MISS ANNE GILLEO

The Senior Class of 1950 proudly dedicates this year's Mitre to Miss ANNE GILLEO. Anne has been the school cook ever since it opened in 1938. She has been in the kitchen every day of every week for these twelve years. Anne has given as much variety to our meals as she could, and has added all those extra touches which have made the meals a success. She has done an ingenious job with the materials which were provided. She has always been accommodating to those boys who asked for a snack between regular eating periods. Only a fine person like Anne would devote so much time to making the life of the school more enjoyable.

Our sincere thanks go to you, Anne for the work you have done and our best wishes go to you, too, for the years to come.

THE REV. FRANK C. LEEMING

It is difficult to express all that a Headmaster such as Father Leeming can mean to his boys. He is not a rather awesome, unapproachable executive or figurehead. He is a rather personal friend, while a guiding force to the students. We all have had personal talks with Father Leeming and know the help he is able to give. We are certainly stronger and better men for our years under his direction and for our share in his friendship. We are truly grateful for all that you have done for each of us in the class of 1950, Father, and trust that St. Peter's will continue its steady advance under your dedicated leadership. Our school owes its being and growth to you, primarily, and we know its future can not help but be a steady advance in numbers, learning and spirituality.

THE FACULTY

Left to right:
Father Leeming, Mr. Locke, Mr. MacDowell, Father Densmore, Mr. Carter, Mr. McGay, Mr. Drake, Mr. Hanna.

THE FACULTY

F. — CULBERT C. MCGAY, B. A.

Mr. McGay attended Kent School in Connecticut, and later finished his schooling at Dartmouth. He has greatly assisted the school in the person of Senior Master, and shown himself to be a trained teacher in the field of science.

A. — WALTER M. DRAKE, E. E., M. A.

Mr. Darke started his training in mathematics at the Poughkeepsie High School and rounded out his education at Rensselaer Polytechnic Institute. He has always been an inspiration to the boys throughout the years, and an example for them to follow. He has shown himself worthy of all the praise given to him. All lower classmen are looking forward to future years of training under his competent direction.

C. — THE REV. WARREN I. DENSMORE, S.T.B., M.A.

Father Densmore was a student of the New York State College for Teachers at Albany. He later enrolled at Cornell University, and then went on to the General Theological Seminary in New York. He entered Saint Peter's wholeheartedly in 1948 as Chaplain and teacher of the lower school.

Father has always given us a helping hand in the many difficult situations that have arisen throughout the year, and has always been willing to give his time to boys for spiritual guidance. He gives praise where praise is due, and encouragement when it is needed.

U. — ROY W. HANNA, JR., A. B.

Mr. Hanna started his training in Kent School, and then proceeded on to Trinity College. He has been at Saint Peter's School for three years, and has done a marvelous job in preparing his boys for their future years in college. Mr. Hanna is our professor in English and Latin, and he has spent many afternoons outside of class hours on the gridiron as ass't. coach. He has often been referred to by his students as a real "square shooter."

L. — JOHN F. LOCKE, A. B.

Last fall, in early September, the faculty was joined by Mr. Locke, who has taught French, Spanish, and Latin. He looks back upon his Alma Mater as Tufts College, and has attended the Summer School of French at Middlebury College for several years. Surely his first year of teaching has been a good one.

T. — MR. RICHARD McDOWELL.

Mr. "Mac" attended New York University after his graduation from Stuyvesant High School. After joining the Navy, he was sent to M.I.T., and taught Navigation and flying. He was discharged, and returned to N. Y. U to teach Economics, Transportation, and Foreign Trade. Boston University was next on his list, where he continued to teach these same subjects. Now a master at school, Mr. "Mac" teaches History, Economics, Sociology and Current Events. He has accomplished many things for the school in the position of Athletic Director, and is always on hand for consultation of any sort. In the evenings he may be found administering first aid and rub-downs in preparations for "the next day's game."

Y. — DOUGLAS A. CARTER, B. S.

Mr. Carter received his preliminary schooling at Hackley School, Tarrytown, New York, and finished it at Trinity College. He has taught French, Mathematics, and Science during his two years as a master at Saint Peter's. His work as coach of the Basketball and Football teams has brought out the best sportmanship in the fellows. We all have appreciated his comradeship and leadership, and wish him continued success in the future.

DOUGLAS A. CARTER, B. S.

Senior Class Advisor

Mr. Carter has been our class advisor since he came to Saint Peter's two years ago. "Doug," as he is affectionately called, is most noted for the hard tests he gives his unfortunate students, but his tales of college life rank a very close second. He has given much of his time to coaching the school teams, and has never begrudged the long hours he has spent explaining Algebra problems to his pupils. "Doug" deserves our warmest thanks for the assistance he has given us on many of our projects, which without his assistance would never have been completed. Mr. Carter will always retain a warm place in our hearts.

JAMES CRAWFORD SU-BROWN
"Su"

James Crawford Su-Brown was born December 28, 1932, in Nanking, China. His father, Dr. D. D. Su, was Professor of Economics at Nanking University, but when War came he found it necessary to flee and leave Jim in occupied China with some American friends, the family of the Rev. F. C. Brown. Jim was interned for three years, and following his release late in 1945, came to the United States. He has been living with his friends, the Gilmans, in New Jersey, for more than four years.

Su entered Saint Peter's in September, 1946. He played all sports for two years, until an injury prevented him from further participation. He has since filled many managerial posts, and has a berth on the Athletic Council.

Always an industrious student, Jim has maintained a scholastic average of which he can be proud. He is noted for his punctuality and good disposition.

Su plans to return to his native land as an engineer or missionary. The best wishes of the class shall go with him.

WILLIAM CHRISTY BRYAN, III
"Porky"

Entered—September, '48
Football V, VI
Basketball VI
Baseball V, VI
Inspector VI
Skiing V

It's hard to say where Christy comes from since he has lived in more than eighteen different places all over the United States. In 1948 though, Christy, having had a peripatetic education, decided to settled down at Saint Peter's.

