WHITE HOUSE

DEDICATION

We, the Graduating Class of 1945, dedicate this year's MITRE to Mr. Russell Sage Terbush in recognition of what he has done in all the years of the school's existence. When Father Leeming decided to start Saint Peter's, Mr. Terbush was on the vestry of Saint Peter's Church. He organized a group of men to go out to the house at Van Cortlandville to paint it and put it in good general repair. For six months before the school opened he worked tirelessly at the job. Two years ago he came to live at the school. Since that time he has done so much for us that we could not begin to enumerate his various activities. We cannot, however, fail to thank him for his constant willingness to do anything he is asked to do, no matter how trivial it may seem to be. He is everything one could hope for. To "Russell" and his genial wife we wish many years of happiness at Saint Peter's.

THE FACULTY

FACULTY

Once again our Headmaster, Father Leeming, has led us through another school year with an untiring devotion to his work. Father Leeming went to Bethany Preparatory School and Bethany College. After many years devoted to music, during which time he spent three years at the Peabody Conservatory in Baltimore, he entered the General Seminary, from which he was graduated in 1930, receiving the degree of Bachelor of Sacred Theology. He also took work at the University of Virginia and Oxford University. Father Leeming teaches Sacred Studies and English.

The Rev. Nicholas M. Feringa, our assistant Headmaster received his early education in Holland. Coming to this country, he entered Saint Stephen's College. After completing his work there, he took his theological work at the General Theological Seminary. While serving in New York as Vicar of the Chapel of the Incarnation he was a student at the Art Student's League. At Saint Peter's he teaches English, Latin, Mathematics, and Art. It is with great sorrow that we announce Father Feringa's departure from the School at the end of this school year. He will take up his new duties as Headmaster of Watkinson School in Hartford, Connecticut. To him and to Father Geerts who will be his assistant, we wish all the luck in the world.

The Rev. Charles Geerts received his education at schools in West Hartford, Connecticut and at Nashotah House. Father Geerts teaches Sacred Studies, Mathematics, and English. He has been baseball coach for two years and has also had charge of the school's general athletic program.

Mr. Walter Millard Drake received his early training at the Poughkeepsie High School. From there he went to Rensselaer Polytechnic Institute and Columbia University from which he has the degrees E. E. and M. A. Mr. Drake teaches Mathematics and Science and is our football coach.

Mr. William E. Keller, A. B., Litt. M., M. A., teaches History and Biology. He attended Academy High School in Erie, Pennsylvania and took his college work at the University of Pittsburgh, the University of Virginia, and the University of Michigan.

Mr. Claude Tuthill, a chemist on the staff of Standard Brands Corporation in Peekskill, received his education at Port Jefferson High School, Hamilton College, Pratt Institute, and Columbia University. Mr. Tuthill teaches Chemistry.

Mrs. William Keller teaches the boys of the lower school. She attended Leominster High School in Massachusetts, Bates College, and Newton-Andover Seminary.

Mr. William O. Stackhouse, A. B., is a graduate of the University of Kentucky. He came to Saint Peter's in February of this year but has already won

Popular, humorous, witty, and independent—that's "Wick" to a T. As our senior præfect this year, he has done a superb job, and will be greatly missed. He has been at Saint Peter's for six years and so is only one year younger than the School.

Due to lack of equipment, "Wick" started playing football a little late in the season. However, it didn't take him long to make up for lost time. His hard playing did much to help the team make a fine showing.

One will go a long way before he ever finds as fine an all round guy as "Wick".

There is a rumor that he has a secret love. That may be true, but "Wick" refuses to give out a statement.

As for the future, "Wick" plans to be an engineer.

*Good luck John in everything.
 I suppose I'll read in the newspaper
 someday that you're a professor. Well
 I hope you won't argue as much as
 here at school. Oh well I suppose one can't
 expect anything else
 from a Democrat.*

John Wilcox

John Wilcox, affectionately known as "Willie", came to Saint Peter's from St. Edmund's School in September, 1943 and has entered body and soul into all school activities. This year he has been president of the senior class and a præfect. John's scholastic record at the School has been excellent. "Willie" has a one and only in upstate New York so has very little to do with others of the opposite sex.

