ST. PETER'S PREPARATORY SCHOOL

Peekskill, New York

# Dedication

The class of 1959 will never forget you. For twenty-one years you have been the mother to the Saint Peter's student. With four children of your own you have yet found time to treat every one of us as a son. Long will we remember the delightful Thursday dinners, the unselfish help on our Senior prom, the many ways, both tangible and intangible in which you have helped us during our years here at Saint Peter's.

Together with Father Leeming you have nourished an infant school into the mature Saint Peter's of today. For twenty-one years Saint Peter's has been your other son.

Now on our coming of age, our twenty-first birthday, we, the senior class, dedicate our yearbook and the accomplishments of the entire year to you, the Mother of Saint Peter's, Mrs. Margaret Reeder Leeming.

*I hope you  
 have a fine year  
 at. We hope to miss you  
 at. Boscebel. but it  
 will mean a much  
 fuller ice - box during  
 the summer. Come  
 back & find it  
 after Fri. - Frank*

## Headmaster

Twenty-one years ago the Rev. Frank C. Leeming founded Saint Peter's School with a little capital and a lot of faith. Under his guiding hand Saint Peter's has emerged from its infancy to one of the foremost schools in the country.

Father Leeming has always been so much more to the boys at Saint Peter's than just a headmaster. He has been a second father and friend to all. Whenever one feels the need he is always available to listen to one's problem and give his advice.

He is a man of inexhaustible energy. In addition to his administrative duties he finds time to do many other things. Throughout the past year he has spearheaded the bond drive to finance the new additions to the schoolhouse.

Father teaches the seniors in a two-part course embodying Western Civilization and Communism.

This course discusses the contrasts between Communism and Democracy and the means for combatting it. For this incalculable preparation for college and life the seniors are especially grateful to Father Leeming.

For the second year in succession Father Leeming has led his Singing Peers and Bishop's Men on a tour along the Eastern Seaboard to Florida. In addition to this tour these groups sang many engagements on weekends. These organizations are perhaps the most effective means of spreading the reputation of the school.

We of the class of 1959 are proved to be the twenty-first graduating class from Saint Peter's. Our most sincere thanks go to the dedicated educator who has made Saint Peter's the great institution of learning which it is.

## The Praefects

Each year the school meets in the chapel on Ascension Day for Mass and the Ceremony of Institution of the new praefects. These praefects who are elected by the student body, serve as its leaders throughout their Senior year.

The praefects are an intricate part of the school. The praefects in fact govern the student body. A praefect resides in each house. With the housemaster he is in charge of that dorm. The praefects conduct the assemblies and chapel lines. They serve on the Student Council. They are indeed responsible for the conduct of all the students at all times.

The Senior Praefect holds an especially important position. He is the President of the school. Appointed by the headmaster from the four elect-

ed praefects, he is the primary advisor to the headmaster.

Not every school has a system such as ours. In many schools the headmaster simply appoints the praefects. In other schools there are no praefects and the school is run entirely by the faculty. Only in fairly recent years have the students here at Saint Peter's elected their own praefect.