Ever since Christy came to S. P. S. he has proved himself an asset on the athletic field as well as running the school movie projector, which has been a real job. He has played two seasons of baseball and football and one of basketball. He has also been one of the Inspectors this year in Manning House, doing a fine job.

Christy likes good historical novels and loves classical music. He doesn't plan to go to college next year, but is interested in the cotton industry and wishes to become apprenticed in a cotton firm in Memphis or Houston when he graduates. We know he will do well because of his stern interest in his chosen vocation. Good Luck, Christy!

KENNETH WARREN BUELL, JR.
"Ken"

Born in the Bronx and now living in Norwalk, our Senior Sacristan and Thurifer came to Saint Peter's in 1947. He fell right in with the group. That is one of his natural assets: a wonderful disposition and an easy, free nature.

While at Saint Peter's, Ken has sung for two years in the Glee Club and participated in putting out the Dragnet, and playing and managing football. For three years he has tended the Chapel as Sacristan.

In his studies Ken is constantly on the Honor Roll, a reward for the amount of studying that he does. His future deals with Antioch College in Ohio, and some branch of the Foreign Service.

Saint Peter's will miss Ken. He was one of her biggest gains, and now one of her biggest losses. Ken will always be welcomed and remembered for his smiling face and friendly attitude toward the world in general. Success is bound to be his.

GEORGE IRWIN BURNETT, JR.
"Smee" "Smiley"

A tall lanky boy who hails from Tucson, Arizona, arrived on the campus of S. P. S. on September 24, 1946.

"Smiley" quickly entered into the school's athletic program. A four-year man on the football team, "Smiley" was quickly recognized as a good tackle. He was on the Athletic Council last year and was elected President this year. He also served as Manager of the boxing team for two years. His other activities include one year each in the Glee Club and Aggies.

"Smiley" is Praefect of the Annex this year, and his room is a favorite meeting place for his beloved Senior Class. "Smiley" plans to go to the New York School of Applied Arts and Sciences to study Hotel Administration. Good luck, "Smiley," in whatever you do. We know you will succeed.

PAUL HOWARD BURR
"Rrub"

Paul entered the school in September 1948. Since then he has participated in many activities. Besides being Editor of the Dragnet, Paul is a member of the Glee Club, and charter member of the Octet. Paul is athletically minded too, playing football his first year, and basketball and baseball this year. Bad luck crossed his path in football, though, in the form of a broken ankle.

Paul plans to enter Trinity next year and study chemical engineering. He will make good, we are sure, for he has consistently maintained an honor roll average ever since his entrance.

"Rrub," as he is oftentimes called, spends most of his spare time at Cape Cod, even though he hails from Norwalk, Conn. This is explained by the fact that his favorite hobbies are sailing and fishing—and a game of ping pong on the side.

A popular guy, famous for his humor and tales of his select few females, Paul will be missed by us all.

Vice Pres. of Class III
Praefect [Schoolhouse] VI

GUSTAVE DUANE FERN
"Dewey"

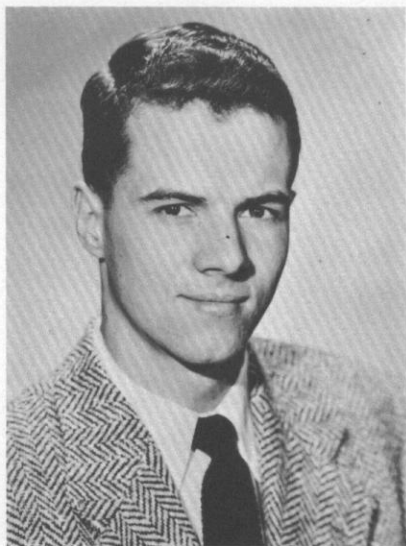

"Dewey" entered Saint Peter's in the fall of '46. He slid very easily into the social life of the school and has remained there throughout his four year stay.

He proved exceptionally able scholastically from the start, and through his attitude toward his studies, set an example for others to follow.

His athletic ability also proved him to be a great asset to the school. In football he showed himself a hard fighter with a sense of fair play. While boxing, he was a credit to himself as well as the school; and when baseball season started, one could always see "Dewey" out on the field ready to do his share.

He has plans for a future in aviation as a pilot. We all know you'll make the grade, "Dewey" and wish you the best of luck.

JOSEPH LINEHAN GREENWELL
 "Joe"

In the Fall of 1948, our class was "topped off" by six foot "Joe" Greenwell, who was drawn to St. Peter's from far away Cincinnati, Ohio. Because of some of Joe's escapades with his confreres of the "4 Dorm" it was a wonder that Manning House was still standing at the end of last year. He knows Peekskill best at night.

He took an active part in Varsity athletics in both his years here, sharing pitching honors on last year's undefeated baseball team. Both years he was an asset to the football squad. In his high school years he has earned four varsity letters in baseball and one in football.

Joe came back to school this year as Main House Praefect and has organized a regime which has kept the house running smoothly. His favorite pastime and most binding habit has been the composing of letters expressing his sentiments to a Cincinnati belle, dear Nancy.

With his ready smile and natural friendliness, Joe has been a great member of our class, and a valuable addition to the life of the school. He isn't sure at yet where he will continue his schooling, but we're sure it will lead to a great future.

WILLIAM ROBERTS GUION III
"Bill," "Gee"

Entered—Sept. 14, 1948
Football V, VI
Co-Captain VI
Baseball V, VI
Inspector (Manning) VI
Vice Pres. of Class VI
Skiing V, VI
Athletic Council VI
"300" Club

A two-year man here at Saint Peter's, Bill came to us from the tropical paradise of Bradenton, Florida. During his stay he has become Vice President of our class, Co-Captain of the football team, a member of this year's Athletic Council, and the Inspector of Manning House. He played an excellent game of football, proving to be a hard fighting guard. He also played a good game of baseball. Of his several girl friends, the one of which we hear most is Julie, who also hails from Bradenton. His personality, sense of humor, and quick wit has made him one of the more popular boys on the campus. We'll miss that famous laugh, easily heard echoing through the schoolhouse during the first period.

