THE DEDICATION

To a man who has been linked with St. Peter's as a student, coach, teacher, and advisor to students . . . We shall remember you as the English teacher who gave us a very demanding course, but one which gave us a firm foundation for college and the world confronting us. We shall remember you as the basketball coach who worked unselfishly to build not only winning teams but good sportsmanship. We shall remember you for your high qualities of friendliness, loyalty, and sportsmanship which have won you the high respect, deep admiration, and warm affection of the students of St. Peter's.

With deep appreciation of your services to us as a teacher and a friend, the Senior Class dedicates this, the 1964 Mitre, to you.

Mr. John H. Kenyon

*What
I look
forward to
seeing you
next
September.

MESSAGE
FROM THE
HEADMASTER

One of the disadvantages of being a new headmaster is that one cannot look backward and make comparisons. It is always nice to be able to say that "of all the sixth forms I have ever known this one is outstanding"; or "if I had to start a new school I would want this or that form as a cadre." But I cannot say any of these things on the third of December, when I am writing this, for the third of June when you will read it. I've known you less than one term. What can I say?

First, I can say that I am enjoying greatly living and working with this year's senior class. We have our moments; but who doesn't! Many good things have come my way from you: among them kindness and helpfulness, and patience. Never once have I had a hint of "O well, what can you expect; he doesn't know any better." I hope that you still are this generous in June.

Next, I can say that you are in a position to do great service to St. Peter's. You are a loyal class and

will remain loyal, I am certain. There is a fibre of integrity in the body of your form that will stand you in good stead and will reap us great benefit. It seems to me that you think of the school first, and its administration second: this is an attitude of mind which makes for loyal and supportive alumni.

Lastly, I can say, with my whole heart, that I wish you well. If here you have learned habits of study and of living together that make for stability, and for fidelity to the best you know; if here you have breathed the air of Christian community and have found it a strength and a sweetness for hard and sad moments, as well as for the glad ones — if this has been your life and experience here, you have gained much and St. Peter's has done the job it was created to do.

God bless; and come back whenever you can. A warm welcome is waiting.

ADMINISTRATION

The Student Administration is the basic concept of the self-help plan at St. Peter's School. This fundamental body is composed of two separately appointed staffs, the Prefects and the Inspectors, and one elected staff, the Student Council.

The Prefects are appointed by the headmaster and each is assigned to a dormitory where he is entrusted with the task of keeping order in the house. The Prefect is subordinate only to the housemaster in this respect. Their primary responsibility is to lead the rest of the student body in the various phases of school life. Another of their general duties is to proctor the evening study halls. The appointments of the Prefects are made known to the rest of the students on Ascension Day, and for the last week of the school year, they assume their responsibilities from the preceding senior class.

In addition to the four Prefects there is a sub-Prefect who is appointed to administer disciplinary measures for minor infractions of the rules which do not warrant action by the Disciplinary Committee. The sub-Prefect issues work units of one hour each

for each offense that the student commits. Another of his jobs includes arranging the seating plan in the study hall, the job assignment list, and the table assignments for students in the dining room.

The Inspectors are appointed by the Prefects and the headmaster co-operatively. They are assigned to keep the buildings and grounds clean and in good order. They assume their respective responsibilities from the preceding senior class along with the new Prefects for the last week of school.

The Student Council, the third of the three staffs, assumes responsibilities for making improvements in the function of the school with the approval of the headmaster and the faculty. The Student Council is composed of the Prefects, the Presidents and Vice-Presidents of the upper three forms and the President of the Third Form. It is run entirely by democratic principles, and its members are elected strictly according to democratic procedures.

The Student Administration remains by a long established tradition one of the most essential aspects of St. Peter's School.

ATHLETICS

A black and white photograph of the Bishop Gilbert Field House. The building is a brick structure with a prominent portico. The text "BISHOP GILBERT FIELD HOUSE" is inscribed on the front of the portico. In the foreground, a stone path leads towards the building, partially covered with snow. A large tree with dark, dense foliage is on the left, and a dark, vertical shape, possibly a tree trunk or a shadow, is on the right. The overall scene is captured in a high-contrast, grainy style.

The Saints returned with a hint of pessimism to start off the new season this year. Although they were branded with this prediction, the Saints worked themselves into a tight and solid unit which was to prove this seasons prediction wrong.

The Saints opened with Oakwood, and got the season off to a good start. The Saints scored on the first play, and by the end of the game they had run up a 26-0 total.

The following week found the Saints in the same pregame quandry as they faced Wooster School from Connecticut. Wooster had not been beaten by the Saints in seven years. As the Saints took the ball for the first time they produced a drive which won them a six point touchdown and a two point conversion. This was to be the only scoring in the game for both teams. The Saints now knew that they were going to have to work hard to keep their season a winning one.

