Dedication

In deep appreciation for the help he has given us throughout the year we, the graduating class of 1952, proudly dedicate *The Mitre* to our form advisor, Mr. Hickok. In addition to his guiding us and attending to his teaching duties, Mr. Hickok has also acted as accompanist for the Glee Club and Bishop's Men while doing a most constructive job in his post as school librarian.

As far as our class has been concerned, he has been constantly willing to support us in all of our undertakings, and each of us, at one time or another, has profited by his good advice, offered so generously. Although all of Mr. Hickok's contributions to life here at Saint Peter's are too numerous to mention, we consider it an honor, Sir, to dedicate our yearbook to you as a symbol of our sincere admiration and appreciation.

GEORGE HYATT HICKOK, '43

FATHER FRANK C. LEEMING

(Headmaster and Founder of Saint Peter's School)

The Headmaster determines the policy of this self-help school. The Senior Class working with and through the Student Council, backs him in all his projects and is largely responsible for the conduct of the student body. As is the hope of every outgoing Senior Class, we trust the record will show that we have lived upto our responsibilities. Further, we know that without the help and kindly understanding of Father Leeming our final effort would have been poor indeed.

DOUGLAS ARTHUR CARTER . . . Mr. Carter came to Saint Peter's in 1948 after graduating from Trinity College. Besides teaching Chemistry, Business Math, Business English, and Remedial Reading, Mr. Carter was coach of this year's successful basketball team. For the third year in succession, he was director of the "Bishop's Men," the school octet.

HENRY MANNING DEMAURIAC . . . After installing one of the hardest and most complete English courses in Saint Peter's history, Mr. deMauriac has given much of his time to helping out with sports, especially baseball. He came to Saint Peter's in 1950 with an A. B. from Yale. Later in the year he was appointed to the post of Disciplinary Master and has done an excellent job in that responsible office.

WALTER MILLARD DRAKE . . . Mr. Drake, who has an Electrical Engineering degree from R. P. I. and a Master of Arts from Columbia, came to Saint Peter's in 1939. Before this he had been owner of a steamship line. The courses he teaches include Physics, Intermediate and Advanced Algebra, Plain and Solid Geometry, and Trigonometry.

RICHARD MCDOWELL . . . Dean of the School, Mr. Mac has done a wonderful job since he came to us in 1946. He received his education at N.Y.U. and M. I. T. and was in the U. S. Naval Air Force before entering the publishing business. Mr. Mac teaches Economics, Sociology, American History, and Journalism, in addition to being Director of Athletics and the very active coach of our successful baseball teams.

GEORGE HYATT HICKOK . . . now in his second year at Saint Peter's, came to us in the fall of 1950 after graduating from Trinity College that spring with an A. B. degree. He was the first boy to enroll in the school, the first alumnus to come back as a teacher, and the first to become a member of the board of trustees. He is the organist, Glee Club accompanist, and librarian. He also teaches Latin, Geography, and History.

REV. EDWIN KANE PACKARD . . . In the fall of 1950, Father Packard came to Saint Peter's as the School Chaplain. He is also Rector of the parish in Montrose, N. Y. In 1937 he received his B. A. from Harvard and received his B. D. from the University of the South in 1941. He teaches General Science and most of the Junior School courses.

WILLIAM POMEROY RYAN . . . Mr. Ryan came to Saint Peter's in 1950 after graduating from Princeton with an A. B. He was called from college to serve in the Navy for two years. In his first year, here at school, he was appointed to the task of Job Master. Mr. Ryan teaches all the courses in French and Spanish in the Upper School.

GEORGE SIMONIAN . . . completing his first year at Saint Peter's, is a product of Trinity, where he received his B. S. in 1949, supplemented by an M. A. from Boston University in 1951. Mr. Simonian teaches Biology, Algebra and Arithmetic and coaches the J. J. teams in all sports. His sincerity and enthusiasm have made a warm place in our hearts for "Si."

Front row (left to right) Donald Burr, Earl Lundin, Robert Cooke, Raymond Borsari, and Roger Georgion.

Back row (left to right) Floyd Coddington, Richard Donahugh, Clifton Michael, Freydoun Moazed, and John Wilkman.

ACHIEVEMENTS

The Class of 1952 had seven of its ten members regularly on the *Honor Roll*. Nine of its ten members served on the football squad, and seven out of ten on the basketball and baseball squads respectively. Five seniors were veteran members of the Glee Club, and four sang with the Bishop's Men. Eight out of ten labored on *The Dragnet* board, and the whole class cooperated in the production of *The Mitre*. Thus it may be said that 1952 set the pace for a successful year.

