MANNING HOUSE

On Commencement Day this year it will be our great pleasure to have the White House dedicated in honor of our beloved bishop, the Right Reverend William T. Manning. From that day forward the building will be known as Manning House.

Our bishop has always been a great friend of the School and all of us love and admire him. We pray God's blessing on him always.

The Bishop has also consented to honor us by serving as Honorary President of our Board of Trustees.

We, the Graduating Class of 1946, dedicate this year's MITRE to Mr. Gustav Fleischmann for his constant loyalty and service to Saint Peter's School. Mr. Fleischmann has been the President of the Board of Trustees since the School was incorporated in 1939. He has fought for the School from its beginning. His son, Gustav III, was a charter member of Saint Peter's and so Mr. Fleischmann's interest has also been a personal one. He has made it a point to know every boy and each one has come to know him very well. Mr. Fleischmann is a familiar figure around the School for he has always given generously of his time when any one of the buildings has been under construction. The School has to a great extent prospered because of his assistance and guidance.

THE HEADMASTER

THE SACRISTANS

THE FACULTY

FACULTY

For the first time in the history of the School our Headmaster, Father Leeming was not on deck to open a term. From December 30th, to January 18th, he was ill at the Roosevelt Hospital. However, he was able to resume his duties about the first of February. During this year Father has been able to devote more time to the administrative work of the School. His only classes are those in Sacred Studies. Under his leadership a strong faculty has been drawn to the School.

The Rev. Charles Flint Kellogg came to St. Peter's last year at the beginning of the Easter term. He took an Honor's degree in History at Bard College and his Master's degree in History at Harvard. He is also a graduate of the General Theological Seminary. Father Kellogg teaches History, Biology, and Sacred Studies and is in charge of Keble House.

Mr. Walter Millard Drake received his early training at the Poughkeepsie High School. From there he went to Rensselaer Polytechnic Institute and Columbia University from which he has the degrees E. E. and M. A. Mr. Drake teaches Mathematics and Physics and is in charge of Seabury House.

Mr. William John came to the School after serving in the United States Army with the commission of First Lieutenant. He is a graduate of Loomis School and received his B. A. from Rutgers. Mr. John teaches English and Sacred Studies and is faculty advisor for the Dagnet. He also coaches dramatics. Mr. and Mrs. John have one daughter and they live in the White House.

Mrs. Anna McHugh Altz is the teacher for the Junior School. She is a graduate of Normal School and holds a New York State Teacher's certificate. Mrs. Altz lives in Croton and comes up to the School every day for classes.

Mr. Louis Kapaloric comes to the School with a wide experience of tutoring. For seventeen years he taught at Cheshire Academy. He is a graduate of New York University. He teaches French, Latin and Spanish in which he is ably assisted by his wife, Ethel Kapaloric. Mrs. Kapaloric is also Father Leeming's secretary. The Kapalorics have one son, Marc, who attends Hessian Hills School.

Mr. Myron G. Stevenson received his education at the University of Wisconsin. He is in charge of the boys in the Main House and teaches first and second form boys. Mr. Stevenson is also our coach.

Mr. Claude Tuthill, Director of Laboratories of the Peekskill Branch of Standard Brands, Incorporated, is a graduate of Port Jefferson High School. He was graduated from Hamilton College and has done further work at Pratt Institute and Columbia University. Mr. Tuthill teaches Chemistry. He holds the Bachelor of Arts degree.

Mr. Robert L. Weil is a graduate of the University of Illinois and has the Bachelor of Science degree. Because of the increasing number of boys taking Chemistry Mr. Weil, who is Supervising Chemist of the Peekskill Branch of Standard Brands Incorporated, is also teaching this subject.

Ellis Theodore Asplund

Entered September, 1942

Beagles '42—'45

Præfect '44—'46

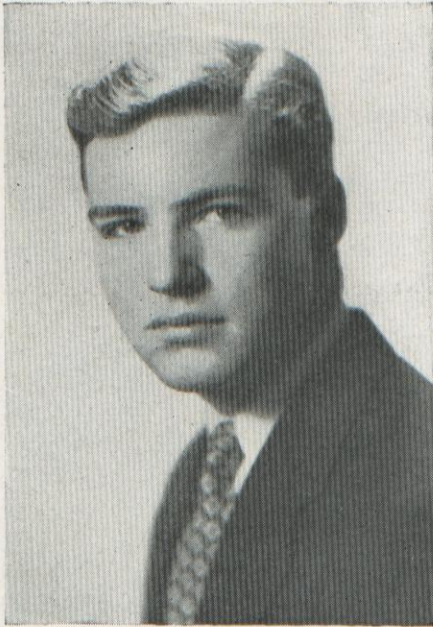

Art Club '44—'45

Ellis Asplund, our tall, dark, quiet senior præfect has been an active member of the School since his arrival in 1942. He came to us from the Cathedral Choir School. His excellent baritone voice is one which will never be forgotten by the Saint Peter's School family. This year Ellis has been the officiant at Evensong in the Chapel and he has done much to contribute to the reputation of our alma mater as a singing school.

Having been active as a beag'ler, he was chosen to be Master of the Hounds in 1944. He worked faithfully and well and exhibited traits of leadership which have stood him in good stead as senior præfect this year.

Up until a year ago Ellis paid but scant attention to the fair sex. But we always said, "Still water runs deep." From the number of letters which come to him in a feminine hand, we are now sure of it!