Bill plans to attend the University of North Carolina, and we're sure he'll succeed in whatever career he chooses.

Entered—September 1949

VI
School Organist VI
Inspector (Main House)
VI
Librarian VI
Dragnet VI
Mitre VI

JAMES DUNCAN INGLES
"Duke"

To the sixth form this year came a new member, Duncan Ingles. "Duke" hails from Auburn, Maine, where he previously graduated from Edward Little High School. After spending his first weeks in Manning House's Senior Dorm, "Duke" moved to Main House where he took over the tedious job of Inspector. As an Inspector Duncan has instilled in his little charges some of his own sense of fairness and has gained the whole-hearted respect of his subordinates. As a new boy Duncan has made an outstanding name for himself scholastically, but more important he is liked and respected by masters and fellow students alike. For most of the year we've seen his name at the Primus spot on the honor roll.

"Duke's" extra-curricular activities hover around his love for music. Most of his spare time is spent practicing diligently for his role of accompanist and organist. Much of the Glee Club's success this year has hinged on "Duke's" ability.

Next Fall "Duke" hopes to enter a College near his new home of Philadelphia, Pa. We are sure that whatever life profession he chooses his decision will be fine and most beneficial for all those who are recipients of his care and attention. Good luck, Duncan.

BERNARD MORRIS KEYT
"Kee"

It is from Piqua, Ohio, that Bernard Morris Keyt hails. He came to Saint Peter's in September, 1946, and promptly landed on the Honor Roll. Not only is he a scholar of ability, but he also takes part in nearly all the extra-curricular activities, such as the Glee Club, the Dagnet (Assistant Editor), and the Mitre (Editor). In the line of sports, "Kee," on the squad for four years, has been the backbone of the football team, this year doing a wonderful job of plugging the center. On the baseball team almost as long, he has earned a position in left field. He was a member of this year's basketball team.

Always known as a conscientious and determined worker, he is to be found in his Senior year getting a better average than ever. Despite his hard and consistent studying, he always finds time to follow his favorite cartoon, and to write to that certain best girl.

Morris will enter Hamilton College in Clinton, N. Y., this September. After he earns his Bachelor's degree, he plans to study Law at the University of Cincinnati, and practice in Piqua. We know he will distinguish himself in his chosen field, and wish him the best of luck.

Entered—January, 1947

ALAN POMEROY LEWIS
"Lou"

Foremost in the mind of "Al" Lewis, who has been filling a study hall desk at S. P. S. for the past third of this decade, is the fact that the U. S. Naval Academy cannot get along without him. He aspires to entrance upon graduation, pending the return of his naval entrance rating. His love for traveling has a great deal to do with this, for he has lived in Panama, Honolulu, several states, and Washington, D. C., his present stomping grounds.

His motto, "Activate or Deteriorate," is apparent in the lively part he has taken in athletics, music, journalism, and mischief, during his attendance at Saint Peter's.

When he leaves the school, he also leaves a clean kitchen, a mailbox blessed by the amorous scribbles of many a feminine admirer, and the memory of a good natured guy. We hope to see and hear a lot of you in the future "swab," and good luck in your career with the Navy.

MILES SHOUKLETOVICH
"Shou"

Entered—September 1944
Glee Club IV, VI
Football (varsity) V, VI
Co-Captain VI
Football J. J. V. I, II
Baseball Manager VI
Fencing IV, V
Athletic Council VI
Vice President VI
Class President IV, V, VI
Senior Praefect VI
Octet VI
Art Club II
Aggies III
Mitre VI

A six-year man at St. Peter's, "Shou" hails from the metropolis itself. Of his earlier life at St. Peter's, we know nothing, except that he was a Beagler during his first year of attendance. In his latter years he has proved himself in many fields: in athletics — Co-Captain of this year's football team, a member of the fencing team, and baseball Manager; in music — Glee Club, and bass member of the now famous Octet; he is also a good artist.

When "Shou" goes in for anything it is in a whole hearted manner — including love. With Jackie he is well occupied. He is also doing a grand job as Senior Praefect of the School and President of the senior class.

To sum it all up: he is conscientious, good looking, friendly, and well liked by everyone—Master and Student alike. Because of these excellent characteristics we are sure that he will go on to a successful and very happy life.

THE PRAEFECTS

"SHOU"
MAIN HOUSE

"SMILEY"
THE ANNEX

"JOE"
MANNING HOUSE

"DEWEY"
SCHOOL HOUSE

"PAUL"
STORE MGR.

Left to right around the table we have Bill Guion and Paul Knauff, Manning House Inspectors; Jim Brown of Seabury House; Father Leeming; Alan Louis who is responsible for the pantry; Morris Keyt, Annex Inspector; Christy Bryan who holds forth in the back wing of Manning House; and Andre Rebeil, dining room inspector.

THE INSPECTORS

The inspectors are chosen by Father Leeming to assist the Praefects in their duties. They are responsible for seeing that the houses are kept neat and for seeing the boy's jobs are done well. They also take charge of the houses whenever the Praefects are absent. Their's is a tedious job which requires much time and energy, as they are kept constantly busy by the problems which arise in the houses during the school year. They also pitch in and do some of this work whenever and wherever necessary. The inspectors also take charge of all school supplies and equipment. They have done a fine job this year and are to be commended for their great loyalty to the school.

THE PRAEFECTS .

The Praefects of the school are chosen on their merits of loyalty, sense of responsibility, and leadership. Their job is a difficult one and deserving of great credit. Under our system of student government lower classmen as well as seniors are given a chance to help the school along throughout the year. Our thanks go to Miles Shoukletovich, Joe Greenwell, George Burnett, Duane Fern, and Paul Burr for their work and the sense of understanding with which they have regarded the student body.

The Praefects extend their best wishes to next years class in hopes of a profitable and well organized year.