RAYMOND CARL BORSARI

Ray Borsari has been a real credit to the form, particularly as an athlete. Last year's senior class also counted the Gothamite among its ranks, but this year he has been a hard working member of our class. Notorious for his escapades and the anguished cries he brought from the Terbushes, at Manning last year, he has done a swell job as Annex praefect this year; at times even serving as disciplinarian. In sports he has been a real fighter. In football Ray saw duty as line-bucker and fullback. He was the Saint's high scorer in basketball both this season and last. His taste for Patti Page and pegged pants sets the pace for Ray. His ventures have been numerous, his achievements many; his friendship valued among his fellows.

The school first found Don Burr among its ranks when last year's football practice began. He quickly won a place in the Saint forward wall, where he has since proved invaluable. Don entered the year after his brother's graduation, and the hefty gent didn't choose to rest on either his brother's laurels or thorns. He fitted in very quickly and was rewarded this year with the Main House inspectorship. Don's absence from the Glee Club and the Bishop's Men will be sorely felt. His happy-go-lucky ways hindered his scholastic efforts at first, but determination has put him consistently on the honor roll this year.

FLOYD LEONARD CODDINGTON

The only difficulty Floyd Coddington has found in Saint Peter's life has been trying to alibi for Ossining. "Flood" has had a little bit to do with just about everything — he played tailback on this season's football eleven, managed basketball and served as utility outfielder in baseball. He also sang in the Bishop's Men and the Glee Club, and established himself as host to all visiting females. "Flood" is one more easy going chap who sees his future in the priesthood. He will never find himself tongue-tied, but he may have to discard his endless repertoire of tall stories. We'll remember "Flood" most as one who has been a real friend to all of us and has done a great deal for the school.

As our senior praefect and form president, Bob Cooke has been tops. He has been a leader in every school activity and our success can be largely attributed to him. "Cookie" also wins easily the title of class comic. Bob has been able to make everything funny and worth doing. He has starred in all sports, serving this year as baseball captain and football co-captain. His has been the outstanding first tenor in both Saint Peter's singing groups. Bob has a fine scholastic record and will probably be heading toward Maryland next fall. No matter what college or occupation he chooses, success is certain for one who has been so generously endowed with intelligence, leadership, and geniality.

RICHARD SEARLE DONAHUGH

Dick Donahugh has played one of those important background roles as a member of our class. He is a carry-over from the days of senior classes gone by. He has kept us on our toes, and through his theories of "senior rule" helped us to assume the position of leadership a class must have to control a student body. He has done the traditionally thorough job as schoolhouse inspector, and improved a great deal scholastically. Dick was a guard in football the past two seasons, and shone particularly on the offense. Gripping has been Dick's trademark, and his aggressive ways may well prove their worth.

Roger Georgion held the reins in the revival of Keble House. Teaming with his cousin, Cliff Michael, he has done a grand job in "Siberia" this year. Rog entered school last fall, and was a quick success. His good-naturedness has made "Gren" one of the most popular seniors. His comical expressions belie his quick temper. Rog is extremely sports-minded, and won a first team post in all three sports. He has done a particularly good job in baseball. Rog has been on every honor roll since his entrance. He is planning on an engineering career. His popularity here is proof that Rog will have no trouble in later life.

EARL HUGO LUNDIN, JR.

Earl Lundin, strictly an individualist, came to us in the fall of 1950 fresh from the halls of White Plains High School. He too formed one quarter of the inseparable combo in Manning's junior dorm. Having what it takes to get along in this world, Earl soon worked his way onto the Honor Roll and through his love of sports and particularly his love of basketball, into the hearts of his fellow students. With his sights set on Michigan, Earl bids well to live up to the family tradition of success on that far-flung campus.

Cliff Michael is one of those really rare people who are plugging consistently. This lanky mid-westerner with the tell-tale dialect entered Saint Peter's as a fifth former. He formed one quarter of the inseparable combo in Manning's junior dorm, and was quickly labeled "C.E." Cliff has always been on the honor roll, and has seen extensive duty in the three major sports. The "sentimental gentleman" is equally famous for his successes on and off the dance floor. His taste for music has become notorious. Cliff is going to find a lot of fun in college, and, no doubt, a limitless career in his chosen profession of engineering.