On Parent's Day, the Trinity School from New York came to challenge the Saints. Having never played this team, the Saints were prepared to fight to the end in the presence of a larger crowd. The Saints overpowered the Trinity eleven, 36-0 to continue their winning streak. At this point, the Saints were the only unscored upon, untied and undefeated

team in the county. With this in mind the Saints worked hard for what they knew would be a hard game.

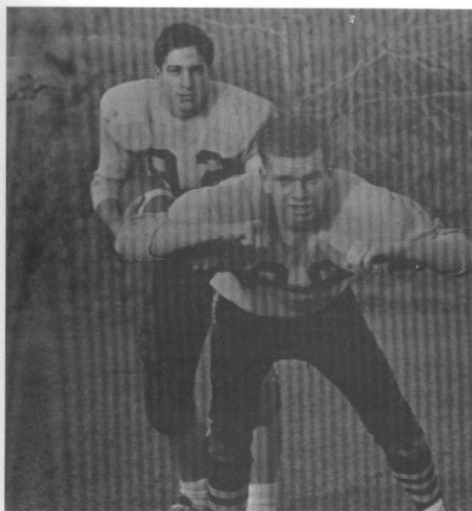

At South Kent School, the Saints took the field optimistically, but by the half-time they were trailing 22-0. At the outset of the second half they took the field with determination. Although they outscored South Kent in the second half, it was not enough to win, and the Saints were defeated by a score of 36-20. This game ended the winning streak.

The following week the Saints played host to Millbrook School and lost their second game. This was the low point of the season.

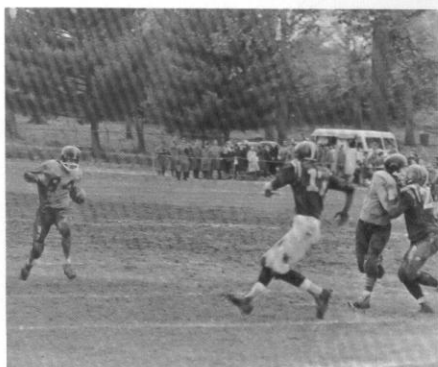

But the Saints were to make their comeback, although only by a narrow margin. They played in Peekskill against P.M.A. and won by a score of 7-6. Everyone was in great spirits because P.M.A. is a great rival of St. Peter's, and all looked forward to the last game of the season.

Macburny School journeyed from New York to meet the Saints on a day with ideal football conditions. The Saints, favored over Macburny, had no trouble and easily tallied a score of 48-0 to end a 5-2 season, which was obtained by hard work and the want to play.

The soccer team had a season of six wins, two losses and no ties. The coach, Mr. Stevens, with the help of Mr. Moghtader and the co-captains Charles Berger and James Hackett, built up the teams coordination in team work and competitive ability, by holding daily scrimages.

Mr. Stevens not only tried to build up this year's team, but also tried to allow next year's team to gain experience. The success of this undertaking was made evident when the Underformers beat the Seniors in their annual game.

The season got off to a good start with the Saints defeating their first two opponents, Yorktown and Storm King, by scores of 2-0 and 1-0 respectively. The Saints then lost the next game to P.M.A. in a five minute overtime period 2-1. But the Saints came right back and won two more games. This time it was Trinity Pawling and Wooster who felt the

force of the Saints vicious attack. The scores were 3-1 and 5-0 respectively. The Saints then went to Millbrook, but lost despite their all out attempt. With two games left the Saints worked hard to assure themselves of a winning season. The work payed off as they went on to beat Scarborough and McBurney by scores of 4-2 and 2-1 respectively. This wound up a very successful season for the soccer team.

Charles Berger and James Hackett led the team well throughout the season. Schuyler Purdy did an excellent as goalie and Russell Kotal and Robert Walton did fine jobs up front. Besides these boys who are all Seniors the team has a number of fine boys who will be returning next year. These include Bob Fox, James Crawford and Ronald MacRae.

Mr. Stevens did a wonderful job this year and we wish him just as much success or more next season.

Varsity

L. to R. — S. Purdy, P. Saint John, J. Creighton, P. Watson, P. McNeary, L. Barnes, A. Hardman, R. Henseler, D. Webster, J. Burnett, R. Purdy.

The outset of the 1963-64 basketball season saw the Saint Peter's squad, which regained three of last year's starters, in excellent shape for the competition ahead. The team was inspired by the strong backing of the student body, which was procured at the beginning of the year. This spirit was not to be intruded upon as the Saints went into competition with high hopes for a winning season and for a future tournament.

Headed by captain Lou Barnes, the Saints took the opener with Anderson easily by the score of 65-36. Mr. Kenyon, the coach, used this game as an opportunity to see what kind of personnel he had to work with for the season. Thus all members of the squad played and shared in the team's first taste of victory.

This years team used a number of new offensive patterns to better their attack. The Saints would start off their games with the customary two-one-two pattern and then mid way through the game switch into a one-three-one or a shift pattern. This made the Saints a constant threat.

