THE LIFE OF A STUDENT

Hush! Hush! Whisper who dare's!  
Christopher Robin is saying his prayers

A. A. Milne

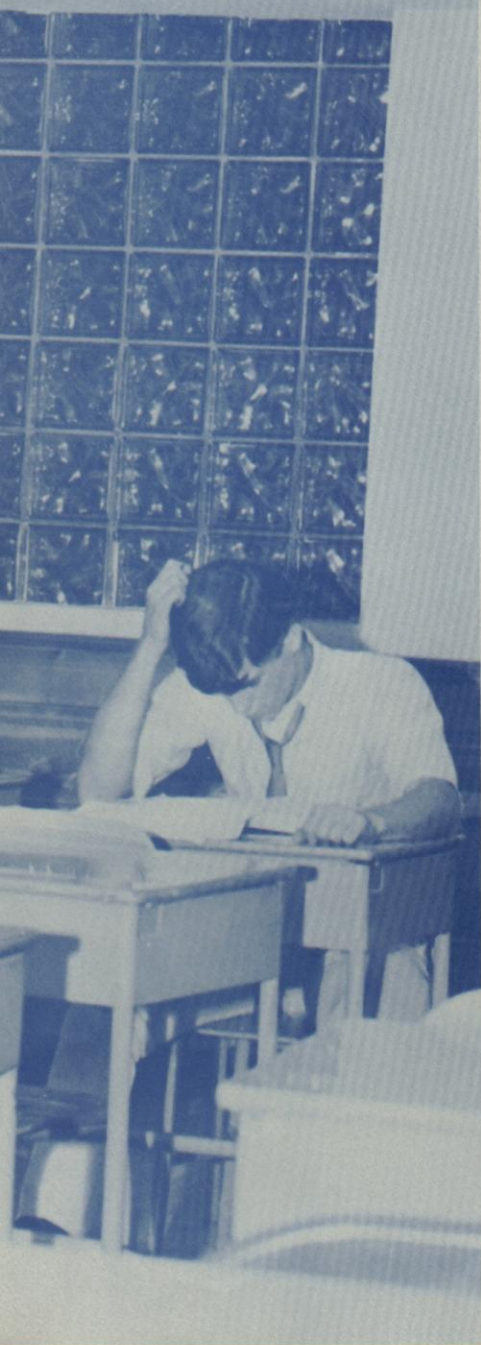

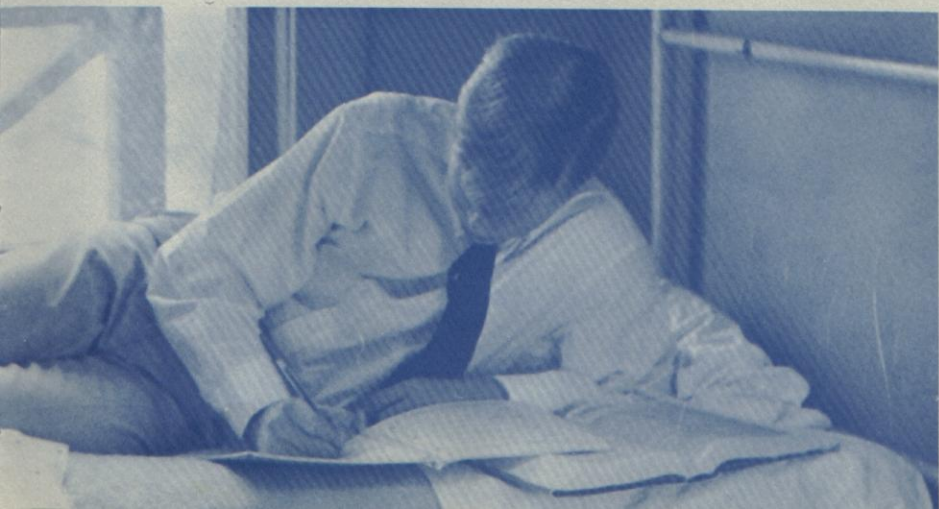

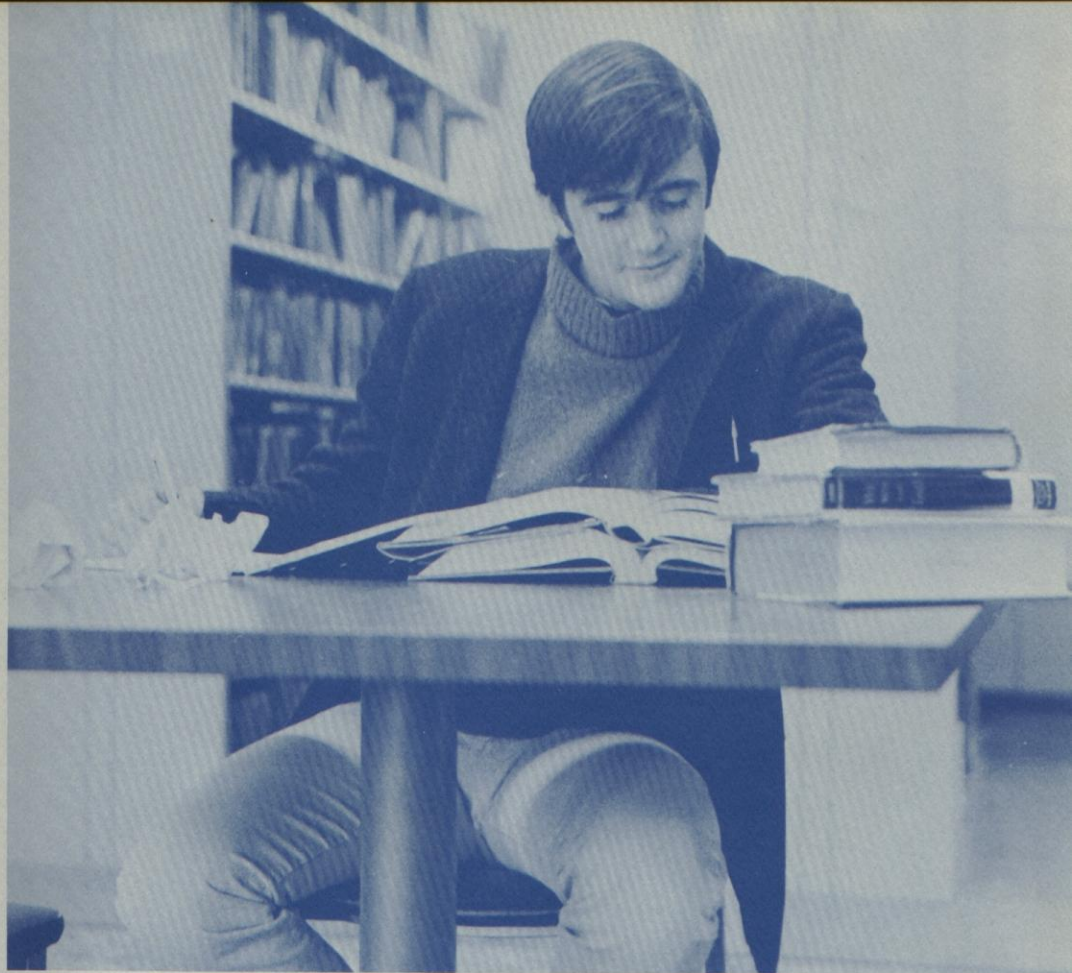