Ellis has not yet fully decided on his vocation but we know that certain of us here at the School hope in a certain direction. He is a good Churchman and he works at his religion. But whatever he does, we know he will do it well.

Richard Parmalee McDowell

Entered September, 1944

Glee Club '44—'46

Præfect '45—'46

"Mac", as he is known, has been the Red Grange of Saint Peter's ever since he first came here in 1944. No slouch at baseball either, Mac proved to be an excellent first baseman and catcher. All over the campus his name is associated with sports, the Marines, and the station wagon. Never failing to be around when others need help, he has been an invaluable asset to the School. There has never been any spare time for Pete for there has always been someone around asking him to do something. The wonderful thing about it is that he has never had to be sought out. He is friendly, good natured, and extremely popular. He is one fellow we never want to lose contact with as the years go by.

Henry Seely White Perez

Entered November, 1943

Choir '43—'46

Football '44—'45

Baseball '44—'46

Hockey '44—'46

Dramatics '44—'45

Dragnet '44—'46

Præfect '45—'46

"Laugh and the world laughs with you". Curly headed, vivacious, full of fun—this is "Hank" Perez. He is the kind of fellow who even laughs before breakfast.

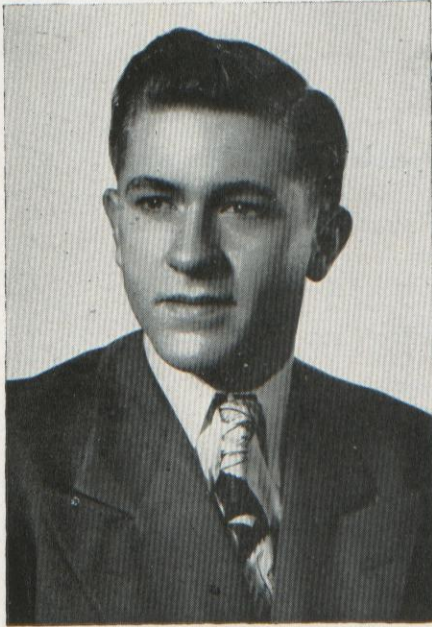

Hank's voice has added volume to the choir. For two years we have been expecting him to sing a solo and we are afraid he might do it before Commencement day.

Hank has been one of the School's leaders, both scholastically and in extra-curricular activities. The School could use a lot more like him.

He has been the præfect at Keble House and has done very well indeed. He has also been dining room præfect.

It would seem that Hank is medically inclined and hopes to follow in the footsteps of his father. We can see him with a swank office on Park Avenue with the fair sex flocking to him with imaginary ills!

So long, Hank, and good luck. You deserve it.

Henry Dwight Bliss

Entered September, 1943

Choir '43—'46

Dragnet '45—'46

Beagles '43—'44

Præfect '45—'46

Football '43—'45

Away back in 1943 and 1944 "Dutch" earned himself the title of construction engineer extraordinary. The next year, however, he left us to join the Merchant Marines. His experience helped to make him even more valuable when he came back to Saint Peter's last September. Ann was having a rather difficult time in the kitchen so he turned in and has helped her all through the year.

Dutch did a fine job as center on the football squad and this year he has also been business manager of the Dragnet.

This member of the graduating class of '46 professes to have marine architecture in mind and one often finds him talking to 'Pop' Drake about it.

Good sailing, Dutch—we know you will always be a credit to your School.

Herbert Jacob Schwader

Entered September, 1943

Choir '43—'46

Glee Club '44—'46

Baseball '43—'46

Football '43—'45

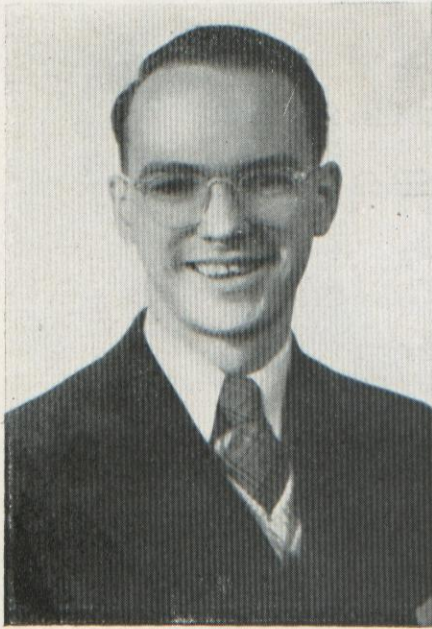

Hockey '44

Praefect '45—'46

"Herbie" was, is, and always will be an outstanding athlete and sportsman. Star quarterback of the gridiron, ace center on the hockey rink, and virtuoso of the pitcher's mound, he has been a leader in all sports activities at the School.

His prevalent good nature and firm authority has guided the infant Keble House through its second year.

Herbie caused us a lot of anxious concern when he was suddenly taken ill during the second term this year. After having had his appendix removed complications set in and for a while it was touch and go with him. However, he came through it in fine shape and was able to return to the School for the Spring term. He has lots of back-bone and we are sure he will be successful in whatever he undertakes to do.