"Willie" has shown great interest in meteorology and will probably go far in that field. Whatever he does, we know he will be successful and we wish lots of luck to one of the grandest boys to graduate from Saint Peter's.

Best of luck and
take care of yourself till
we meet again at Columbia

Praefect '44—'45

Choir '38—'45

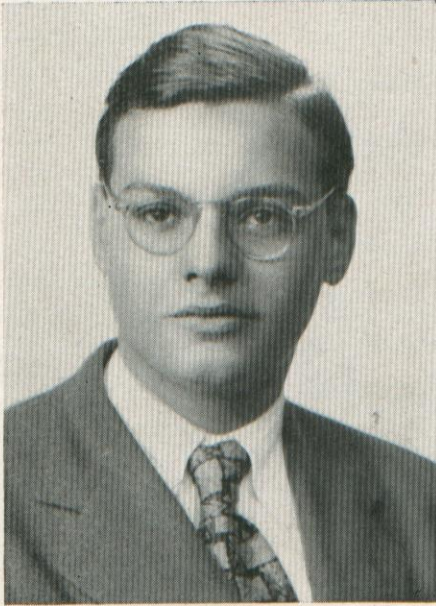

Jack Campaign is the last charter member to graduate from the School. Indeed, Jack grew up with the School. He has always tried to lead the other boys in the various sports activities. He has been on the baseball and football squads ever since he first arrived. In hockey Jack also showed himself worthy of a position on the team. He is a good fellow and has always tried to uphold the School.

Jack was appointed a praefect in his senior year and took up his residence in Main house with John Wilcox. He has done a good job and has the respect of the other fellows.

Jack isn't exactly a ladies' man but we still believe he may some day turn out to be a Romeo. He DOES have a lot of pictures of Margaret Chapman!

When Jack leaves the School, we know he will do a swell job in whatever work he undertakes to do.

Art '43-'44

Choir '43-'45

Librarian '43-'44

Ever since John entered Saint Peter's he has endeavoured to be active in extra-curricula activities. Discovered to be a music lover, having a fine collection of records, he has been called upon to be responsible for music for our dances.

During the past year he has had a new job—that of supervising the dish crew. He has so organized the work that his crew now loves (?) to wash dishes.

"Hunch" is well liked by all of the fellows because of his good nature. He certainly knows how to take a joke.

He wants to be a history teacher and we think he will go a long way in that field. John reads everything in sight and knows how to argue his point.

As for the love side of his life, "Hunch" doesn't want anything to do with it. However, we think he will snap out of it some day.

Do you John I
want to wish the
very best of everything
keep up the good work
when you're at Columbia and
if you do, you'll pull a degree
cum laude or better.

Jim

James Blaine Olmstead

- Entered September, 1944

- Dramatics '44-'45
- Choir '44-'45
- Præfect '44-'45
- Honor Roll '44-'45

James came to us from Elmira, New York, where he attended the Elmira Free Academy. He has only been at St. Peter's for a year but has established a fine record for himself. He has participated in many extra-curricular activities and has done especially fine work in the Glee Club. Jim was given the difficult job of dining room præfect soon after he arrived at the School and has been tireless in his efforts to improve the appearance of the tables.

Jim is quite a lady's man, but doesn't seem to have one particular girl. In fact, he is quite impartial so long as they are good looking. He, however, will have a long time to wait before getting serious. He is planning to study for the priesthood.

CLASS PROPHECY

It is June 2, 1955 and the Class of '45 sits in one of the luxurious rooms of Lissner's combination Record Store and Cafeteria, for John has never lost his love either for music (?) or food. He has thoughtfully decked his table with a sumptuous repast. Although John went to Columbia for four years and emerged with a B. A. in History, he has returned to his old love and has set himself up in the record business. As we sit here our memories go back to the old White House and we seem to hear the blissful strains of "Mission to Moscow". No, we DO hear them for John has kept the record for this occasion.

