Presents

THE 1962
MITRE

The Rev. Philip J. Nordeck

The Dedication

The Senior Class of 1962 will always remember you. If we ever had any problems we knew that we could bring them to you. It did not matter whether these were individual problems or those concerning the whole class. You always understood them and tried to help us solve them. We deeply appreciate your efforts with the organization of the yearbook.

Although you are a member of the Board of Trustees and Assistant to the Headmaster, besides your regular duties as a Master, you always find time to assist us with selling advertisements and the planning of this Mitre. The Senior Class feels proud and honored to dedicate this, the 1962 Mitre, to you.

The Rev. Philip J. Nordeck

Message from the Headmaster

"The parents of a child are but his enemies when they fail to educate him properly in his boyhood. An illiterate boy, like a heron amidst swans, cannot shine in the assembly of the learned. Learning imparts a heightened charm to a homely face. Knowledge is the best treasure that a man can secretly hoard up in his life. Learning is the revered of the revered. Knowledge makes a man honest, virtuous and endearing to society. It is learning alone that enables a man to better the condition of his friends and relations. Knowledge is the holiest of the holies, the god of the gods, and commands the respect of crowned heads; shorn of it man is but an animal. The fixtures and furniture of one's house may be stolen by thieves; but knowledge, the highest treasure, is above all stealing."

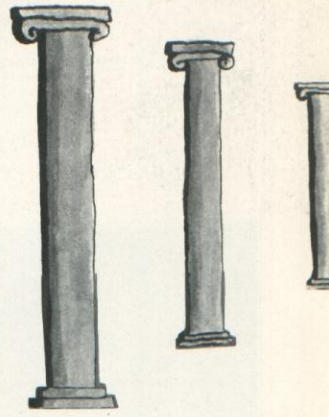

These words were written about 1500 years ago and form part of the teaching of Hinduism. They could very well have been written in this century. They are as true today as they ever were. I call your particular attention to the last sentence: 'The fixtures and furniture of one's house may be stolen by thieves; but knowledge, the highest treasure, is above all stealing.'

Those of you who are in this year's graduating class are today starting on a new road. How you travel that road is pretty much up to you. You will find directional signs all along the way but much will depend on how you interpret them. It is my hope and prayer that you will face the future with a determination that you will give of yourselves unstintingly. Only then will you gain true knowledge.

FRANK C. LEEMING

It has
been wonderful
knowing you this year.
I hope you enjoyed being in

Administration

The Student Administration is the basic concept of the Self-help Plan at Saint Peter's School. It is composed of two separate appointed staffs, the Praefects and Inspectors, and one elected staff, the Student Council.

The Praefects are each assigned to a dormitory and are entrusted with much of the responsibility of keeping order in the house. They are second only to the Housemaster in this responsibility. In general, the Praefects are appointed to lead the rest of the student body in the function of the school. It is one of their general duties to proctor the evening study hall. The appointments of the Praefects are made known to the rest of the student body on Ascension Day, and for the last week of the school year, they assume their responsibilities from the preceding senior class.

In addition to the four Praefects there is a sub-praefect who is appointed to administer disciplinary measures for minor infractions of the rules which do not warrant action by the Student Council. The sub-praefect issues work units of one half hour each for each offense to the offender. The sub-praefect is also responsible for arranging the seating plan in the study

hall, the job assignment list, and the table arrangement for students in the dining room.

The Inspectors are appointed by the Praefects and the Headmaster co-operatively. They are assigned to keep the buildings and grounds in order. They assume their respective responsibilities from the preceding senior class with the new Praefects for the last week of school.

The Student Council, the third of the three staffs, assumes responsibility for making changes in the function of the school with the approval of the Headmaster and faculty, and to discipline students who seriously infringe upon the rules. The Student Council is composed of the Praefects, the Presidents and Vice-presidents of the upper three Forms, and the President of the Third Form. It is run entirely by democratic principles and its members are elected by the student body strictly according to democratic procedures.

The Student Administration remains by a long-established tradition one of the most outstanding aspects in Saint Peter's School.