Henry Seely White Hubbard

Entered September, 1942

Choir '42—'46

Beagles '43—'45

Glee Club '44—'46

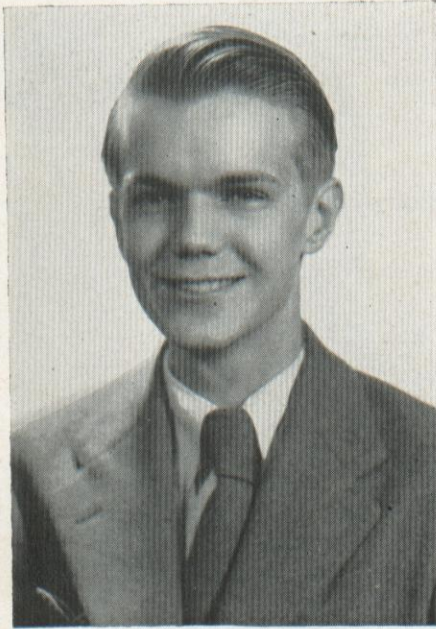

Præfect '45—'46

Football '45

Unobtrusive, quiet, and amiable, Henry was charged with the responsibility of the pantry and has done an exceptionally efficient job in keeping the place in order. Having been a beagler in past years "Hen" was not able to go out for football until this year but through hard work he became a letter man. He intends to join the Navy next fall preparatory to starting a trucking company.

Before coming to Saint Peer's, Henry was at Hoosac School and it is largely because of this that our two schools have been drawn so closely together.

Good luck to you, Hen, we are counting on you!

Charles Sumner Polk

Entered September, 1944

Football '44—'45

Hockey '45

Art '44—'45

Dramatics '45—'46

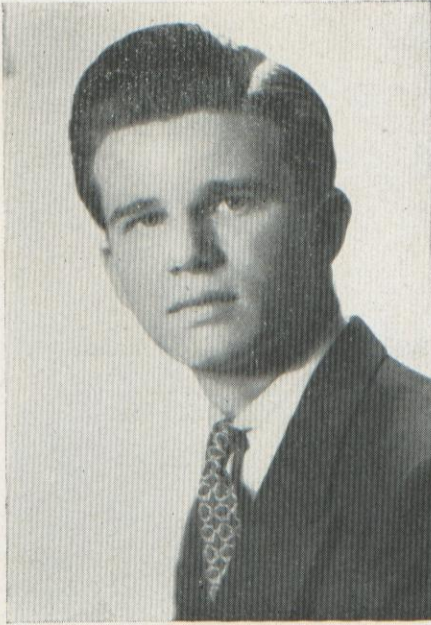

Draagnet '45—'46

Præfect '45—'46

"Polkie" followed his brother to Saint Peter's and has managed to get his finger into several pies. He showed praiseworthy ability as a member of the Art Class last year and as a member of the Draagnet staff this year.

Charlie aspires to be a journalist and later an author. He hopes to go to Columbia, which is the alma mater of several others of his family.

His efforts in the field of sports have been conscientious. We are assured of his success and we wish him all the luck in the world.

Alfred Rene Corso

Entered September, 1941

Choir '41—'46

Football '43—'45

Baseball '44—'46

Hockey '44—'46

Soccer '41

Dramatics '44—'45

Præfect '45—'46

In point of years in residence, Freddy is the oldest fellow in the class, for he has been at Saint Peter's for five years. Born in France he came to us via Canada where he was in school. He hopes to go on to McGill University in Canada where he will study chemical engineering.

Last fall Freddy was given the difficult task of junior school præfect. Having had two years experience working with small boys in camp he was patricularly well trained for his job.

This lad is always immaculate and has the reputation of being the sheik of the campus. His mail box is always very clean because it is used so much. Letters from the fair sex are numerous. We say to him, "Bonne chance, Rene."

William Wynant Van Zandt

Entered September, 1944

Choir '44—'46

Glee Club '44—'46

Dragnet '45—'46

Dutch looking, with Dutch ancestry, Bill has been at Saint Peter's for two years. His constant grin and terrible puns have brightened many a dull moment and his quick, unobtrusive condolences have tended to make his fellows' hardships easier. Bill always has a kind word to say at the time a fellow needs it most.

His excellent sports column in the Dragnet has been read with interest. His skilled paint job on Father Kellogg's car was one of the year's high lights.

Bill hopes to be a doctor and plans to go to Columbia for his preparation. His determination and willing cooperation should go a long way towards seeing him through. We all hate to say goodbye to such a fine fellow.

Eugene Dewees Traganza

Entered September, 1943

Choir '43—'46

Football '43—'45

Baseball '44—'46

Glee Club '45—'46

Hockey '45—'46

"Trixie", the plump boy from Pennsylvania, with his sparkling wit came to Saint Peter's in 1943. He went to the Germantown High School the following year but came back to us again this year. He is a keen sports enthusiast and has made good record on the field.

Trixie plans to be an ear, nose, and throat man in the future and hopes to go to the University of Pennsylvania for his training. He comes from a family of doctors.

He has sung bass in the Glee Club this year and past experience with the school shows has proven him to be a natural on the stage.

Success be to thee, O thou who trips the light fantastic so fantastically.

CLASS PROPHECY

The time is the year 1960 and the place Father Leeming's study. Father is surrounded by the members of the graduating class of '46, each one wearing his old school ring. The fellows have come back for a school reunion.

Over in one corner we find William W. Van Zandt, M. D., Henry S. W. Perez, M. D., and Eugene D. Traganza, M. D., discussing Trixie's revolutionary research work into oral surgery. Trixie is now associated with a leading hospital while Hank and Bill have built up comfortable practices for themselves in the suburbs.

Father has been trying to get to his desk for the past hour but he still waits while "Dutch" Bliss and "Hen" Hubbard lean across it going over a new development on a marine diesel engine and its mountings. With them is Freddy Corso, now an executive in the chemical engineering branch of a large petroleum industry.