Thinking is  
the hardest work  
there is

Henry Ford

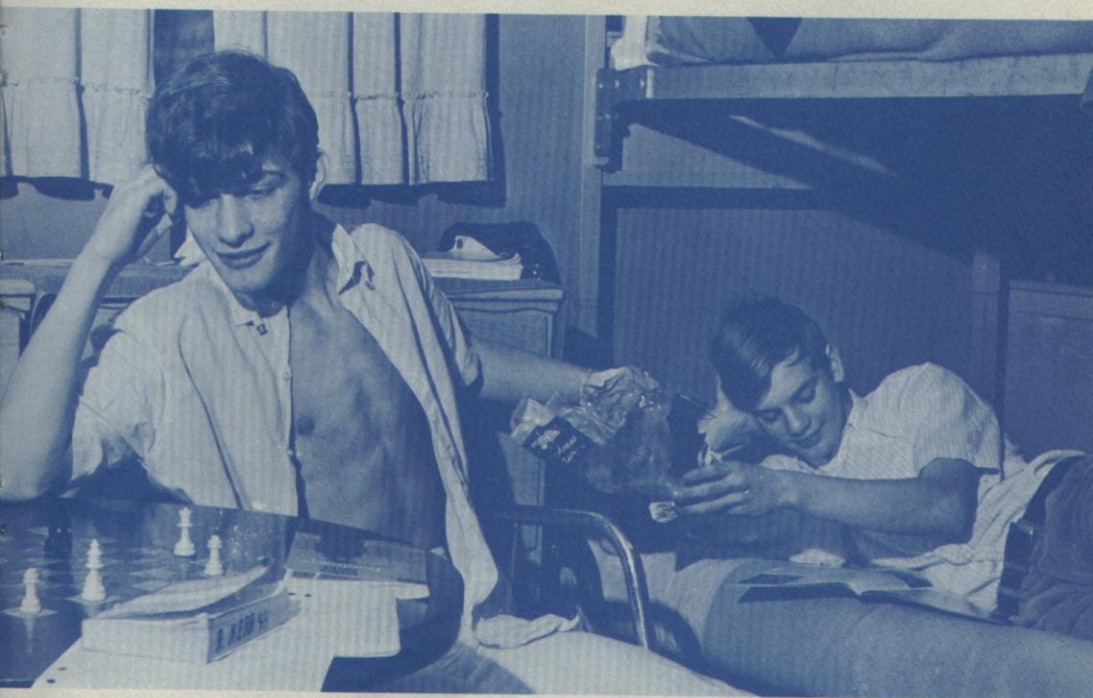

Blessings on him who invented  
the food that appeases hunger  
and the drink that quenches thirst

Miguel De Cervantes

I am from the North  