Music plays a very important part in life at Saint Peter's School. Each year a new group of boys try out for the Glee Club to join the old boys returning from the previous school year. This year there were nearly fifty boys who tried out for the Glee Club but due to transportation difficulties and other considerations it was necessary to reduce the number of boys in the group to thirty-two.

The Glee Club had various singing arrangements at churches as well as secular appearances. This year the Glee Club has sung at such places as the Cathedral of Saint John the Divine and the National Cathedral in Washington, D.C. However, none of these meant as much to the boys as the annual spring tour in March. On the tour the Glee Club got a change of atmosphere and, leaving New York, headed due south until the sunny sands of Florida were in view.

This year the repertoire of the Glee Club has in-

cluded such well-known show numbers as "The Sound of Music" and "The Flower Drum Song." Among the sacred selections have been the "Hallelujah Amen," by Handel and "Alleluia," by Bach. From the Glee Club is chosen twelve select boys who compose the singing group known as the Bishop's Men; it is from this group that the Octet is chosen. Under the able direction of Father Leeming, they specialize in singing songs of a more light and colorful style than those of its parent group. The Octet has never ceased to delight all those who hear them.

Of course the crowning event of the year for the Glee Club was the New York Concert and Dance held at the Roosevelt Hotel on Thursday, May third.

The Glee Club wishes to express its sincere thanks to Father Leeming, its director and to its graduating accompanist, Reilly Lewis for their superb job.

Dave,
 Man, it's been
 great knowing you
 these few years. You
 have helped to really give
 this place up. We had a
 lot of fun on the goodie, goodie
 baseball field when the movie
 was out. Have a good summer
 and do well in college. Best of
 luck. May be you'll come back
 and see us poor suckers.

Dave
 Well, the year's almost
 over. It's been a long
 one. Always remember the
 "Midnight Bow Tie League"
 it was fun only because
 got out of year. Be
 good and good luck

Dave,
 It has been a pleasure
 knowing you these past two years.
 You have been an excellent inspector
 and have earned the respect of all.
 Best of luck at college and in all
 your future activities.

It has been a great season for the Saints. I know you will all be proud of the team. I hope you all have a great year in college. Love, Dave

Further, Nordeck and Mr. Byles were not assuming responsibility of an overly talented team. They realized that conditioning, very important in soccer games, would be a determining factor in a team's performance.

The opener against Yorktown proved neither good nor bad. It showed that there were as many strong sides as there were weak.

After their tie with Yorktown, the Saints lost one, won one, and tied two. The first tie was against the defending County Champions, Peekskill Military Academy. At that time the Saints had not yet lost a game. They were confident that the Saints were going to be little competition. However, after two overtime periods, the score stood at 0-0. The other tie

came against this year's County Champions, Scarsdale High School. To date, Scarsdale was undefeated and once-scored upon. The Saints stalemated them at a score of 1-1.

With the season at its midpoint and most of the difficult teams out of the way, the Saints were trying to turn their 1-1-3 record into the School's second winning season. However the Saints could no longer coordinate their offensive and defensive maneuvers. They dropped five in a row.

Charles Sarich and Kean McDonald were the high scorers with six and four goals respectively. Greg Lozier did a magnificent job at center-halfback and in the goal, Art Piani averaged 20.6 saves per game.

It's been great having you as head inspector. You managed to score a goal you're a good guy. Love, Dave

Varsity Basketball

L. to R. **FIRST ROW:** G. Lozier, J. Platt, A. Piani *captain*, A. Schuyler, L. Barnes. **SECOND ROW:** B. Burrows, D. Terwilliger, S. Purdy, B. Stromberg, Mr. Kenyon *coach*, J. Rattray, D. Warrington, J. Bunt, B. Slater *manager*.

Bringing up a Junior Varsity team to play Varsity ball is a situation not many coaches are envious of. This year's varsity coach, Mr. Kenyon, has that problem and he did a magnificent job.

In their first game, against Anderson School of Poughkeepsie, the Saints won 55-54 in four three minute overtimes. After this, however, the Saints had trouble adapting themselves to their opponents and as a result their record began a decline.