Ellis Asplund and the Headmaster are deep in a discussion of music and Charlie Polk is trying to get a word in edgewise. He has heard Asplund is starting out on another concert tour and he wants to know more about it.

Herbie Schwader and Pete McDowell are discussing the "good old days" at St. Peter's and most of their conversation has to do with football. They have just reminded us that it was during our senior year we beat Scarborough twice.

Herbie has a fine sports shop in New York City and is doing very well. He looks fat and prosperous. He has just suggested that each one of us take out a five thousand dollar life insurance policy making the School the beneficiary. We wondered why Father had him in a corner a little while ago. Anyway, we think it is a good idea and we have decided to go ahead with it. It is to be announced in an hour or so at the Commencement exercises. What a difference in the size of the graduating class! We thought we had something when the ten of us were graduated in '46. Up to that year there had never

been more than six graduates at one time. Today thirty-two go out.

We spent the morning going around the place and looking at the many improvements since our day—the gymnasium, the large stone chapel with its peals of bells, the new dining hall, and the great addition to the schoolhouse. It's a great School, and we are proud to be among its graduates.

LAST WILL and TESTAMENT

We, the Class of '46, being mindful of the uncertainty of human life and desiring to show in a tangible way our appreciation of certain persons hereinafter named who, by their various attitudes have affected our lives at St. Peter's, do make this our Last Will and Testament as follows, viz:

FIRST: We direct that all debts, both those owed us and those which we owe be paid as soon as possible.

SECOND: I, Herbert Schwader leave to next year's baseball captain the St. Peter's baseball shirt to be handed down in turn.

THIRD: I, Eugene Traganza, leave to Edgar Johnson my quiet, unobtrusive manner.

FOURTH: I, William Van Zandt, leave my Scarborough connections to Woodward Phelps.

FIFTH: I, Henry Hubbard, leave my interest in diesel engines to Harry Robert.

SIXTH: I, Richard McDowell, leave my athletic ability to the "Camp fire girls"—you know who!

SEVENTH: I, Henry Perez, having received my voice from Jim Olmstead leave it to his brother, Brent.

EIGHTH: I, Dwight Bliss, leave my ability to do manual labor to Moise, and my spirit of cooperation to the new sixth form.

NINTH: I, Rene Corso, leave my suave manner to Wallace Pealer.

TENTH: I, Charles Polk, leave my wiggle to Richard Ardizone.

ELEVENTH: I, Ellis Asplund, leave my duties as senior praefect to a boy of courage, determination, and ability to stand the gaff. To Timothy Fales I leave my ability to sing, and to Walter Ryan my quietness.

THE PRAEFECTS

THE PRAEFECTS

At Saint Peter's a great deal of responsibility is given to the Praefects and much depends on the qualities of leadership found in the Senior Praefect. This year we have been most fortunate in having Ellis Asplund in this position. He has been in charge of the boys in the White House along with Mr. and Mrs. Terbush and one only needs to go through the house to see what a fine job he has done. Twice a day he has presided at the school assemblies and has always been most just in his dealings with the boys. Because of Father Leeming's illness he assumed other responsibilities including the handling of demerits. But aside from the usual duties of the Senior Praefect, Ellis has been the Officiant at Evensong most of the year. We are all most grateful to him for all he has done.

Schwader and Perez have been responsible for the boys at Keble House and Perez has also been dining room praefect. McDowell, quietly and efficiently has taken care of the Main House while Bliss has served as school-house praefect and has assisted Ann in the kitchen.

For a large part of the year Corso was praefect of the Junior School. He then moved down to Seabury House. Hubbard and Polk were at Pusey House and Hubbard also served as pantry praefect in charge of the dish washers. He did a great piece of work and we are grateful to him for it.

We would remind the boys of the School they should never forget that some day they may be praefects and they will get good results from the other fellows if they learn to cooperate now.

SOME OF OUR BABIES

THE YEAR IN RETROSPECT

We have come to the end of the eighth year at St. Peter's School and once again it has been a year of problems and opportunities. No two years in a School are ever alike and this one has seen many changes. Sixty-four boys have been in residence and each one has contributed something to the good of the School. Many of us have let opportunities for service pass by but our very failures have, we believe, made us stronger. When we arrived in September we found many changes. Father Leeming's study had been moved to the White House and his former quarters converted into a reading room and reference library. This has been of great value to all of us. The former secretary's office was completely rebuilt and turned out to be a table setter's pantry. The dish washer's pantry was redecorated and all of the shelves covered with black and white linoleum. The kitchen and storage porch were painted as were the ice boxes. The library had its face lifted and what a difference a coat of paint made. A new mirror had been installed over the fireplace and very good looking inlaid linoleum put on the floor. But by far the greatest improvement of all was the beginning of the new wing to the schoolhouse. This work had been started in July but had been held up for several weeks by the constant rains. However, it was well on the way and we were able to move into it early in February. The new study hall seats one hundred boys and is excellently lighted. Downstairs we have two new classrooms, a washroom, and a large laboratory. Already nearly \$1,000 has been spent for laboratory equipment. Those of us who live in the White House were greatly impressed with the work which had been done in the basement. Mr. Terbush supervised and indeed did most of this work. The entire lower floor had been painted. Many rooms in the house had been painted and we felt very much set up. We can honestly say that all of the fellows appreciated what had been done for them and they have shown their appreciation by taking better care of the buildings. In no year of the school's history has the schoolhouse been more orderly and clean. In the recess between the winter and spring terms Mr. Purdy, assisted by McDowell and Asplund put up partitions and divided the old study hall into two classrooms, so that we now have seven classrooms in addition to the laboratory. A further change in the schoolhouse was the converting of the old laboratory into the school book store.