LAST WILL AND TESTAMENT

I, Miles Shoukletovich, being of sound mind and body, do hereby will and bequeath to next year's Senior Praefect my literature on child psychology and self-preservation. To Jacobs, I leave my love of singing, and to Fred Leighton, my sense of punctuality.

I, James Duncan Ingles, being on the verge of a mental breakdown, do hereby bequeath my job as Glee Club accompanist and School organist, plus my one-a-day vitamins, which he will need, to Russell Falvey, and my Main House Inspectorship to some unsuspecting Fifth Former.

I, William Christy "Porky" Bryan, being of doubtfully sound body and mind do hereby bequeath to Paul Knauff my ability to sleep through classes with open eyes, and to Andre Rebeil my frequent massages by Mr. McDowell.

I, Bernard Morris Keyt, being of sound mind and body, do will and bequeath my Basketball playing ability to Bill Brown, my exclusive wall-pounding rights during sixth period to Mr. Drake, and to Mr. Carter any and all rights to breakfast in bed during the coming year.

I, Alan Lewis, of questionable intelligence, do will and bequeath my bed in the Annex to some hard-shell Senior; my share of breakfast rolls to Freddy Moazed; and to Walter Gudel my ability to stay out of trouble.

I, Joe Greenwell, being of torn body and shattered mind, leave to any Fifth Former with never-ending patience the job of Main House Praefect. To Ed Jacobs I leave a White Plains telephone number, twenty-five cents, and all class A rights on the Ohio State Limited.

I, George Burnett, leave my patents on the "Eyebrow Jump" to Mr. Locke; my nickname, "Smiley," to Gunnar Schillen; to Mr. Hanna a quieter Senior Class; and to Mr. McGay my Aggie pin.

I, James Su-Brown, do hereby will and bequeath my ability to be late to Fred Leighton, hoping that he will not have to pass it on to any other unfortunate undergraduate; and to the boys of Seabury House I leave the 11:59 Club and John L.

I, Bill Guion, hereby bequeath my extreme innocence to John Wilkman, hoping he will not be quite as shy as I am, and I also bequeath my fiery ambition to succeed to Lawrence Stone.

To whom it may concern: I, Paul Burr, being of sound body and mind (no comment), hereby bequeath my dusty, forlorn mailbox to someone with a more extensive correspondence; my large stack of untapped Time magazines to Gunnar Schillen, and a grumpy early morning disposition to the class of '51.

I, Duane Fern, being sane (?), leave and assign to Bob Cooke the responsibility of upholding the eminent and peerless reputation of the immortal Washington delegation.

I, Kenneth W. Buell, Jr., being of sound mind do hereby bequeath my job as Sacristan to some early riser, my job as Thurifer to John Ham, and my athletic ability to "Peep" Harding.

THE SCHOOL STORE

The school store is ably managed by Praefect Paul Burr, and he is assisted by Paul Knauff and Bob Cooke.

The store sells candy, cigarettes, athletic equipment and a host of miscellaneous merchandise. The store also takes charge of selling books and supplies to the school. It is open during recess, and after the noon meal. Its profits are used in financing the Mitre.

We are grateful to Paul Burr and his assistants for the enterprise they have shown in introducing new commodities to the school.

SENIOR PERSONALITIES

	<i>Class Voted</i>	<i>Pet Peeve</i>	<i>Noted For</i>
James Su Brown	Philosopher	Seabury House	Lateness
Christy Bryan	Cotton King	Meatless Friday	Biggest Eater
George Burnett	Says most, thinks least	Shaving	Suds

Alan Lewis	The great lover	"Zero and out"	Bull sessions
Morris Keyt	Mr. D. A.	Nocturnal sonority	Dressing
Duncan Ingles	Most likely to succeed	siren and bells	Playing the organ
Ken Buell	Quiet one	canned peas	Neatness
Miles Shouklevitch	Most liked	Drew	Jackie
Bill Guion	Life of the party	Peckskill	"Julie"

CLASS REUNION

JUNE 15, 1965

All the "boys" (as we still call ourselves) were informed well in advance that this reunion was to be strictly stag, as some of us believed the presence of our better halves would put a damper on our activities.

The reunion, which took place on a weekend unmarred by adverse weather, was held in New York at the popular Hotel A_____, which is owned by one George Burnett, and is the leading hostelry of his recently established chain. G. B. has the esteemed position of head of this organization, which is superseding all its competitors.

First to arrive was William Guion, a reputable head salesman for a large men's clothing corporation. He has advanced himself by long hours of backbreaking toil over his order sheets.

T. Cp. L. Duane Fern, now attached to the Armed Services Command, Public Relations, in the Pentagon; Captain A. P. Lewis, Commander of the San Diego Submarine Base for Pacific Operations; and Kenneth W. Buell, our lately appointed Ambassador to Tibet (a very important post) arrived in a body soon afterwards from the Capitol. They were greeted by "Smee," "Gee," and "Pee" (Paul) Burr, who has attained the position of Associate Professor of Urology at Alaska State University.

These first arrivals adjourned to the Cocktail Lounge where they were soon joined by Miles Shoukletovich, now with the Oceanic Transportation Company aboard the newly commissioned liner "Columbia." "Shou" entered with James Su-Brown, assistant engineer of the Yangtze River Valley Irrigation Authority, who had arrived by Inter-Continental rocket an hour before.

Joseph Greenwell, assistant manager for one of our large steel companies, wired that he would be late for dinner because of an unexpected development in the price of fingernails in Utah.

In bounced freshman Senator Bernard Morris Keyt of Ohio, who was warmly congratulated upon his recent election. Senator Keyt's newly introduced bill for government price support of chicken feathers is now gathering steam on the Senate floor, and getting much opposition from Turkey.

Cotton merchant W. C. Bryan zipped over from the Stock Exchange in his new Nobulmatic atom auto. He was even more rotund than we had supposed. He had

CLASS REUNION

JUNE 15, 1965

picked up Fr. Duncan Ingles, curate-organist of the famous "Little Church in the Bowerie."