FREYDOUN MOAZED

We do not hesitate in conferring upon Freydoun Moazed the title of class character. He arrived here from Iran four years ago, and has consistently made bedlam of serious situations. With his natural theatrical talent, and a weird Franco-Persian accent, Freddie's version of "Rosalie" has put a fitting end to his career at Saint Peter's. When content to stick to normal activities, Freddie has done exceptionally well. His address book is second only to "Captain Jawn's." Sports have been easy for him, and his basketball wiles can not easily be duplicated. Studies, which occasionally come last with this sleep-craving swami, have proved Fred a math whiz, and no doubt his future lies in technological lines.

John Wilkman is certainly the most respected senior. One finds it quite simple to praise this year's Main House praefect, who has participated and excelled in everything. Extremely sincere, hard-working, and generous, John had an unbeatable record. His average has always been among the top few. He has starred in every sport — as a superb all duty end; as our basketball captain and guard; and as a slugging and ball-hawking outfielder. He has sung in the Glee Club for the past three years, and his mellow baritone has benefitted the "Bishop's Men" for the last two. Despite his extreme moods, John has been an untiring donor of his time. The priesthood is John's goal and there will be a goal worthy of his striving.

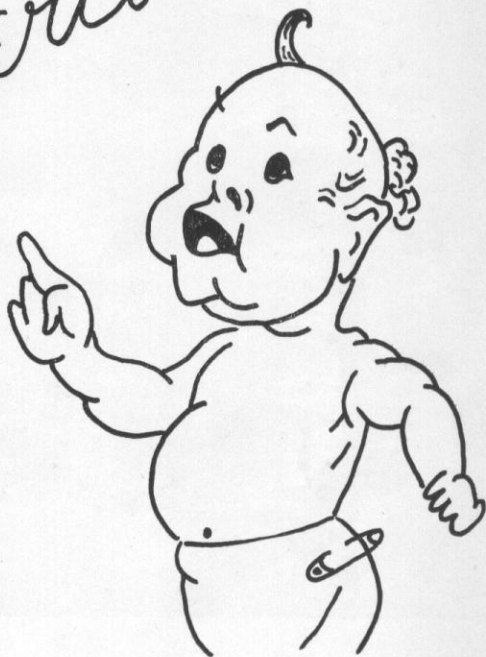

THE 1952 SCHOOL POLL

1952 — 1953 APPOINTMENTS

In accordance with tradition, the class of 1953 took over responsibility for student government on May 31. This affords the senior class an opportunity to concentrate on their final examinations and the activities of senior week. Further, it gives the incoming senior class a trial period in which to spread their wings and get the feel of command.

Praefects are chosen by a vote of the school, the senior class abstaining. The senior praefect is appointed from the elected group by the Headmaster, in consultation with the faculty. Inspectors are appointed in a like manner from the remaining class membership, with certain jobs going to members of the junior class. Thus far no inspectors have been chosen for the next school year. Sacristans are chosen by the Headmaster in consultation with the chaplain.

The appointments for next year are as follows:

Senior Praefect — CHARLES W. LEIGHTON

Rear (left to right) Dempsey, Wubbenhorst, Rivera, Sadeghian, Betancourt, Jacobs, Edelman.

THIRD FORM

The Third Form, the Class of 1955, came into being this year. It is small in numbers, but great in potential. Under the leadership of Mason Van Tassel, this group has made a good start, with the three of its five members on the Glee Club, and one hundred percent playing in J. J. sports.

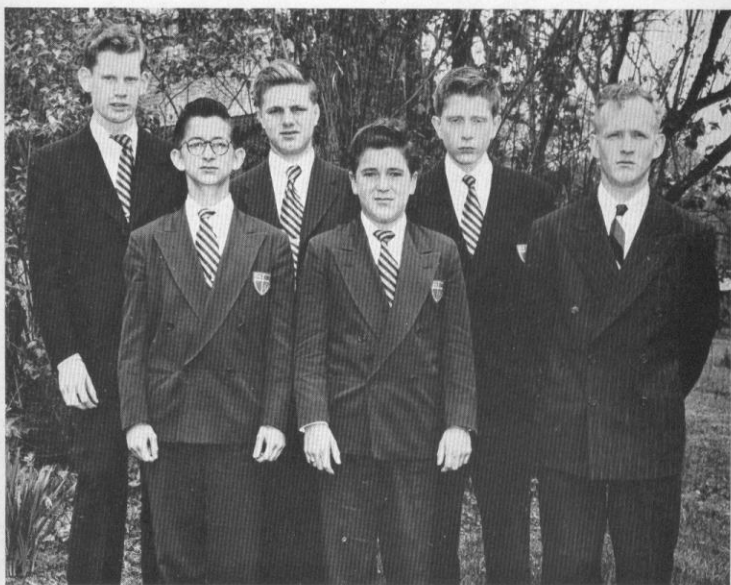

The scholastic record finds Van Tassel a consistent member of *The Honor Roll*, usually one of the top three, with the remainder of the group striving to break passing marks. With the coming of another school year, the Class of 1955 should come into its own.