Opposite John sits John Wilcox, dressed in a brown corduroy jacket with pants of a slightly lighter shade. Will is the same old fashion plate. After spending some time in the Navy, he settled down to his old ambition, that of becoming a meteorologist. Now, any morning at eight o'clock you can find Willie on top of his little tower in the middle of Central Park, wisely taking barometer readings and passing on to the hot polloi how hot it is going to be when it is going to rain, and how stiff the next gale will be.

Seated next to Willie is Wickings—the same old face with the same old smile. Time and the Navy have not changed him very much. Certainly his feet do not look any smaller. He is a prosperous engineer and is in business for himself. He looks up at us with that sparkle in his eyes, the kind that was usually the fore-runner of one of his many jokes. As he sits here he begs Lissner to play that old record, "Caroline" by Jerry Collona and as he listens he has pleasant memories of the "alley" in the White House.

Then there is Jack Campaign, very prosperous looking. His clothes are tailor made and he is quite the sheik. Jack, after leaving School, tried baseball for a time. He became a pitcher for a minor league team. We weren't surprised at all for Jack always had been good at throwing it. He later became an athletic instructor and that is what he is doing now. Time hasn't changed Jack, his interest in sports is just as keen. He has found a little woman to keep his baseball magazine straight and before dinner he showed us a picture of her.

Last but not least is Jim Olmstead. After Jim left School he went to college to begin his preparation for the priesthood. After going through seminary he was ordained and left for Elmira. His flare for dress has not diminished and so he has been labelled the "Dashing Deacon". We all know that his Diocese will soon need a new Bishop and we are wishing him the best of luck. With a few cigars and a little spiritual aid he's bound to go places.

After supper we all sat back and talked over everything that happened during our senior year at School. We laughed as we remembered how Jackie got the mumps and how Lissner used to read the part of Rosencrantz in "Hamlet". Someone brought up the matter of Willie's flirtations in the old

THE PRAEFECTS

It has always been the custom at Saint Peter's School to have praefects as custodians of the School. They serve as liason between the school authorities and the student body. Praefects are appointed by the Headmaster on or about the fifteenth of May. After the announcement has been made, the new praefects, in the presence of the entire school assume responsibility in the chapel. The old praefects accompany the new ones to the altar where a service of dedication takes place.

The senior praefect for 1944-45 has been William Wickings who has been at the School for six years. Under his able direction the School has gone forward in a remarkable way. Other praefects this year have been John Wilcox, Jack Campaign, James Olmstead, and Ellis Asplund.

