About Me:

After a long chase, I married my college sweetheart. We had two sons who gave us four grandchildren. We were divorced after 18 years, and I was single for the next 30. I then found the light of my life and enjoyed a loving relationship for the next seven years. She passed away on Christmas Day in 2014.

What did SPS do for me?

It changed my life. I cannot imagine any influence that could have had a more positive impact on my life. Father Leeming and Mr. Mac were amazing, wonderful, caring, and supportive. I won't comment on Mr. Anus (Ennis) here. I guess not everything in life is good, we must also experience some evil. The fond memories are always there. Thank you Lord.

P.S. This is extremely truncated as I have had a wild life full of variety and adventure!