FOURTH FORM

The Fourth Form, the Class of 1954, has been operating for the past two years under the able leadership of David Leeming. As a group it has steadily progressed numerically, as well as in its contribution to the life of the school.

Some of our leading athletes are to be found among its number, while scholastically the fourth form rates well up the scale, with three regular members of *The Honor Roll* to its credit. Further, seven fourth formers are active on the Glee Club, while four have sung with the Bishop's Men.

Theirs is a record to be proud of, one that should be augmented by increased activity as they draw nearer to their senior year, with all the responsibility that it entails.

CLASS OF 1955

CLASS OF 1956

THE SECOND FORM

The second form has gotten off to a very good start. Under the leadership of Nicholas Leeming they have participated in most the fields of school activity. As we go to press, two of the group — Martin and Moulder — lead the school in scholarship as *primus* and *secundus* respectively. Five of the eleven members have sung with the Glee Club and the entire membership of the class has participated in all three J. J. sports. Such a record bids well for the future.

VARSTY FOOTBALL

Back row; Michael, Simpson, Georgron, Smith, F. Moazed, Bratt, Schlett, M. Leeming, Hodgkiss, Young, Burr, Barutio, Rohe, Jacobs.

FOOTBALL

Although we won but two of the five scheduled games played, 1951 gave us a fairly successful football season from an S. P. S. point of view. After starting out with a winning scrimmage game against Irving 7-6, the team disappointed in its opening against Haldane.

HALDANE

A heavier and potentially more powerful Saint Peter's team lost to an alert well-coached ball club. The Saints outrushed the Cold Spring boys 11 first down to six, but that did not compensate for the final score of 38-0.

STORM KING

Saint Peter's met Storm King on its own varsity field and went down under a barrage of touchdowns by a team that was far older and more proficient in every field of play.

SAINT LUKE'S

The varsity won its first game of the year by whipping Saint Luke's of New Canaan, Conn. 19-13. Although behind in the first quarter, 7-0, the team came up with two touchdowns and an extra point in the second period, going on to win handily.

P. M. A.

The cadets of P. M. A. proved too much for the Saints as they went down 40-0. Although Saint Peter's outgained the soldiers through the air 113 to 18 yards in the first half, they were unable to gain overland, and succumbed to superior manpower in the second half when most of the scoring took place.

WATKINSON

On a field that resembled a melted hockey rink, S. P. S. sunk Watkinson 19-0. The weather held the Saints down, or it might have proved a rout. It was the best game of the season as we beat our ancient rival from the Nutmeg State.

THE J. V.'s

The J. V.'s played a limited season. They won from P. M. A. 7-0 and lost to a rugged Children's Village outfit, 7-6.

In the P. M. A. game the Junior Saints won in the fourth quarter after a bitterly fought duel. As for the Children's Village game, all the scoring was done in the first half, the Dobb's Ferry boys successfully staving off two Saint Peter's rallies in the closing minutes of the game.

J. J.'s

The J. J.'s won two handily. Against Hackley, the little Saints unlimbered their big guns to win, going away, 19-0.

Playing on a muddy, wind-swept field, the kids scored in every quarter to overcome a bigger and deeper Trinity-Pawling, 34-0. Mike Leeming and Ollie Hodgkiss were the outstanding carriers in backfield, while Ash, Low and Sprague paced the line.

VARSITY BASKETBALL

Front row (left to right) Georgiou, Schlett, F. Moazed, Captain Wilkman, Lundin, C. Moazed, Manager Coddington.
Back row (left to right) Asst. Manager Smith, Michael, Borsari, Cooke, Leighton, Barutio, Rohe, and Coach Carter.

BASKETBALL

The second year of basketball brought Saint Peter's a winning season all around. The varsity, a veteran team, came up with a fine 12 and 7 record; the J. V., another veteran aggregation, earned an 11 and 7 season, while the J. J.'s, with a lot of natural basketball aptitude, played through at an 11 to 5 pace.