Old boys will find some other changes when they come back, for the greenhouse has been taken down and one can now see the chapel from the Main House. The old garage next to the schoolhouse is also being demolished and the grounds around the schoolhouse planted.

The Glee Club has been quite active this year and is by far the best we have ever had. On Sunday, March 31st, they made the trip to Ossining where they sang a service at Trinity Church and made quite a hit. Their spring concert was a decided success as was the show they and several others

(Continued on Page Twenty-six)

THE YEAR IN RETROSPECT

(Continued from Page Twenty-five)

of the school put on in Ossining on Monday evening, May 20th. Because of the interest of this group it was again possible for us to take the entire school up to the Peekskill Military Academy to sing Evensong on a Sunday afternoon during the first term. The offering at that service was given to us for our Mothers' Chapel Fund.

Early in the year we heard a great deal about the Mothers' Chapel and on Thanksgiving Day Father Leeming had a meeting of parents at the school. At this time he told them of his plans for the building of a new chapel and asked each parent to be responsible for raising one hundred dollars. Already fifteen have done so and we are sure the others will do their part before this year's commencement is over.

Although we had no Thanksgiving holiday this year, we did have a grand time at the School. There was a corporate communion in the morning followed by breakfast. At twelve-thirty we sat down to tables which fairly groaned with the weight of the food—turkey and all the fixings! By two o'clock parents began to arrive. It was a warm day and the sun was shining brightly. For two or three days we had a great deal of rain and the football field was a sea of mud. However, this did not dampen the spirits of our team or those of our opponents from St. Joseph's. Parents organized a cheering section and we cheered our boys to victory. While we were getting ready for chapel Father Leeming met with the parents and then boys and parents, arm in arm, went up to the chapel. Although we were terribly crowded, it was a wonderful service. We then had supper together before going to the night club for a movie. Most parents left by ten o'clock and we went off to bed.