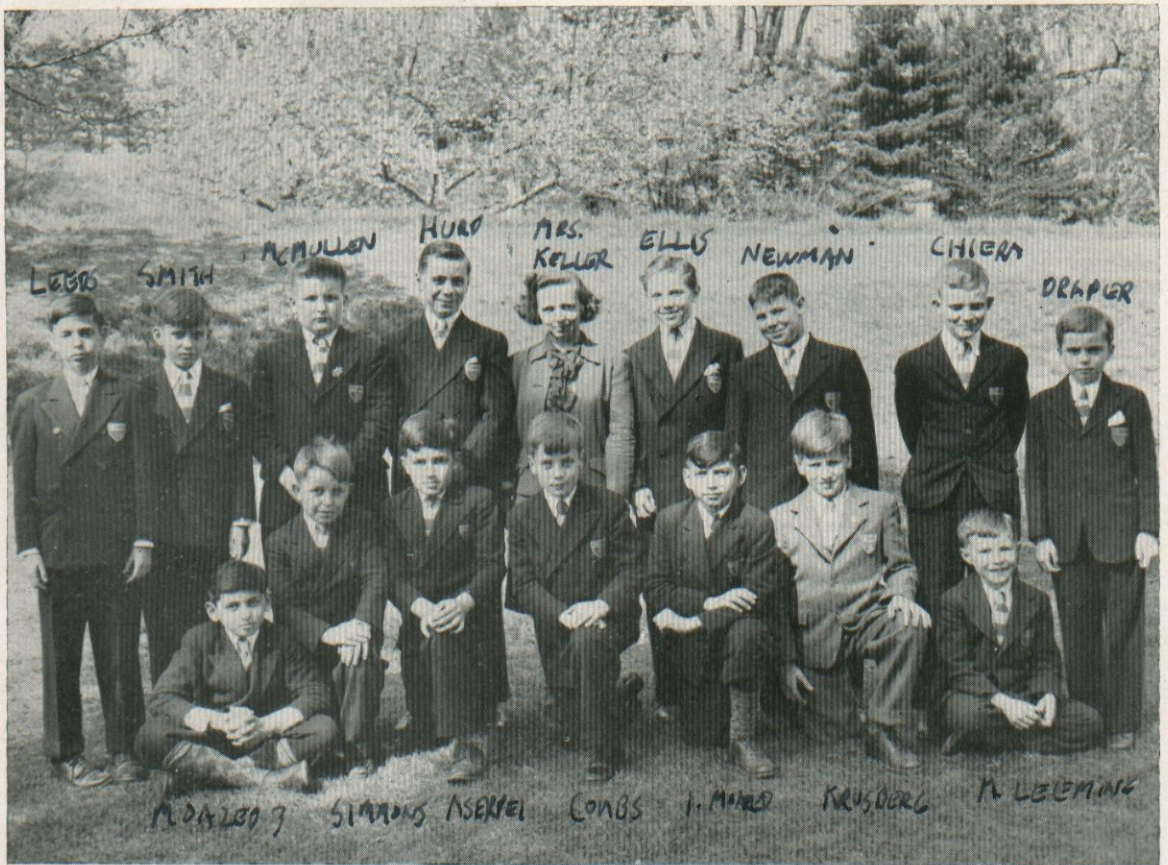

Much credit goes to John Wilcox who, in cooperation with Father Geerts, the house master, has been in charge of the Main house. This, as all former praefects know is no easy job for in that house are a great many of the younger boys who have an idea that they are already grown up and should have "super" privileges. But Johnny is an easy going lad and never seems to get excited. His partner on the job has been Jack Campaign who has been a great help.

This year we have tried a new experiment in the Terbush House. Instead of having a master live in the upstairs apartment with the boys, Ellis Asplund has been in charge. Mr. Terbush has served as house master and has been the adviser on all occasions. It has worked out very well. Later in the year James Olmstead was appointed dining room praefect and went to live with Ellis in the Terbush House. Together they have done excellent work.

Although John Lissner was never appointed to be a praefect, he has taken the responsibility of managing the work in the pantry. There are four dishwashers under his direction. He deserves a great deal of credit for his work. We should also thank James Olmstead for the fine management of the dining room. In no other year have we had such neat appearing tables or a more thoroughly organized system of table setting.

William Wickings has been in charge of the White house with Father Feringa. He has been most wise in his dealings with the boys under his care. Quiet and unassuming, Bill has known when to crack down. He has been fair and certainly has had the good will of everyone. In addition to the care of the White house he has presided at all school assemblies. His will be a hard place to fill.

The praefects of 1945-46 have had a pace set for them but we are sure they will, when they take over on May fifteenth approach their job with confidence and honest determination. Good luck to them!

THE FIFTH FORM

THE LEEMING FAMILY

For the first two years of the School's existence, Father Leeming continued to serve as Rector of St. Peter's Church in Peekskill. It was a great day for us when he and his family moved out to the School and he was able to give most of his time to his 'baby'. The cottage on top of the hill was enlarged and in October, 1941 they took possession of the headmaster's house. At that time they had three young sons, Michael, David and Nicholas. In December, 1942, Mary Louise was born and she has grown to be the sweetheart of the campus. Michael is now in the fourth grade and is at St. Peter's. The other two boys attend Toddville Public School.