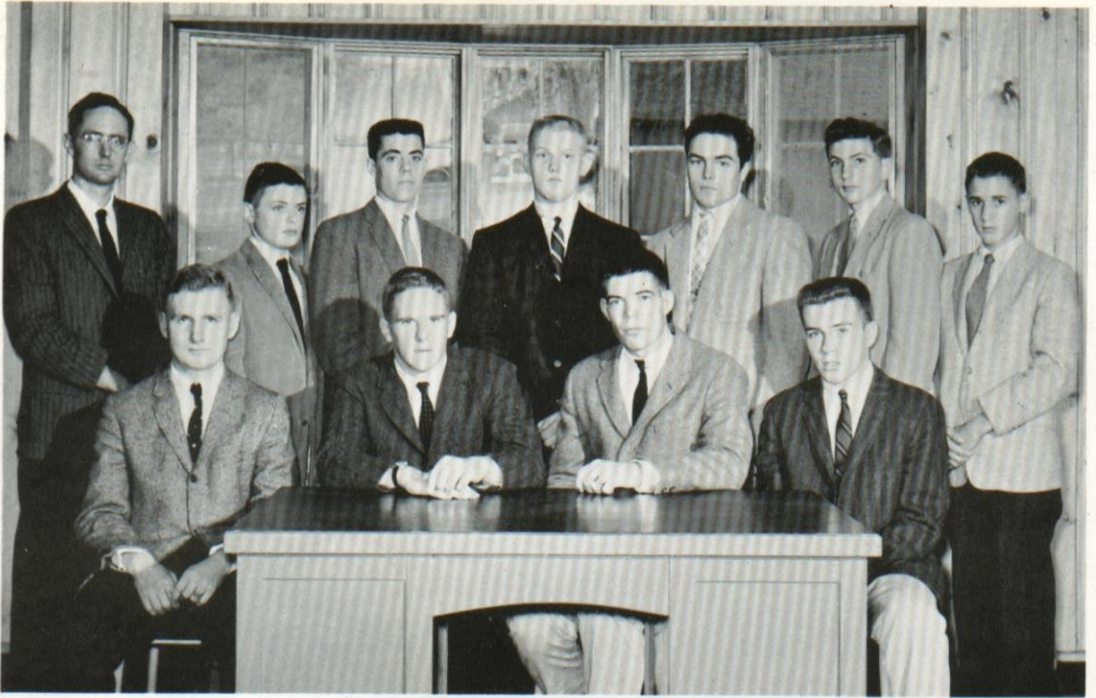

This past year the school was fortunate in having four capable and devoted praefects. They did much to nurture the perfect harmony which characterized one of the most successful years in the history of the school. They have done much to further the tradition of their office. They leave a record hard to equal.

## Student Council

Two years ago the Student Council was reorganized. A new Constitution was drafted for it. From its reorganization it has emerged as one of the strongest student governing organizations in any school.

The Student Council at Saint Peter's is a board of nine members presided over by the Senior Praefect. A faculty advisor is present at all meetings as a liason between the students and the administration.

Though the Council possesses necessary punitive powers in conjunction with the administration, its main function is of a preventive nature. It seeks to help boys stay out of trouble by both its recommendations and its counseling. To this end it formulates a code of conduct for the student body. In

addition it sets up the social calendar of the year and advises on the extra-curricular activities.

In the two years following the reorganization of the Student Council Mr. Ennis more than adequately served as its advisor. It is largely due to his guidance and understanding that the organization now holds its position of esteem. This year, as dictated by the Constitution, a new faculty advisor was elected. Mr. Adkins, who has become the successor of Mr. Ennis, has continued in the ideals formulated by his predecessor.

The Student Council has continued to gain in prestige as an organization which provides a voice for the student body and a liason between student and administration.

## The Singing Peers

*To a real swell  
guy. Good job  
in your future  
"Copie"*

This year some fifty-five boys tried out for the Glee Club. Because of transportation difficulties and other considerations it became necessary to reduce the number to thirty-two which it has remained for the rest of the school year.

Our first engagement was for the members of the Order of the Eastern Star in Yonkers. Then, in December we had four engagements — at St. Paul's Church in Yonkers, the Elks Club in Peekskill, for the Juniors at the Scarsdale Woman's Club, and the Beach Shopping Center in Peekskill.

In January we sang for Saint Peter's Guild of Saint Peter's Church in Peekskill and at the Church of the Resurrection and St. Thomas Church in New York City.

In March we were at Trinity Church in Os-

sining and at churches in Brooklyn, N. Y. and Paterson, N. J. On March 10 we left Peekskill for the tour. Starting with the first concert at Saint Mary's Hall in Burlington, N. J., we then went on to Washington, D. C. where we sang two concerts. The next stop was Waycross, Georgia, and then on to Tampa and Bradenton, Florida. Probably the most interesting thing we did was to sing for the three-day Mission at the Church of the Redeemer in Sarasota. Following the Mission we sang a concert at the Civic Auditorium there. The final stop was Atlanta, Georgia after which we went home, arriving in New York March 20.

All in all it has been a good season and a very busy one. Those of us who have had the privilege of being in the Glee Club have enjoyed it.

Boys -  
 Lot's of luck  
 in college. It's been great  
 knowing you and come back to  
 see us often. Greg

## The Bishop's Men

Twelve members of the Glee Club are chosen every year to sing in a special group called the Bishop's Men. This group is more or less responsible for the lighter and more humorous numbers which are done on our concert program. Theirs is a particularly rough job since they not only rehearse on Thursday night with the entire Glee Club but have their own rehearsal every Monday night during the school year.