We all adjourned to dinner, and the gang was complete when Joe Greenwell arrived during the second course.

A congratulatory telegram from Fr. Frank C. Leeming, now Headmaster Emeritus of St. Peter's, was received. Rev. and Mrs. Leeming now reside in Bermuda.

After dinner we retired to the lounge for many a lusty song and tall tale. "Smee" told us how and where he recruited his hotel employees. Fern and Guion told how much their enjoyment in life had been multiplied since June, 1950. "Dunc" had many delightful characters to whom he introduced us vicariously. Of course Kenny, an amateur naturalist, told us about the bird he discovered and how he selected a name for it. Buellbirds are rare, and may become extinct if they are all killed.

"Shou" told us about the time his liner rose 200 feet out of the water when the magnetic dynamo when kaffloop. Lou reminisced about his days in the Hawaiian honor society from which he resigned after catching a prevalent undersea disease. "Porky" had something to say about diluting milk with water. Greenwell had many a story to tell about the steel business, but we had heard all of them quite a few years before. "Rrub" old of his interest in his profession. Su had some words to say on practical philosophy. "Kee" already famous as a bridge player and for his records set at the bar, elaborated on his newest venture, shipping penguin eggs from Antarctica for use on the breakfast tables of American homes.

The appearance of the class of '50 is rather striking. Mellowed by broadening travel, they are all fine dressers. Guion looks like a television producer with the fringe around his head. Greenwell, Fern, Shoukletovich, and Lewis are all in fine physical shape, while Keyt is noted for his strong jaw muscle. Buell is pompous-looking with his striped trousers, his mustache and goatee. George is larger as a result of practising his favorite pastime, "soaking up suds." The surprising thing about everyone's appearance is that no one looks as if he is working too hard.

After long hours of reminiscences, the boisterous group voted to adjourn. At 6:30 the party broke up, and all save one went peacefully off to bed, promising they would meet again in the distant future.

THE FIFTH FORM

(Top row) Richard Donahugh, John Grant, Garry Brundage, Bryant Cronkhite, Pat Kernan, Edward Jacobs, Gunnar Schillen.

(On the wall) Floyd Coddington, William Hinckley, Andre Rebeil, Russell Falvey, Grissom Haynes.

(Front row) Paul Knauff, Mr. Walter Drake (class advisor).

THE FOURTH FORM

(Left to right) Iradj Moazed, Theodore Neville, Cater Chamblee, Charles Smith, Lawrence Stone, Robert Cooke, John Wilkman, Mr. Roy Hanna (Class Advisor), Freydoun Moazed, and Philip Rincon.

THE THIRD FORM

(Top, left to right) Cyrus Moazed, William Brown, Frederick Leighton, Charles Leighton, Philip Eggers, Orest Blyznak, and Fr. Densmore (class advisor).

(Second row) Mason Smith, George Kuhhorn, and John Ham.

(First row) Albert Hodgkiss, Michael Leeming, Roger the Mascot, and Fook Wah Eng.

THE SECOND FORM

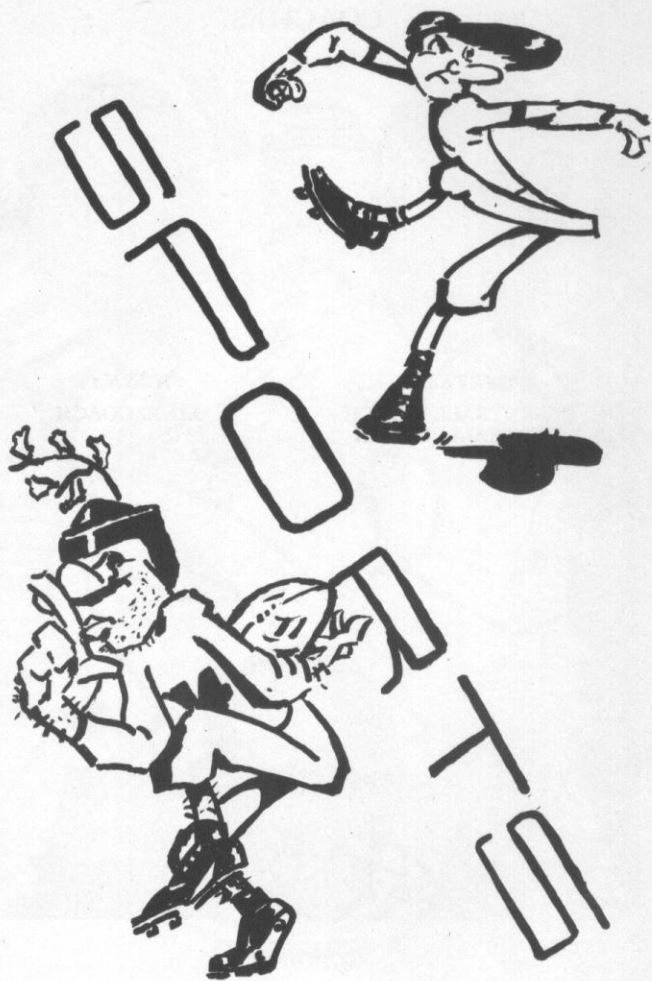

(Step by step) Richard Betancourt, Mr. Richard McDowell (Class Advisor), Donald Arnold, Herbert Bullock, Franklyn Markle, John Welsh, and Walter Gudel.

(Down the Wall) Otto Gudel, William Grapperhaus, and Roger Harding.

THE SACRISTANS

At St. Peter's any boy who is chosen to be a sacristan is highly honored. The three appointees this year were Kenneth Buell to represent the Senior Class, Paul Knauff and Freydoun Moazed, fifth and fourth form representatives. The Sacristans each serve for a week at a time. They are responsible to the clergy and Mrs. Stabb.

VARSITY FOOTBALL

Victories may be won despite the scores, as was proven by this year's team, for many moral victories were scored for the squad as well as for future football at Saint Peter's.

One of the hardest and longest jobs of a football coach, of any coach for that matter, is having to train an almost entirely new squad. That was the case this year, as only five lettermen returned.