On the varsity record were such highlights as the trouncing of P. M. A., Saint Luke's, and Scarborough — all traditional rivals, and an edging of Haldane that begins to loom more and more importantly on our athletic horizon.

John Wilkman captained the big five, and teamed with high-scorer, Ray Borsari at guard. Fourth former Fred Rohe handled the pivot in capable style. The forwards changed frequently, with Bob Cooke and Cy Moazed getting in the most time. The important thing was that the Saints had depth this year with Rog Georgion, Fred Moazed, Earl Lundin, Cliff Michael, Charlie Leighton and Bill Barutio ready to step in at any time.

The Crimson and Gold won two easy victories before the Christmas holidays, 56-35 over St. Christopher's, and 47-38 over Shrub Oak. The lay-off hurt, so that Mahopac gave the Saints a 42-20 drubbing. Our boys found the winning road again with a 34-33 squeeze over Incarnation and a shellacking of Scarborough 45-26. Storm King proved to be too much for us and our Saints fell before their onslaught 63-43.

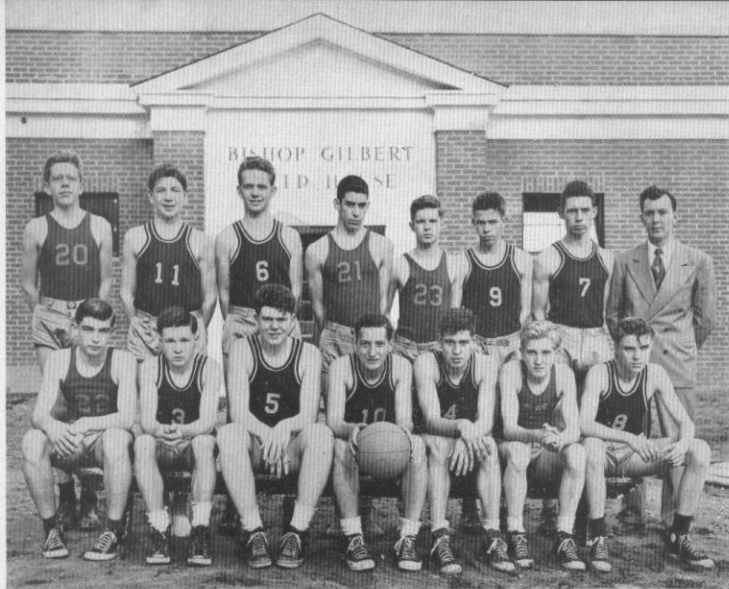

Then came one of the biggest wins of the season — a battle of strong defenses — with the Crimson and Gold edging Haldane 30-29. Irving followed and gave us our severest defeat of the season, 75-37, with Hackley following suit, 68-36. At this point the home boys snapped back to crush P.M.A. 60-46. Then Haldane and P. M. A. avenged themselves in return games on their own home courts.

After downing Saint Luke's, 58-45, the varsity five closed out its season with a 61-34 defeat of Scarborough. The Saints filled open dates with victories over the alumni and two of the leading Peekskill city league quintets.

While all this was going on, the J. V. was running up victories over such rivals as Shrub Oak, Trinity-Pawling, Haldane, Hackley, Irving, Storm King and P. M. A. for an outstanding season of their own.

The J. J.'s were not idle as their 11 and 5 season amply indicates. They too rolled up victories over such ancient rivals as Irving, Trinity-Pawling, Toddville and Van Cortlandtville, plus a host of other teams from the local junior league.

All in all, the second year of basketball proved to be quite a season on the Hilltop, and we can look forward toward 1952-1953 with confidence.

BASEBALL

Baseball is the principal activity on the Spring athletic program. This year fifty-three of the school's fifty-nine boys are engaged in some phase of the baseball program. They play regular interscholastic schedules in three different brackets — varsity, junior varsity, and jay-jays.

VARSITY

As this is being written, the varsity record stands eight won to three lost, with four games yet to be played, the most important of which is the annual contest with Hackley. In the win column is a double victory over P. M. A. and single successes thus far over Shrub Oak, Haldane, Irving, Mahopac, Storm King and Watkinson. The losses show defeats by Kent, Oakwood and Storm King.

All things being considered, it looks as though the varsity season will be the most successful since the days of Teddy William's undefeated team. Since many of the starters will return next year, including this year's first string battery of Schlett and Betancourt, prospects look good for 1953 providing we have the normal number of ballplayers among the new boys.

