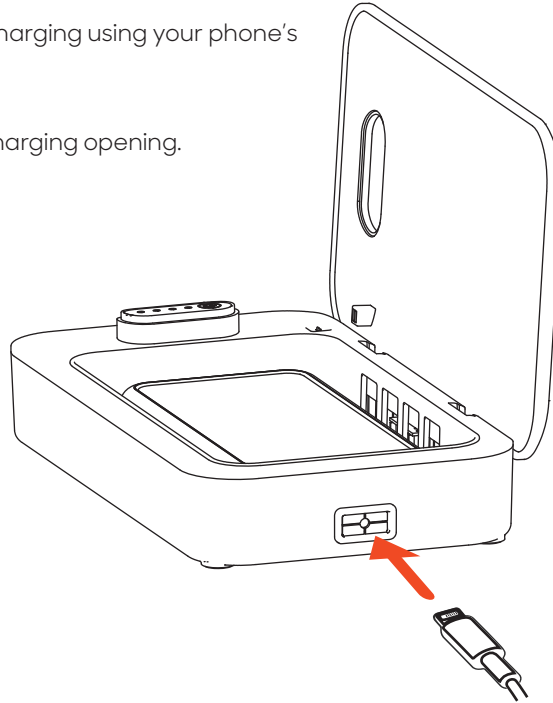

Note: The UV-Zone will not work if the lid is not completely closed during use.

HOW TO CHARGE YOUR PHONE

A phone charging opening is provided to allow charging using your phone's charging cable during the sanitizing process.

1. Insert phone charging cable through phone charging opening.
2. Plug phone charging cable into phone.
3. Place phone into sanitize chamber.

*Charging cable for phone is not included