Morris Keyt, a varsity man for four years, was at center. Bill Guion and Miles Shoukletovich were on hand at left and right guards respectively, and were sparks both offensively and defensively. The two tackle slots were filled ably by George Burnett, and Paul Knauff. Bill Brown and Joe Greenwell both proved themselves able pass receivers, and held down the end positions. In the backfield, Eddie Jacobs handled his formation very well at quarterback. Gary Brundage played left half, and Duane Fern was at fullback and Right Half. Al Lewis started at Left End, but was converted to fullback, where he remained most of the season.

The opening of the season saw a hard fighting St. eleven tie Storm King School, 19 to 19, in what proved to be one of the most exciting games of the season.

Many newcomers were added to the schedule, and usually the deciding factor was weight and manpower; both needed by the Saint Eleven.

Watkinson School suffered defeat issued by the "Cartermen" in another season thriller. Gary Brundage pounced on a loosely rolling football, and scored the only two points of the game, via a safety.

The highlight of the season was considered to be the Scarborough game played on their field. The Saints made it rough on their opponents, scoring 19 points against seven for Scarborough. Fern, Saint Halfback, scored twelve points with a running attack. An aerial, Jacobs to Brundage, was good for six more. Fullback Lewis and L. H. Rincon were major ground gainers. Most credit goes to lineplay, for never has a Saint line been so full of fight.

We were sorry to lose a potential halfback in Paul Burr, who broke his leg in pre-season scrimmages. Nevertheless, Paul was with us altogether on the sidelines.

Credit also goes to the replacements during the season, and especially to Dick Donahugh for a good job in the Hackley game; Christy Bryan for his ability as a defensive lineman; Lefty Leighton for his ability shown in the P. M. A. game; and Bob Cooke for his quarterbacking in the St. Luke's game.

From all players leaving the school this year goes our best wishes for a victorious season next year and in those to come.

VARSITY MINUTES (Possible 380)

Brown	(End)	161
Brundage	(Halfback)	353
Bryan	(Guard)	339
Burnett	(Tackle)	260
Fern	(Halfback)	357
Greenwell	(End)	300
Guion	(Guard)	203
Jacobs	(Quarterback)	306
Keyt	(Center)	374
Knauff	(Tackle)	317
Lewis	(Fullback)	330
Shoukletovich	(Guard)	350

BASKETBALL

(*Front row, left to right*) Cronkhite, C. Moazed, Cooke, F. Moazed, Rebeil, Burr.
 (*Second row*) Fern, Brundage, Feyt, Wilkman, Donahugh, Brown, Jacobs, manager.

BASKETBALL

Basketball had its debut at school this year, and a vigorous crew of sixteen boys went for it in a big way. Mr. Douglas Carter took the tiring job of coaching the team. A fourteen game schedule was secured, and the squad went ahead in the new gym.

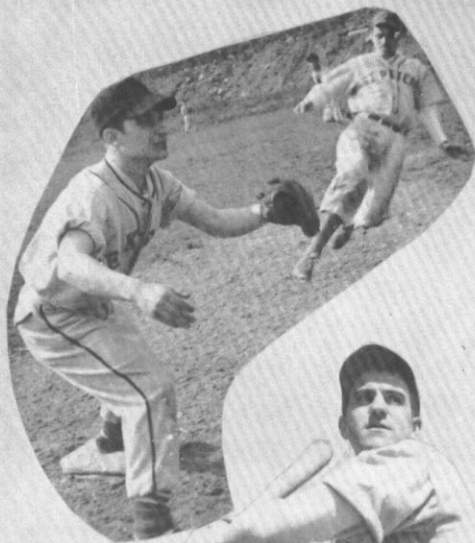

Because of its newness, at the school, a motion went before the Athletic Council that basketball should not be a major varsity sport this year. This motion was carried. However, basketball will become a varsity sport in the oncoming season.

The Highlight of the season was once again the Scarborough game, when a flashy Saint quintet took the floor against the opponents and handed them a defeat to cry about to the tune of 38 to 33.

The Winter term is usually the longest for the boys, and Basketball surely adds to the enjoyment of the school. We look forward to a top-notch season next year, and wish Mr. Carter and the varsity potentials the best of luck.

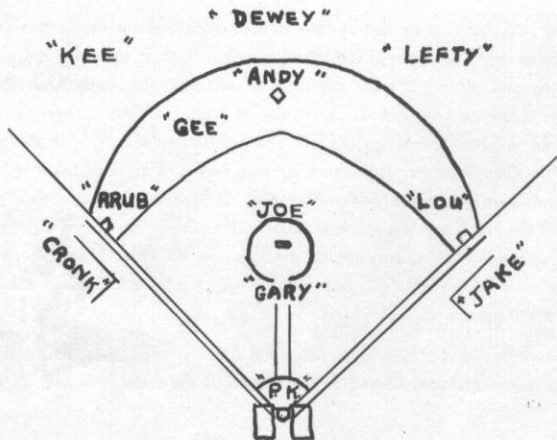

MAR MEN

THE VARSITY BASEBALL TEAM

(Seated, left to right) F. Leighton, P. Burr, D. Fern, A. Rebeil, P. Knauff, captain; A. Lewis, B. Guion, J. Greenwell, G. Brundage.
 (Second row) G. Haynes, manager; B. Brown, B. Cronkhite, J. Wilkman, Mr. MacDowell, coach; R. Cooke, M. Keyt, E. Jacobs, Miles Shoukletovich, manager.

VARSIITY BASEBALL

Boasting the return of only three lettermen from last year's squad, this year's team has started from scratch. Practice began the week before Spring vacation in the newly erected McFadden gym. After vacation the scrappy Saints moved their grueling sessions to the varsity diamond, where the job of breaking in a new infield was taken by captain Paul Knauff, and coach McDowell.

With a meager three days practice under their belts, the "Macmen" took the field against Hackley School, only to come up on the wrong end of the score, 10 to 2. The next two games were won by Kent and Haldane schools. Since then the green representatives of Saint Peter's school have won four consecutive games, and have proved themselves to be climbing the ladder of victory once again.