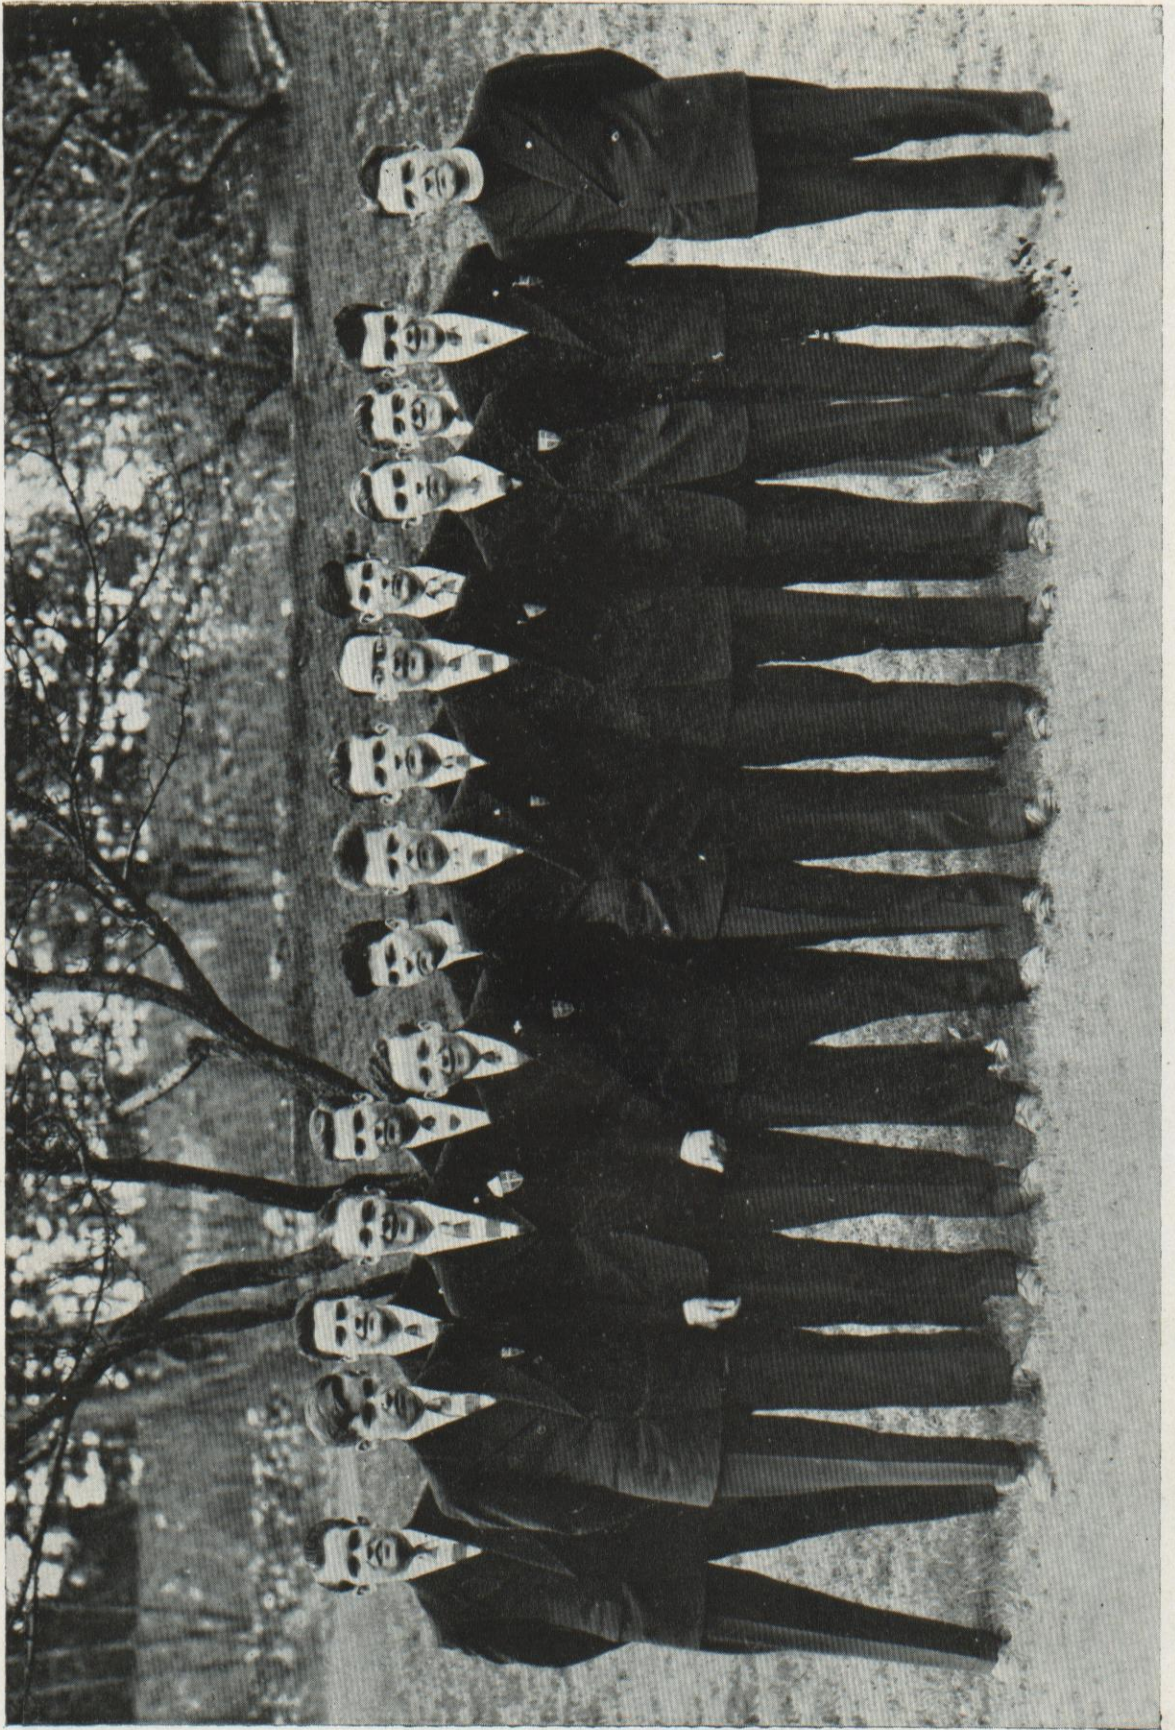

Bishop Campbell visited the School on Wednesday evening, April 17th, and confirmed eight boys. The Bishop is an old friend and we are always most happy to have him here with us. Those newly confirmed made their first communions on Easter Day.

Other events during the year included the annual Boar's Head Dinner and Yule Log Festival, a lecture by Ava Hamilton, several dances, the Spring house party, and the show at the Military Academy. This year several of the old graduates came back and took part in the Yule Log Festival. Wickings was Father Christmas and John Lissner the Dragon. This marks the beginning of another tradition and those of us who are to be graduated this year hope to come back as often as we can.

Now we are looking forward to Commencement Day. It will be a great day for us but a sad one as well. St. Peter's means a lot to us and we pray we may always be worthy to be called its sons.

Top—THE DRAMATICS CLUB — Bottom—DRAGNET STAFF

THE GLEE CLUB

THE GLEE CLUB

As one of the most important extra-curricular activities, the Glee Club has met every Saturday morning during this year. Fifteen boys started with us and we have the unique distinction of not having had to drop any one of them for any reason. We have made several public appearances, one of them being at Trinity Church, Ossining where we sang Evensong. Early in the spring term we sang for the Peekskill Rotary Club, Lions, Kiwanis. But by far the most important event was the Annual School Show which was held this year at the Peekskill Military Academy, for the Revue was in fact built around the Glee Club. For this occasion an additional chorus of twelve boys was added. Following the Peekskill Show we gave a second performance, this time at Trinity Parish House in Ossining. The Glee Club has been under the direction of Father Leeming and Ellis Asplund has been first soloist.

Top—FOOTBALL TEAM. Bottom—BASEBALL TEAM

FOOTBALL

The football season this year was one of the best in the School's history. With thirteen first string men to choose from, Mr. Stevenson, our new coach, instituted a new method of play using two teams instead of one. New plays and types of signal calling managed to baffle our opponents.

Our first game against Croton High School came after only a few days of practice. Being up against a larger, heavier and more experienced team we lost 20-7. One lone touch-down was the result of a pass by Schwader to McDowell.