We are indebted to Mrs Leeming for many things. Each year she has given a great deal of attention to the preparations for the Spring Prom. She is also the gracious hostess to the boys at the sports banquets which are given in their home for those boys who are eligible. Then she entertains other groups of the boys from time to time.

The Class of '45 desires to express its appreciation for all Mrs. Leeming has done for us and to assure her of our affection.

See Photo

Top—THE ART CLASS — Bottom—THE DRAGNET STAFF

THE YEAR IN RETROSPECT

As we look back over this school year we see many reasons for gratitude. The year opened with sixty-three boys enrolled but at the present time we have seventy-two boys in residence. We came back in September to find many structural changes. The storage porch at the rear of the kitchen had been entirely rebuilt and a new classroom for the junior school installed over it. The study hall was enlarged and a new entrance to the school building added greatly to its beauty. Much planting had been done, particularly around the junior house. So far as the faculty was concerned, old and familiar faces greeted us with the exception of Father Labigan who had resigned to take up his new work at St. Paul's School, Concord. In his place was Mrs. Erma Swarhout who stayed at the school until February. When she resigned, Mr. Stackhouse took her place.

For two months the forth-coming Presidential election caused great excitement at the School. The two major parties had their representatives who campaigned most enthusiastically, and even the socialists had their innings. The Saturday before the election a political rally was held and the three party leaders made pleas for support. This was followed by voting, the results of which gave the Republicans a small majority.

Many new extra-curricular groups were organized during the year among which were the Glee Club and the Dramatic Club under the direction of Father Leeming. Through their efforts two very good evening programs were presented for the entertainment of the School. In March the Glee Club sang the morning service at Holy Innocents Church in Highland Falls and on the eighteenth of April the entire School sang Vespers at the Peekskill Military Academy. The air-plane club has had an active season building planes and having contests.

Several dances have been held, the girls of Scarborough School being our guests. We have also attended dances at that school. We are now looking forward to the Spring Prom and House Party to be held in May.

The Saturday Night Club events have been most varied. They have included a record concert with comments, stunt nights, game nights, plays, a political rally, declamation contests, and addresses by fine speakers. We had an address by the Hon. William R. Castle, former Ambassador to Japan and Under Secretary of State, and an excellent lecture by Ava Hamilton, the African explorer. Miss Hamilton showed some very fine movies which she had taken in Africa. Then we also had an address by Mr. Benjamin Frazier, war correspondent for "Yank".

Wesley Harrington, a praefect and a member of the senior class left early in the year to join the armed forces. Wes had charge of the junior house

(Continued on Page 28)

THE YEAR IN RETROSPECT

(Continued from Page 27)

and is very much missed by all of us. Mrs. Mary Campbell of Bordentown, New Jersey, an old friend of Father and Mrs. Leeming, is now in charge of the younger boys.

The public speaking night, organized by Mr. Keller, was most successful. It was held on the Saturday nearest Lincoln's birthday and it is hoped will be continued year after year in honor of the two great Presidents, Lincoln and Washington.

The announcement by Father Leeming that Father Feringa and Father Geerts would not return to Saint Peter's next year came as quite a shock. They have become so much a part of the School that we wonder just how we can get along without them. But what is our loss is Watkinson School's gain and we know Father Feringa will make a wonderful Headmaster and that Father Geerts will be an able assistant. Our good wishes go with them.

The traditional Boar's Head Dinner and Yule Log Festival was held the night before the Christmas recess and was enjoyed by all. Grant Pealer '44, who is now in the Navy was able to come back for this event and started another tradition. He joined in the Boar's Head procession.

Several boys were baptized on Easter Eve and a large group was confirmed by Bishop Campbell on Thursday, April 12th. These boys made their first communions the following Sunday.

The school show was held at the Hecksher Theater in New York on Saturday evening, April 28th. The proceeds will be used to help to pay for the rebuilding of the schoolhouse. The working drawings have already been made and we hope the work will start immediately after the close of school in June.