THE J. V.

The J. V. has done the best it could with a rather limited pitching staff. To date their record shows two victories and two defeats — a split with P. M. A., a win over Trinity-Pawling, and a loss to Van Cortlandtville, with three games yet to play.

THE J. J.'s

This year's J. J.'s are an entirely new outfit that has never played together, nor ever engaged in our brand of baseball. Under Mr. Simonian's tutelage they have come a long way since the opening of the season. So far the record credits them with two victories and one defeat — a double over P. M. A., coupled with a loss to Toddville. It may be that the lone defeat will be satisfactorily avenged, when the teams meet again to close the season.

AROUND

THE

CAMPUS

THE PRAEFECTS

The praefects are the most important factors in student government at Saint Peter's. They, with the remainder of the senior class, are responsible for the conduct of all assemblies, study halls and other student meetings. A praefect is assigned to each house, where he is responsible for the behavior of the boys in his house. This year's praefects are, *seated*, Robert Crane Cook, *senior praefect*; *standing, left to right*, Raymond C. Borsari, Annex; John Wilkman, Main; Roger Georgion, Keble.

Seated (left to right) N. Leeming, pres., second form, D. Leeming, pres., fourth form; Robert Cooke, senior praefect and Chairman of the Council.
Standing (left to right) Van Tassel, pres. third form; Jacobs, Borsari, Georgion, C. Moazed, Wilkman, Leighton, pres. fifth form.

THE STUDENT COUNCIL

The student council is completing its second year of existence. It was created and organized by Father Leeming to act as an intermediary group between the faculty and student body. The council is composed of the praefects, the presidents of the lower forms and one elected representative from the fifth and fourth forms, respectively. The senior praefect presides. They meet regularly each week independently of the faculty. At the end of these meetings Father Leeming is called in to comment on the decisions which the council has made.

THE SACRISTANS

Saint Peter's owes the organization of its religious services and the cleanliness of its chapel to the sacristans. There are three this year, representing the three upper forms. They alternate by the week, being responsible for the daily mass and all other services during their respective duty periods.

Senior Sacristan this year has been Floyd Coddington (*center*); fifth form, John Ham (*left*); fourth form, Walter Edelman (*right*).

THE INSPECTORS

Neatness and good living conditions throughout the school depends on the inspectors. There is one in each residence and one in charge of each general facility such as the schoolhouse, pantry, dining hall, and store. These upper classmen teach their charges not only the need for cleanliness, but the respect due its practical application through the self-help system.

ATHLETIC COUNCIL

Every member of the student body is a member of the Saint Peter's Athletic Association. The Council is the governing body of that organization.

Working in close cooperation with Mr. Mac, Athletic Director, the council is responsible for our interscholastic policy — determining the number of games to be played in each sport during the year, the schools we shall compete with, and the qualifications for earning athletic awards. It is also responsible for policing training rules and attitudes of sportsmanship on the field of play, as well as conducting the Crimson and Gold intramural program.

Membership on the council goes automatically to all varsity captains and managers. Class representatives, elected by the A. A. membership at large, account for the remaining positions.

GLEE CLUB

Front (left to right) Father Leeming, director, Jacobs, Van Tassel, Bogardus, Bendfelt, F. Moazed, Edelman, Mr. Carter, coach of the Bishop's Men.
Middle (left to right) Mr. Hickok, 43, accompanist, at the piano, Barnett, Betancourt, Coddington, Cooke, D. Leeming, McCain, Hill.
Rear (left to right) Rohe, Simpson, Smith, Burr, Perry, Young, Thompson, Wilkman, president, Ham, Leighton, Schlett.

THE SINGING PEERS

The Glee Club of 1951-52 has been truly successful. Again this year emphasis has been put on doing concerts as well as going out on Sundays to sing at churches. As the season draws to a close the Peers have completed fifteen engagements. It may be estimated that they have sung before 7,000 people. Probably one of the finest experiences the Glee Club members had was their Spring tour.

From March 12th to the 18th, the Glee club visited such places as Lancaster and Sharon, Pa., Cincinnati and Portsmouth, Ohio, Clarksburg, West Virginia, and finally Washington, D. C. At each of these cities they gave a concert. It was a wonderful experience and a memorable one. Besides the tour, the Peers gave concerts at four schools—one at Rosemary Hall in Greenwich, Conn, and others at Bedford-Rippowan School, Beacon High School and, of course, our old stand-by P. M. A. On Sundays the Glee Club visited such churches as Saint Andrews, Yonkers, Trinity Church, Ossining, Saint Mark's in Mount Kisco, and Saint James the Less in Scarsdale.

