[IMDB Profile](#)

I am a hardworking and conscientious person. Planning, organising and encouraging good teamwork are key skills. Working closely with cinematographers and coordination with production is paramount and helps to ensure a rewarding and successful filming process, exemplary results being the ultimate goal. I take great care in choosing my team, experienced and properly qualified electricians ensure we can undertake all tasks required of the electrical lighting department.

I am firmly committed to diversity and equality in all areas of life. I will work to promote an anti-discriminatory environment where everyone feels safe and welcome.

I am based in the UK but am happy to travel overseas if required.  
I have a full UK driving license including LGV C+E with Full CPC.