We are deeply indebted to the Hon. W. R. Castle of Washington for the gift of a great number of books for the library. Mr. Castle continues to send them to us and we are building up a splendid shelf on politics and world affairs.

The last great event of the season will be Commencement which is to be on June second. We cannot say we are eagerly looking forward to that day. It will mark a milestone in our lives but it will also mean leaving the School which means a great deal to us. This seventh year of the School has been a wonderful one. More boys have meant more problems but they have been handled successfully. We of the Senior Class know that the boys who are left behind will continue to uphold the Christian ideals and traditions for which Saint Peter's stands.

LAST WILL AND TESTAMENT

We, the class of '45, being mindful of the uncertainty of human life, and desiring to show in a tangible way our appreciation of certain persons hereinafter named who, by their thoughtfulness and kindness, have contributed to the happiness of our lives, do make this our Last Will and Testament as follows, viz:

FIRST: We direct our acting executor to pay all of our just debts as soon as possible.

SECOND: I, William Wickings give and bequeath my ability for passing out fines for clothing and other articles to Ellis Asplund, and may he profit from this thankless job. To 'Pete' McDowell I give back the milk order. It is a rather dull job since it is devoid of spirits. To Asplund I leave my Syntherette business. May he prosper in this and never accept anybody's 'buts', (mixing half sawdust stretches the tobacco and increases the profit). To Corso I leave my jewel striped yoyo.

THIRD: I, John Wilcox, bequeath to Van Zandt my love of women and my suave manner. To Polk I leave a single to center field. To Hunziker I leave my artistic sense.

FOURTH: I, John Lissner, bequeath my jazz records, especially my great favorite, "Mission to Moscow", to Ellis Asplund. My argumentative powers and political ideals I leave to Charlie Polk. My excessive amount of fat I leave to Hunziker.

FIFTH: I, James B. Olmstead, leave my voice to Hank Perez. To Corso I leave my ability to get along with people and to Henry Hubbard I leave my black book of Elmira chicks.

SIXTH: I, Jack Campaign, leave my love of baseball to McDowell and Asplund. To Asplund I also leave the sports section of the daily paper.

IN WITNESS WHEREOF, we have hereunto set our hand and seal this second day of June, in the year of our Lord, one thousand nine hundred and forty-five.

Next "Schwedes"

To "Mama"

Paul "CRUTCHES" de la Chesnaye

Robert
"weede"
"ndy"
"ndenm"

HOCKEY

Because of our having a larger school and also due to the fact that we had more ice this year, we were able to get together a good hockey team. The boys who made the team were Campaign, Wilcox, Corso, Schwader, Burnham, Anderson, Perez, de la Chesnaye, Polk, Diaz, Hubbard II, Stephens, and Incampo. Schwader was elected Captain.

All our hockey games were played away from home, two at Scarborough, and one at Hackley School. The first game was with Scarborough. Corso scored two goals for the "Saints" and at the end of the game the score was 2-2. However, it was agreed to play overtime, and Scarborough won, 4-2.

Our second game was played against the unbeaten Hackley team and we lost, the score being 4-0.

The third game was again played at Scarborough. All of our goals were made in the second period, one by Campaign and two by Schwader. Scarborough made one goal in the third period, but fought in vain, for the spirit of victory was too great on the side of the "Saints". The final score was 3-1.

We are deeply indebted to Father Geerts for the great help he gave us in clearing the rink of snow so many afternoons during the winter, and to Mrs. Leeming for a fine hockey banquet.

FOOTBALL

Although the team did not win any of the four games played, every member worked hard during the 1944 Football season. Those on the team were Harrington, (Captain), Wickings, McDowell, Schwader, Campaign, Wilcox, Olmstead, Drake, Polk, Burnham, and Incampo.

The first three games were played at home. Our first game was on October 23rd, against St. John's. We scored a touchdown in the first few minutes of the game, when a fumble was recovered by Harrington. On the next play the touchdown was registered. St. John's came back in the last three quarters of the game and won 19-6.