At the beginning of the 1951-52 season 40 boys tried out for the Glee Club. After many weeks of weeding and probation it was finally reduced to 28 boys. These boys came from twelve states and two foreign countries.

On the concert programs the Glee Club has sung a combination of religious and secular music. This contrast has brought wonderful results and has pleased our many audiences. In the religious group such favorites as *Thanks Be to Thee* by Handel, and Mozart's *Ave Verum* have been performed with great dignity. As for the Mass, the group is now doing the *Missa Regina Pacis* by Yon. The secular part included such numbers as the Dartmouth *Winter Song* by Bullard, for lightness, *The Vicar of Bray* composed by Bentock, together with such college pieces as *Lord Jefferey Amherst* arranged by J. S. Hamilton, and *Bright College Years* by Carl Wilhelm.

The year's effort found its climax in the Annual Concert and Dance, held at the Biltmore Hotel in New York City on the evening of April 25th. The School had the entire ballroom floor of the hotel, and an enthusiastic audience of about eight hundred people. Result, the Glee Club earned some \$1500 toward the Scholarship Fund.

The Glee Club has been under the able direction of Father Leeming and Mr. Carter. Again the familiar face of Mr. Hickok has appeared at the piano and organ as our accompanist. The outstanding soloists have been Mr. Douglas Carter, Don Burr, '52, Robert Cooke, '52, and Walter Edelman, '54. Officers of the organization are three seniors; John Wilkman, president, Don Burr, vice-president, and Floyd Coddington, secretary and treasurer.

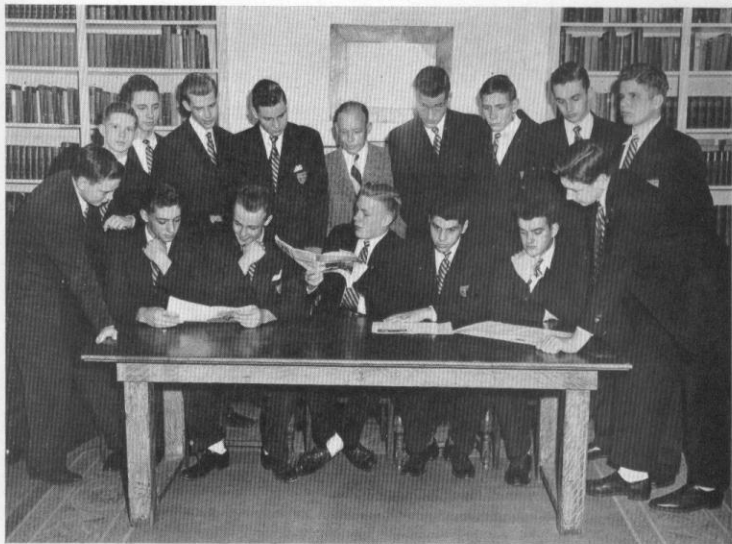

(left to right) Mr. Hickok, '43, *Accompanist*, Robert Cooke, Floyd Coddington, Walter Edelman, R. Betancourt, William Simpson, John Wilkman, Charles Leighton, Donald Burr, John Ham, Mr. Carter, *Director*.

THE BISHOP'S MEN

The Bishop's Men, formerly known as *The Octet*, has enjoyed its third successful year, traveling with the Glee Club and entertaining their many audiences around the country with catchy negro spirituals, college glees, and other popular American favorites.

Three members of the class of '52 returned from last year's group, including Bob Cooke, only charter member, on the tenor, and John Wilkman and Don Burr on the baritone. Another senior member, Floyd Coddington was welcomed into the tenor section. The rest of the group were new to this type of choral work. Edelman, Dick Betancourt, and Bill Simpson joining as second tenors, Charles Leighton and John Ham singing baritone and bass respectively.

Mr. Carter, director of the group, introduced an almost entirely new program to the boys this year, including *Ready When He Comes*, *Aura Lee*, and *Humble*. Bob Cooke, Walter Edelman, and Don Burr were the soloists. As in the past, much of our success this season was due to the piano accompaniment of Mr. Hickok.

Seated (left to right) Borsari, art; Cooke, features; Lundin, Editor-in-chief; Georgion, associate editor; Burr, music.