A problem which is not easily remedied is that of a lack of height. Mr. Kenyon noticed this detri-

ment and decided that speed and drive were the things that would win ball games. Cross-country was introduced as an aid to strengthen leg muscles and endurance.

This did produce a change in the type of ball played by the Hilltoppers. Various types of plays were introduced to baffle man-to-man defenses. Although the Saints were unable to produce a totally successful season, they did play games worthy of praise and full of excitement.

Fencing

*Sheets,
you had better play, I wish that you had taken a guitar than liking to my guitar I did. Best of luck in college and go wild this summer!*

L. to R., **KNEELING:** B. Chambers, C. Roberts, C. Vaughan. **STANDING:** J. Matson, A. Wedvick, G. Krueger, J. Stanton, M. Vogel, G. Garrett *manager*, B. Arnold, Mr. Allen, *coach*.

The 1962 Fencing Team was greatly handicapped by the loss of Mr. Tatham who started the sport here in 1956. The loss, however did not hamper the teams winning ability, as they took their first match from Lenox 9-3. Other matches are against West Point, Rye Brook, McBurney, and Pleasantville.

The team was coached by Mr. Allen, assisted by Craig Roberts and Kit Vaughan, the former a five year man on the team and the latter a four year man.

Although last year's entire top three graduated, their places were quite adequately filled by Roberts, Vaughan, and Jay Stanton. Competition was so keen for third place, however that it was actually shared by Stanton, Gordon Krueger, and Bruce Chambers.

This was the team's third year in fencing Sabre

and Epee. The Sabre team has improved greatly over last year with Bruce Chambers leading the way and with Craig Roberts and Jay Stanton close behind. The Epee team consisted of Vaughan, Roberts and Chambers.

This years team had one particular goal to strive for, the County Championship. St. Peter's has won this event for the last four years. Previously a trophy cup was given to the winning school but two years ago a plaque was put up as the prize under the condition that the Team who won it for three years would keep it.

We all feel sure that with Mr. Tatham's original polish and Mr. Allen's continuation, the Team will see that the plaque remains in the same place, behind Father Leeming's Table in the Dining Room, which it has occupied for the last two years.

(Room #10)*

Wrestling is one of the most recently initiated sports at Saint Peter's School; it started in 1959 during the winter sports season. During the first year the team held its practices and meets in the recreation room. In its second year a separate room in Main House was set aside for the wrestling team to practice in.

This year, for the first time, a senior student was appointed to coach the team. Roger Luthin, with two years of experience in the sport, acted as coach. Meets were scheduled on the Junior Varsity level since the Saint Peter's team could not supply wrestlers in three of the weight classes. This represents a fifteen point handicap against the Saints at the beginning of every meet. This is very

difficult to recover from during the course of a match.

There are six returning wrestlers to the team this year: Larry Shields, Bruce Phelps, Jim Hackett, Greg Wells, Bob Moffitt and Russell Kotal. In addition to these six are five new boys and two old boys who decided to wrestle at Saint Peter's.

With six returning wrestlers the prospects of victories for the team look good. The five new boys to the school also show signs of promising talent, as a couple of them have had experience in other schools. Prospects for next year's team look even better. There will be eleven experienced veterans in wrestling returning to Saint Peter's next year.

In Memoriam

Katherine H. Jaycox School Nurse 1956-1961

Saint Peter's will miss Katherine Jaycox who passed away this past summer. Since 1956 Mrs. Jaycox had been our school nurse. One could always find a happy face up at the infirmary; she never failed to have a cheerful word for anyone who was near. Her kindness was illustrated by her first meeting with Father Leeming when she brought cool drinks to those who were toiling in the sun.

Students who had ailments could always look to Mrs. Jaycox for immediate and understanding care and attention. If the ailment required extended treatment Mrs. Jaycox was more than willing to dispose her efforts in caring for it. A plaque was hung in chapel "In loving memory of Katherine H. Jaycox, school nurse 1956-1961."

Postscript

The senior class would like to take this opportunity to thank Mr. Hughes, our form advisor for the past two years, for all the help and co-operation he has given us.

I would like to thank all those who contributed their time, effort, talent, and money to help make this yearbook a success this year.