The second game was probably our greatest victory as we stepped away out of our class to play Hendrick Hudson High School's second team. This school has about nine hundred students. In the first quarter we scored when Schwader passed to McDowell. Hendrick Hudson intercepted deep in our territory, however, to tie up the game. Perez put Saint Peter's in the lead when he carried the pig skin around the end in the third period and McDowell intercepted a pass and ran seventy yards to make the final tally. The game ended 20 - 6.

Our rivals from Scarborough School next fell under the weight of our team when McDowell scored three touch-downs and Diaz one to win the traditional All Saint's Day game 31 - 0. In a return game we again beat Scarborough to the tune of 32 - 0.

In a high scoring contest we lost to Saint John's 39 - 25, after a rather sloppy bit of playing on our part.

The final game of the season was on Thanksgiving Day when a large audience of parents witnessed the game. We beat St. Joseph's 32 - 13 on a muddy field—so muddy in fact that players were rendered unrecognizable after a few minutes of play.

Saint Peter's also turned out a Junior Varsity team which played two games, losing to St. Joseph's and beating Hendrick Hudson Juniors.

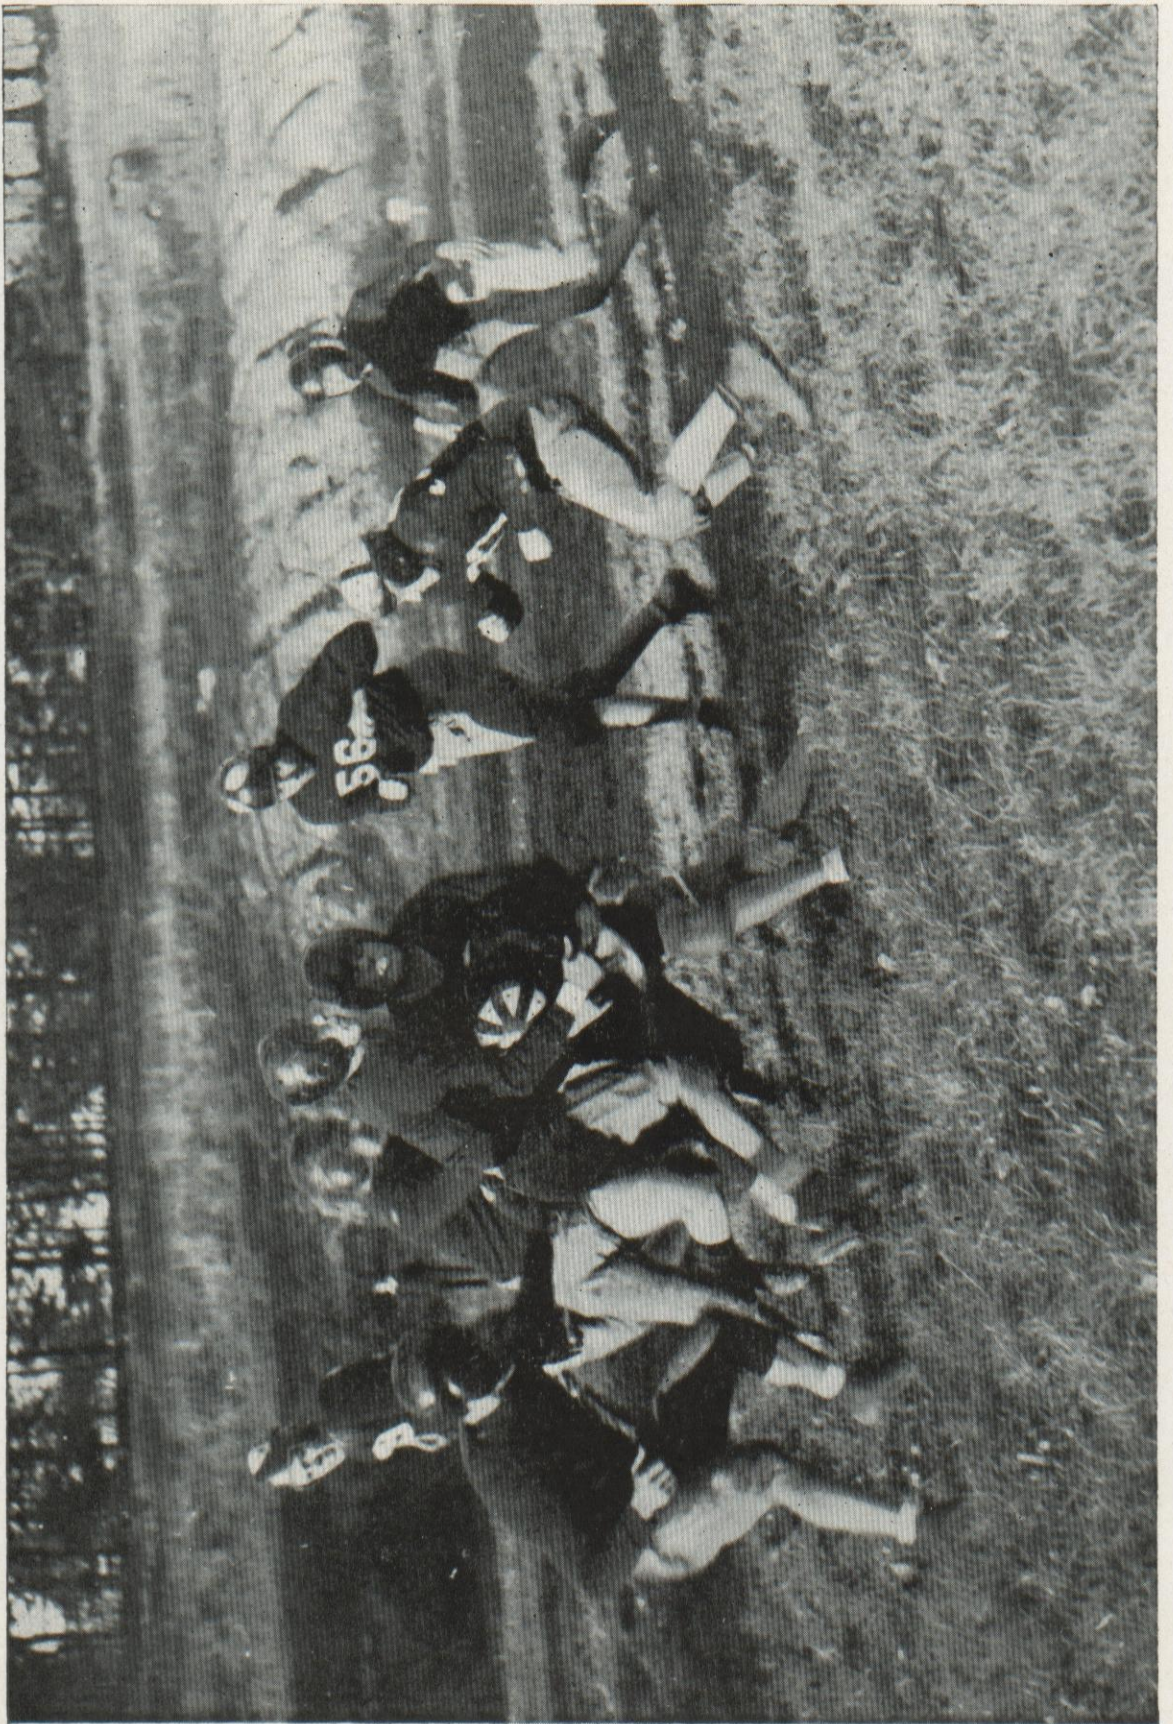

There was also a team of midgets, all Junior School boys. They played and defeated Hessian Hills School.

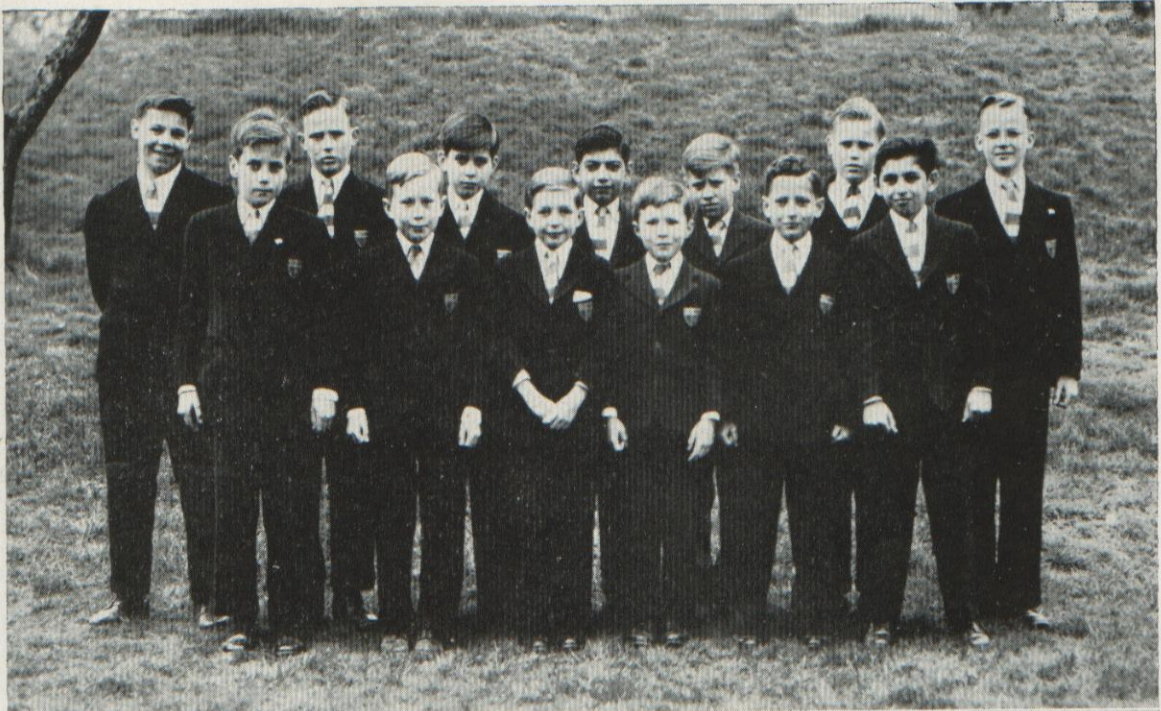

We are most grateful to Mr. Stevenson for his wonderful guidance and coaching. Under his direction Saint Peter's really came into its own this year.

BASEBALL

With the advent of the season for "America's favorite sport," baseball found its popularity again with by far the largest assemblage of "hopefuls" for the baseball team. Herb. Schwader, our captain for two years, has correlated his efforts with Mr. Stevenson and Mr. John to turn out a snappy organization. So far, three games have been played: The first was a victory against St. Joseph's, 6 - 0. The second was a heart breaker, lost to Irving, 5 - 2, and the third, was lost after a terrific struggle against Wooster School from Conn., 7 - 2.

So, with high hopes, the team and the school looks forward to a great season.