Standing (left to right) Jacobs, photographer; D. Leeming, ass't. sports; Ham, reporter; Schlett, reporter; Wilkman, alumni news; Mr. McDowell, advisor; Perry, news editor; Smith, reporter; Michael, business manager; Bratt, reporter; Young, reporter.

THE DRAGNET

The Dragnet is the monthly newspaper which covers the school beat during the academic year. It is largely the product of the class in Journalism, and offers them a field in which to gain practical experience.

As the current news organ of the whole school community, *The Dragnet* is important not only to the student body itself, but to their families and friends everywhere, as well as to the alumni, and to those many people throughout the country who have come to know Saint Peter's through its music and sports contacts with them.

THE YEAR IN RETROSPECT

The school year, 1951-1952, has been a memorable one. New traditions and customs, together with the old, have helped to mold the life and outlook of every Saint Peter's boy. New names, faces, and personalities have been introduced to campus life, as old ones, their laurels won, have passed on to higher educational fields.

School opened for the early birds of the football squad on September 17. This reunion of the top brass brought with it much discussion of the wild times of the summer months. Soon the rugged drills at calisthenics, and the tough scrimmages of the pre-game season centered attention on sore muscles, rather than aching hearts.

A practice game against Irving, which the varsity won 7-6, heralded the hostilities of the season. The real schedule got under way on October 7, when a stronger S. P. S. team lost to a faster and more determined Haldane club. A week later we were slaughtered by Storm King, who came up with their best team in years. It was not until the J.V.'s polished P. M. A. 7-0 and the J.J.'s repeated against Hackley by a similar score, that our football enthusiasts began to hold up their heads again.

Then it happened—the varsity surged back to down Saint Luke's 19-13 and closed its season in a sea of rain, sleet and mud, crushing Watkinson 19-0. Meanwhile the J.J.'s wound up with a 34-0 lacing of Trinity-Pawling.

All Saints Day saw the completion of another of Father Leeming's dreams, when the Bishop Gilbert Field House was dedicated. We were doubly honored to have Bishop Gilbert with us that day and to join with hundreds of the clergy, religious and laymen of the Diocese in acclaiming his great work.

While the athletes were pushing each other around on the gridiron, the choristers of the Glee Club were working harmoniously on their preliminary program. The club opened at Saint Peter's, Westchester, on October 28, and, with its sparklign little brother, The Bishop's Men, has sung to full houses and a tight schedule ever since.

The highlights of its season were of course The Boar's Head Dinner and Yule Log Festival, the Martha Deane Christmas program over W. O. R. the Spring Tour to Cincinnati and points west, and the Annual Concert and Dance at the Biltmore on April 25.

THE YEAR IN RETROSPECT

With the return from Christmas vacation, basketball came into its own. The varsity record turned out to be the best yet at 12 wins and 7 losses; the J. V. was not far behind with 11 and 7, while the J. J.'s closed with 11 and 5. In the course of the season, the basketeers downed such old rivals as Haldane, P. M. A., Scarborough and Saint Luke's—to name but a few.

Midterms stayed all extra-curricular activities for the week of February 4, but the scholastic record achieved was well worth the effort expended. The school average rose, the senior average approached a record 80, and seven of the ten sixth formers found their names on the Honor Roll.

March 12 found the Glee Club enroute west, and the rest of the school headed home for spring vacation. From the reports noised around the campus two weeks later, a good time was had by all.

With the coming of the spring rains, baseball opened with more than the usual enthusiasm. Of the fifty-eight boys in the school, fifty-three turned out for some phase of the diamond program. Thus far the season has been most successful, with a record of eight wins as against three losses, Haldane, Irving, Storm King and P. M. A. being among the victims.

Baseball ceased for a weekend while the school girded itself to put over the best concert and dance ever held by Saint Peter's. Those who attended Biltmore affair will attest to that appraisal; those who could not make it, missed a great party.

As this is being written, three events remain for the Class of 1952; Senior Prom, the all-important social event of the season; Senior Week which carries with it all of the joy and festivity established by custom, as well as all the sorrows of final exams and a parting of the ways; and then comes graduation, a senior's day of days.

Of these events you will read in our friendly neighbor, *The Dragnet*. In bowing out, the Class of 1952 can rightly say that its final school year has been one of the best in Saint Peter's history. In the fields of music and sports, it has been a happy year for all concerned; in the field of scholastic attainment, it has measured with the best.

And so — the Class of 1952 will not easily forget their trials and smiles, nor their friendly days together at S. P. S. And to those they leave behind—
“Many thanks for everything.”