The second game was played with St. Joseph's on October 28th. St. Joseph's gained an early lead which they retained throughout the entire

(Continued on Page 35)

BASEBALL

Eight games have been scheduled for the season and at the time of writing the first game has been played and won 1-0. We played St. Joseph's at home. By far the largest group of recruits are on hand for practice every day and we are once again under the capable direction of our coach, Father Geerts. With such a fine beginning we look forward to a wonderful season.

Bill Morse
"The Worker"

BEAGLES

For the second successive year, the Beagles have been pretty generally under the care and supervision of the Junior Master. This year it has been Ellis Asplund and he has done excellent work. He has had as his able assistants a crew of six faithful boys.

The year started off with a kennel of five and a half couples, but by the end of the season it had diminished to three and a half. Hunts were held on every Sunday throughout the season weather permitting, and were quite successful. After the football season was over, several of the football team joined up with the beaglers.

There is a question as to whether or not it will be possible for the School to carry on with the beagles next year. Many of the former sponsors are in the services of our country and so it is not certain whether there will be enough people interested or able to take an active part. We at the School appreciate how much this sport has meant to us and we will be looking forward to the time when it can be again revived.

Best of luck, John
Richard Ardizzone

Top—DRAMATIC CLUB — Bottom—GLEE CLUB

FOOTBALL

(Continued from Page 31)

game. The final score was 44-20. Harrington and McDowell made the three goals with McDowell also drop-kicking for two extra points.

Following a tradition which has been established, Scarborough played us at St. Peter's on All Saints Day. The first score of the game was made by our Wes. Harrington, who again accounted for the score after the opposing team's fumble was recovered. The score at the half was 20-20. However, in the last half Scarborough made two touchdowns and stopped our team with a tighter defense. Besides Harrington, St. Peter's only scorer was McDowell. The final score was 32-20. After the game the Scarborough team stayed for chapel and dinner.

The "Saints'" last, and undoubtedly, best game of the season was played at Scarborough School. The game started with McDowell receiving the opening kick-off and running seventy yards for a touchdown. Scarborough tied the score and then Harrington caught Schwader's pass for a touchdown. At the half St. Peter's led, 12-6. Scarborough quickly jumped into the lead by scoring seven points in the opening minutes of the second half. Then de la Chesnaye caught a pass from McDowell and made a touchdown. The score was soon built up to 44-24. Wilcox made the last touchdown for St. Peter's when he received a pass from Schwader and went over the line. The final score was 44-30, in favor of Scarborough.

The Football team held its banquet at the Headmaster's house on November 18th, and McDowell was elected Captain for 1945. Football letters were given to the following: Harrington, McDowell, Schwader, Olmstead, Drake, Wilcox, Wickings, de la Chesnaye, and Hunziker. The team extended its thanks to Mr. Drake for his fine coaching and goes on record as wishing the team of 1945 all the luck in the world.

FACULTY

(Continued from Page 11)

a real place in the life of the School. He was formerly a master at Woodberry Forest School in Virginia. Mr. Stackhouse teaches French and Latin.

The Rev. Flint Kellogg joined the staff at the beginning of the Easter term and will be at the school next year. He was born in Pittsfield, Mass., and received his early education at Great Barrington. He took an Honor's degree in History at Bard College and his Master's degree in history at Harvard. He is a graduate of the General Theological Seminary. He comes to St. Peter's from the Church of St. Stephen and the Incarnation, Washington, D. C. Father Kellogg will teach History and Sacred Studies.

CLASS PROPHECY

(Continued from Page 17)

Paramount. What a great year we had. So many things happened. On Commencement Day ground was broken for the new schoolhouse and we feel we had a large part in making the building of the schoolhouse possible. We remembered how we hated to see Father Feringa and Father Geerts leave the School and wondered whether anybody would come along to take Mrs. Feringa's place and feed the White House boys. The School has gone a long way in the past ten years — the new chapel, the new dining hall, etc. We are glad we were and are a part of it all. But it is striking twelve and so we lift our glasses and propose a toast to the Class of '55.