Three days after losing to Haldane, the varsity stormed the heights of Bear Mountain to wrench a victory from Storm King School 4 to 3.

Scarborough was next on the list for the up and coming "Macmen," and with the help of fine pitching by Garry Brundage, the Saints were able to rip Scarborough wide open, 6 to 0.

The squad has proved themselves to be a winning ball club, and on Saturday, May 6, won a third victory over P. M. A., 4 to 3.

Nothing more can be said so early in the season, but one fact is inevitable; a victorious squad is in the making. Al Lewis is back at his old stand at the initial bag, and turning in a fine job afield as well as at the plate. Andy Rebeil is at the Keystone bag, and doing equally as well. A fine pitcher has been discovered in Garry Brundage, and he and Bill Guion alternate at shortstop. When Joe Greenwell is not pitching, he may be found at third base. Otherwise Paul Burr very capably takes the spot. Paul Knauff, this year's captain is behind the plate, and is a spark of spirit to the club. Paul has a big responsibility on his shoulders, and does a fine job. In the field, Duane Fern and Fred Leighton play center and right respectively, while Morris Keyt, a varsity man for three years, fills in at left.

Prospects are very hopeful for the remainder of the season, and everyone thus far has contributed no end to the success of the team.

JUNIOR FOOTBALL

(*Front row, left to right*) Ham, M. Smith, Arnold, Charles Smith, Gudel, Hodgkiss, Welsh, Neville.

(*Second row*) Mr. MacDowell, coach, Grapperhaus, Leeming, Betancourt, Eggers, Markle, Cronkhite, manager.

JUNIOR BASKETBALL

(*Front row, left to right.*) Harding, Blyznak, Betancourt, Hodgkiss, Grapperhaus, Leeming.

(*Second row*) Eggers, Ham, Bullock, Kuhorn, Markle, Arnold.

JUNIOR BASEBALL

(*Front row*) Eggers, Welsh, Leeming, Hodgkiss, Bettancourt, O. Gudel, Harding, Grapperhaus, W. Gudel.

(*Second row*) Haynes, manager, Kuhorn, Bullock, Smith, Ham, Markle, Arnold, Blyznak

JUNIOR SPORTS

The second and third formers enjoyed an active 1949-1950 season at Saint Peter's. In fact, they played regular schedules in three major fields of interscholastic competition.

In football the squad played two intramural games which set off great bursts of enthusiasm among the upperclassmen who acted as coaches and officials. In outside competition they won from their old rival St. Lukes, but lost to Greer.

In basketball the small fry established an outstanding record by winning almost all of their games played. Victories over P. M. A., Haldane, and Hackley were particularly notable.

In Baseball, as this is being written, they are off to a great start having opened their season against P. M. A. with a handy 9-6 victory, and with five games remaining on their schedule, should get their share of wins and experience.

THE ATHLETIC COUNCIL

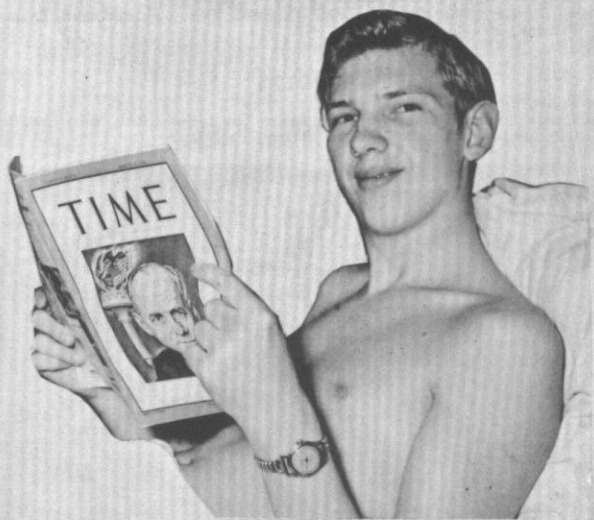

Presided over by Mr. Richard McDowell, director of athletics, the Athletic Council is made up of captains and managers of varsity teams and boys elected from the upper three forms of the School. Together they draw up the necessary requirements for the earning of varsity letters and work out the athletic policy of the School. On the Council this year we have George Burnett, Eddie Jacobs, Filipe Rincon, Garry Brundage, Miles Shoukletovich, James Su-Brown, Duane Fern, Paul Knauff, and Alan Lewis.

THE OCTET

Duncan Ingles, accompanist.

Douglas Carter, director, Bryant Cronkhite, Andre Rebeil, Bob Cooke, Miles Shoukletovich, Alan Lewis, Paul Knauff, Robert Baxter, Paul Burr.

THE GLEE CLUB

During the past few years here at St. Peter's, the Glee Club has been growing in strength and importance. Last year, in a sense, it came of age and in the course of the season sang before over 14,000 people. This year the Singing Peers have sung in thirty different places and have travelled far and wide to increase the influence of the School. The spring tour included concerts in Washington, D. C., Charleston, West Va., Cincinnati and Glendale, Ohio, and Pittsburgh, Pa. But the highlight of the season was the benefit Concert at Town Hall, New York City on Saturday evening, April 29. This was a great undertaking and was a success in every way. Not only did we have a large and enthusiastic audience but we also cleared \$2500.

It is our plan to limit outside engagements to one Sunday a month next year and then to take an extended tour in the Spring. Rumor has it that there is a possibility of a trip to Bermuda.

The School appreciates what the Glee Club has done in the past and we are proud of a musical organization which is tops!