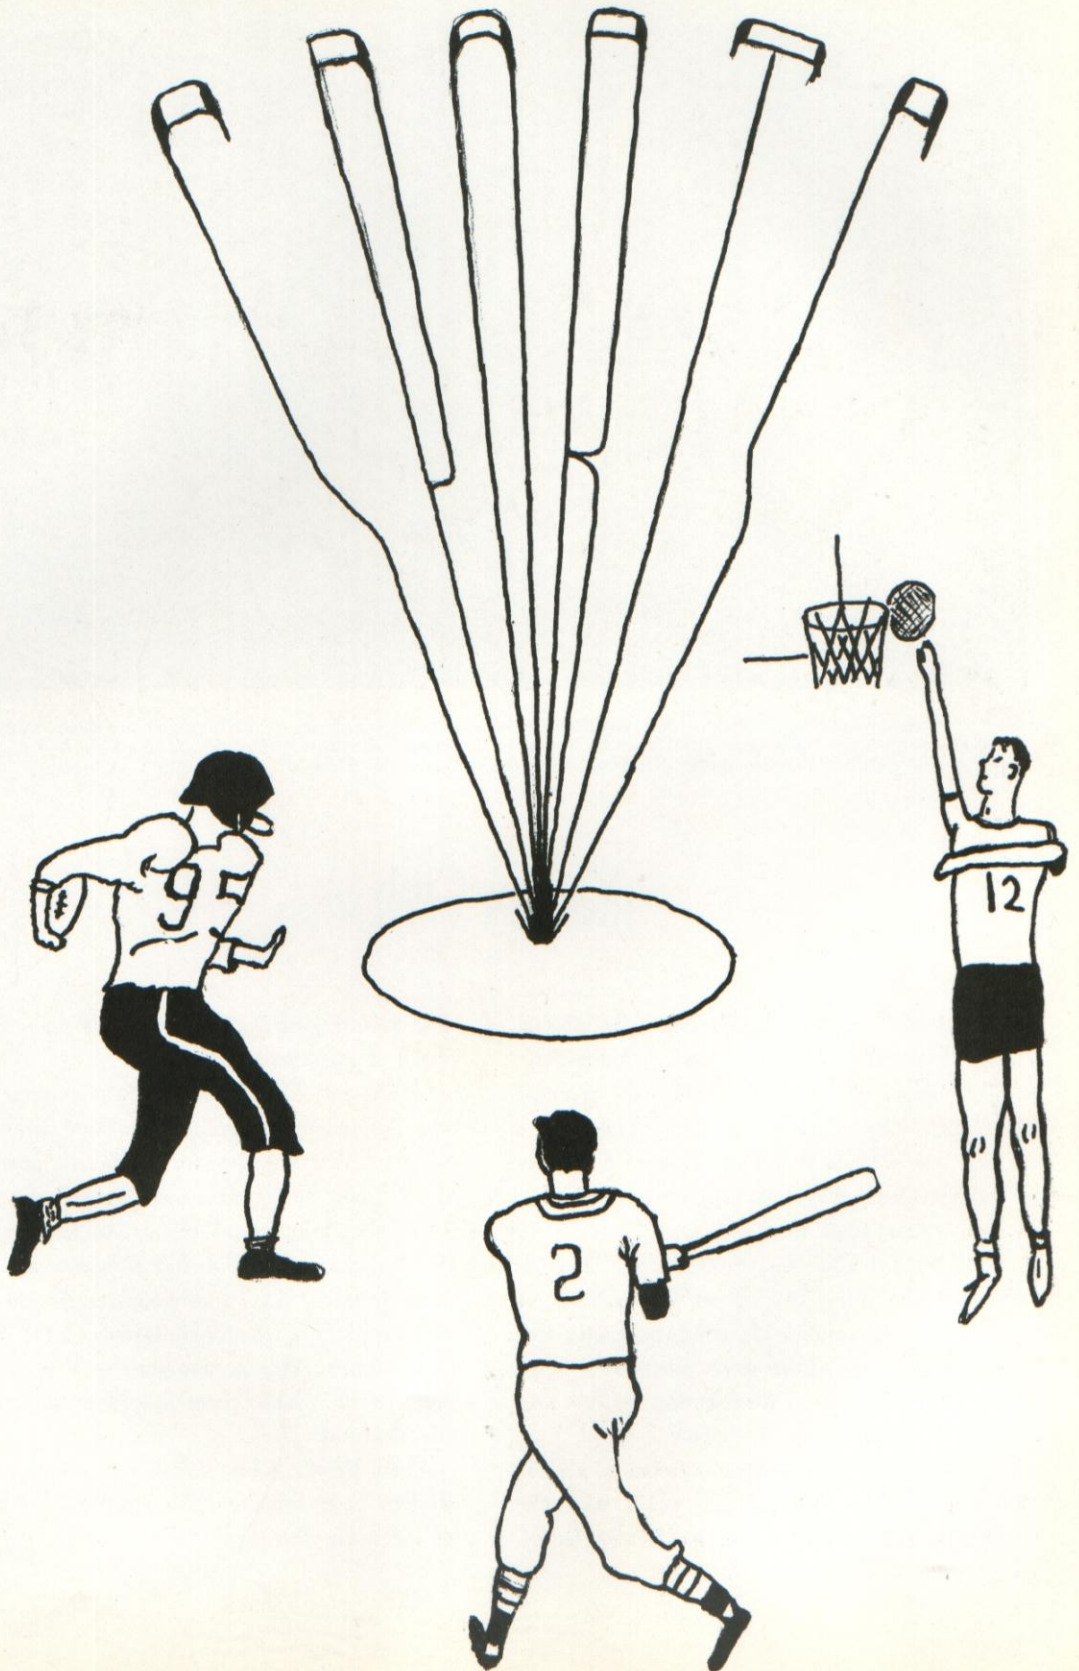

On several occasions they have gone out on singing engagements as a group since transporting a smaller number is much easier. We are only sorry that we cannot accept all the calls which come.

This year we revived quite a number of the old barber shop type of songs and they proved

to be enjoyed by all who heard them. Of course the crowning event for both the Bishop's Men and the Glee Club was the annual concert and dance at the Roosevelt Hotel on Friday May 1st. This year's audience was the largest we have ever had at the New York affair. We are deeply indebted to both members of our families and the many friends of the school who have given us such fine support. Those of us who will be in the group next year only hope we can measure up to the standard of this year's Club.

The sincerest appreciation from both the Glee Club and Bishop's Men goes to our most capable director, Fr. Leeming, for not only his superb direction but also the numerous benefits resulting from the Glee Club trips.

## Varsity Club

A Varsity letter constitutes the highest athletic award which may be given to any boy for athletic achievement. The select group who have received this honor compose the Varsity Club. The officers for this year were as president, Tom McCormack, as vice-president, Andy McLaughlin, and as secretary-treasurer, Dick Boss.

The Varsity Club has evolved from a small Athletic Council in 1947 to an organization of prestige and importance. It concerns itself with almost every aspect of the sports program. It helps the Athletic Director in determining policies and running the athletics of the school.

As one of the Varsity seasons comes to a close the Varsity Club convenes to consult with the coach concerning who is to receive Varsity letters.

The awarding of the letter depends upon the approval of the Varsity Club.