Lou Barnes and George Hardman highlighted the season with their fine shooting. Both men were versatile and able to play any of the positions. They al-

ways attracted the crowd with their driving lay-ups and breath-taking jump shots. The team was very fortunate in having two such fine ball handlers, who were able to play despite ailing knees. Roy Purdy served the team well in the center and was a large asset under the boards. John Burnett played out front and set up the plays each time the Saints had the ball. He also had quick hands and came up with a large number of steals. Paul St. John played in the corner and became very proficient with a set shot. He also drove well and grabbed a large number of rebounds. The first stringers were followed by a strong second string who will take over in the years to come. Dick Henseler, Schuyler Purdy and Peter Watson were among the most prominent substitutes.

Determination always showed in the team's work. They always hustled and never showed signs of letting down.

A great deal of credit goes to Mr. Kenyon for his excellent job as coach. He made several innovations, and was always willing to help someone with a problem. We wish him success with all his future teams.

RIFLERY

L. to R. *FIRST ROW* — C. Ciannella, R. Noback, R. J. Hartman, R. Faulkner, P. Ketcham, G. Casscells, S. Mohler, Sergeant Bates, instructor, R. Walton, R. Immer-Willems, A. Disalvo. *SECOND ROW*: J. Lamb, S. Robinson,

This year the rifle team has shown much ability and potential. Of the fifteen boys who made the rifle squad, at least two thirds have become excellent shooters.

The Saints have been lucky enough to gain two new advantages. First, the Saints have a new rifle range, and second, they have a new coach, Sergeant Bates. "Sarge" is a veteran of two wars and a past member of both the Marine Corps and the Army. He is ranked high in the United States as a pistol marksman, and also shoots a rifle extremely well. Besides having these attributes, he is a nice person, and is well liked and greatly respected by everyone at school.

With a rifle range located on the campus, the boys have been able to make much better progress than in previous years. They have much more time and many boys get a chance to shoot who normally wouldn't. This is a very good advantage for future teams.

The guns used by the rifle team range from Anshütz and Winchester target rifles down to Mosberg hunting rifles with makeshift sights.

The top two shooters use the Anshütz and the number three man uses a Mosberg. This illustrates the fact that it is the person and not the gun who makes the score.

FENCING

L. to R. — *FIRST ROW* R. Fox, R. Carrara, J. Matson.
SECOND ROW R. Giarraputo, L. DiPierre, G. Jordan, J. VanOrsdell, R. Brewer, A. Colella. *THIRD ROW* K.

Walter, R. Roberts, J. Hutcheson, F. Markussen, R. Stankay, Mr. Allen, coach.

The fencing team got off to a good start with a six to three foil victory over Pleasantville. Our coach, Mr. Allen, substituted the inexperienced fencers for the members of the starting team. In this way the inexperienced had a chance to acquire match experience. He has decided to continue to do this in order to build future teams as well as this year's team.

The fencing team is divided into three separate teams. Each team practices a different weapon. The three weapons are: foil, epee, and sabre. The foil team consists of James Matson, Robert Fox, John VanOrsdell, Randy Giarraputo, and Anthony Collella. The epee team consists of Richard Roberts, John

Walsh, and Ralph Carrara. The sabre team consists of Robin Brewer, Harris Jordan, Roger Stankay, and Lennie DiPierre.

Mr. Allen sees a good year ahead for the fencing team and he also predicts a good season next year. We will lose only one fencer this year, which leaves the fencing team as it was this year.

The fencing team has met in five different matches. They have fenced Lenox School twice, Pleasantville School twice, and Riverdale once.

We are looking forward to an undefeated season in the following year and we hope to have a few more matches.

This year the hockey squad suffered many setbacks, but the Saints played as a tight unit and did their best. We were greatly lacking in depth and a few of the starters had to play the entire game.

The St. Peter's six joined the Hudson Valley Hockey League this year. The league consists of five other teams including N.Y.M.A., Storm King School, Rockland County Day School, Hackley, and St. Mary's School in Greenwich. The new league is a great advantage to all the teams because it sets up all the games and referees. This year most of the teams were evenly matched, and this added to the spirit of the game.

Our coach, Mr. Bates, started two freshmen this year and the experience they gained will be of great value to them and the teams of the coming years. Andy Schuyler, this year's captain, did a fine job and contributed greatly to the team. The assistant captains, Rodney Nelson and John Morrison, also helped greatly.

This year's team would like to thank all those who assisted in driving them to and from practices and games. The Seniors of the 1964 team are looking forward to the day when the school will have its own hockey rink and we hope that it won't be long.

POSTSCRIPT

The senior class would like to take this opportunity to thank all those who contributed their time, effort and money to help make this yearbook a success.

I would like to express my sincere appreciation to Mr. Gundry, Mr. Williamson, and Mr. Berger. Without their help this yearbook would never have been produced.

The Editor