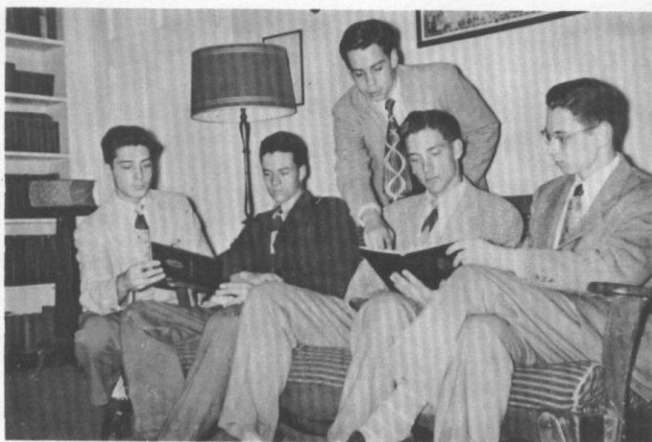

THE OCTET

Early last Fall, Mr. Carter and eight musically minded boys decided to form a new singing group with a large variety of numbers. Much of the Octet's repertoire may be heard ringing from the shower rooms in the afternoons, and has become very popular around the campus.

The main purpose of the Octet is to give the boys a chance to sing a new type of music, thus adding to their enjoyment, and giving a bit of variety to the Glee Club programs. Of course the big job for the group was getting ready for the Spring tour. By the time the tour of concerts arrived, a large group of faultless numbers had been prepared, the majority being college favorites taken from the Yale Song Book. Sea chanties and Negro spirituals were not popular with the public, along with a few softies such as "Graceful and Easy," "Mavourneen," and "Stars of the Summer Night." By the end of the trip, the group had won many admirers, and since then, many more.

Foremost in the minds of everyone was the Annual Benefit drive to raise funds for the school, and a few new numbers were added. Among these were: "By the Light of the Silvery Moon," and the widely accepted "Cocaine Bill and Morphine Sue."

The job of the Glee Club and Octet is finished for the year; a job done extremely well. Thanks go to Mr. Carter for his patience and effort in forming and developing the octet, and we know that with his help the organization will continue to grow in the years ahead.

SAR-26 TRAINING

Father Densmore has been our Chaplain for the last two years. He is well liked by the student body. His kindness and generosity have been an inspiration to all those he has counseled. We wish him luck in the years to come. The Seniors will not forget you, Father for you have shown many of us how to be better men.

THE REV. WARREN I. DENSMORE, *Chaplain*

THE YEAR IN RETROSPECT

The twelfth year of St. Peter's School opened with Evensong in the Chapel on September 21, 1949, with sixty fellows from twelve states and four foreign countries making up the student body. The football team had returned a week early to begin practice for the new season. Seniors arrived two days early and were able to help the new boys get settled. The Rev. William Kernan of the Church of St. James the Less, was the priest who conducted the faculty retreat on the weekend before the opening of school.

Mr. John Locke, a graduate of Tufts College, who is the new French and Spanish teacher on the faculty, was greeted by the school.

On Columbus Day the traditional form elections were held by the forms in various classrooms. The leadership of those elected has been proved throughout the year.

Over the weekend of October 22-23 a group of nineteen fathers gathered for the annual meeting of the Father's Association. On Saturday afternoon they witnessed an intramural football game, had coffee in the library, and attended Chapel with their sons. A sing-song and movie were enjoyed in the evening. After a corporate Communion on Sunday morning the fathers had a business meeting and elected Mr. Franklyn Markle as President, Mr. John Grant as Vice President, and Father Leeming, Secretary-Treasurer for the coming year. The Association has raised the funds for the gym's heating plant and floor, which were finished and ready for use in time for the beginning of the Basketball season.

A Thanksgiving holiday was greatly appreciated by the boys and lasted from November 23-27. Upon their return they began practice for the traditional Boar's Head Dinner and Yule Log Festival which were held the night before the Christmas holidays. Some new music was added this year, and the festival program was very beautiful in its color, music, and pageantry, all of which added up to an inspiring climax to the Fall Term at school.

The boys returned from the Christmas Holidays on January 5, full of renewed energy for the Winter term. On Saturday night, January 7, the hard fighting Football team earned its reward in a delicious banquet served at the Headmaster's house.

The first varsity Basketball game at St. Peter's was played in McFadden Gymnasium on January 11, thus making a twelve year dream come true.

THE YEAR IN RETROSPECT

The following Saturday evening, January 14, another new experience was granted twenty-seven happy St. Peterites when they traveled to Drew Seminary in Carmel, N. Y., for a dance at the invitation of the school's Dean. It proved to be a happy invitation.

Twenty-seven mothers spent the weekend of January 21-22 at the school with their sons, and founded the Mother's Association. They were present at the Basketball game in the afternoon after which they were entertained by Mrs. Leeming at the Headmaster's house. The boys put on a variety for the mothers in the evening. At the mothers Business Meeting, held after a corporate Communion and breakfast, on Sunday morning, Mrs. John Grant was elected President. The weekend began an important new chapter in the life of the school.

Shield Day was postponed two days this year because of unfavorable weather and was held on February 4. The Fifth and Sixth Forms battled for nearly three quarters of an hour in a grueling and exciting contest which was finally pronounced a tie. Both the '50 and '51 are on this year's shield.

From March 15-21, during the first week of the Spring Holiday the Glee Club went on tour, singing in Washington, D. C., Charleston, W. Va.; Cincinnati and Glendale, Ohio; and Pittsburgh, Pa. It was the most extensive tour the Singing Peers have made and was a great success. Some of the other important Glee Club engagements this year were their singing of the Sunday Services in the Church of the Heavenly Rest, N. Y. C., singing on the Martha Dean Christmas Program once again, appearing over Television for the second time, and, of course giving, the great Benefit Concert in Town Hall, N. Y. C.; on April 29.

The Rt. Rev. Horace W. Donegan came to the school on March 1, for Confirmation. Three boys and one of the masters were confirmed, after which the Bishop gave an inspiring address.

The year's last two great events occurred on June 9, when the Sixth Form sponsored its annual Senior Prom, and on Commencement Day, Saturday June 10.

This year of 1949-50 has been one of great advance for St. Peter's School. It has been one full of happy times, strong friendship and hard work. We are grateful to Father Leeming and each member of the faculty for their help and friendship.