Unfortunately the Varsity Club sometimes must take disciplinary action against those who break training rules, but the aim is towards prevention of recurrence rather than punishment.

In the spring the Varsity Club is responsible for the organization of the Crimson and Gold games in track, soccer and basketball. Another more pleasant duty is the organization of the Varsity Club Dance. This is traditionally a success, the proceeds of which generally disappear into the athletic fund.

The Varsity Club extends its thanks to the student body for the spirit exhibited in support of the teams this year.

## 1959 In Pictures

Up over the hill there is a little still  
where the smoke goes curling to the  
sky.

The Halloween Party was a success  
this year, it was a Mad affair.

The student body was on hand to cheer  
the Saints to victory in their last game  
against The Gunnery.

"I could have danced all night . . ."  
but it ended at eleven.

Who said we influence the referees?

"Frisbee"! Did I hear someone say Frisbee?

"By the mass, 'tis morning; pleasure and action make the hours seem short."

Really, I'm not 85 though, I  
must confess I look it!!!  
Lodes of love to you Tony,  
and come back and see us.  
Dorothy Hasbrouck

Every Monday the boys draw their allowances and then invade downtown Peekskill.

"Up and over men, the castle shall be ours by nightfall."

"No, I didn't take the attendance, did you?"

"Keep up your swords, for the dew will rust 'em."

"A fool and his money are soon parted"  
... at least it may be true at John's Bargain Store.

"The enemy is approaching . . . I must ready the team for battle."

The Old and the New.

"And if I am elected I promise you all a Spring in sunny Florida."

"Good-night, good-night."

Tony,

Well, this is the end. Now you have four  
more hard years of school ahead of you before  
you enter the cruel world. I will always remember  
you as one of the best fellows I have known.  
Hope you do well in college and have a happy