I am from the South  
I am from the East  
I am from the West  
We are all different  
We are all alike

Anonymous

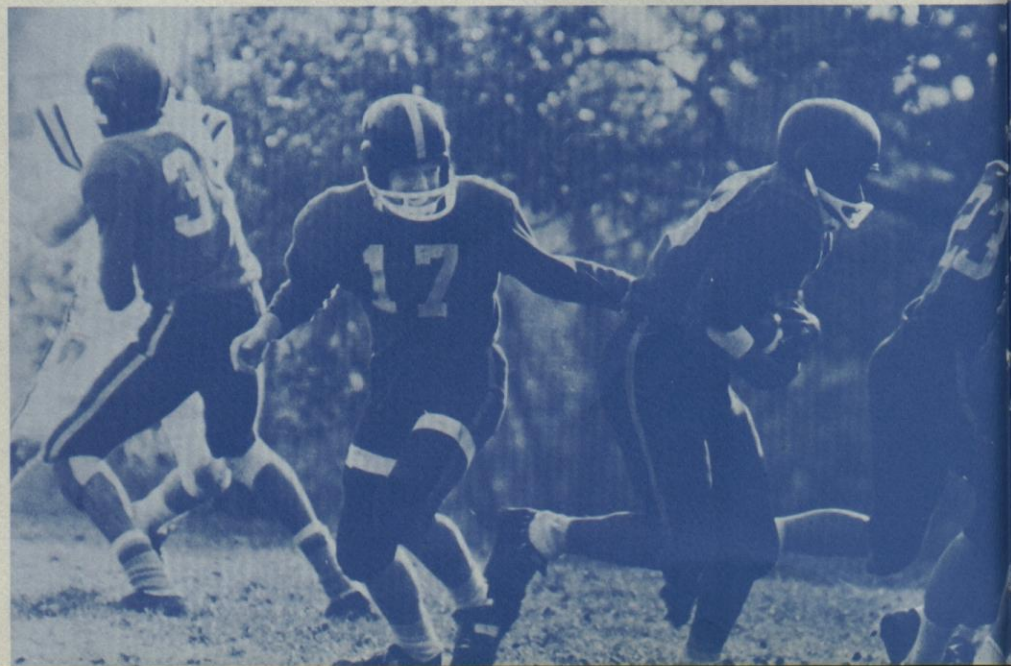

The time you won your town the race  
We chaired you through  
the market place

A. E. Housman

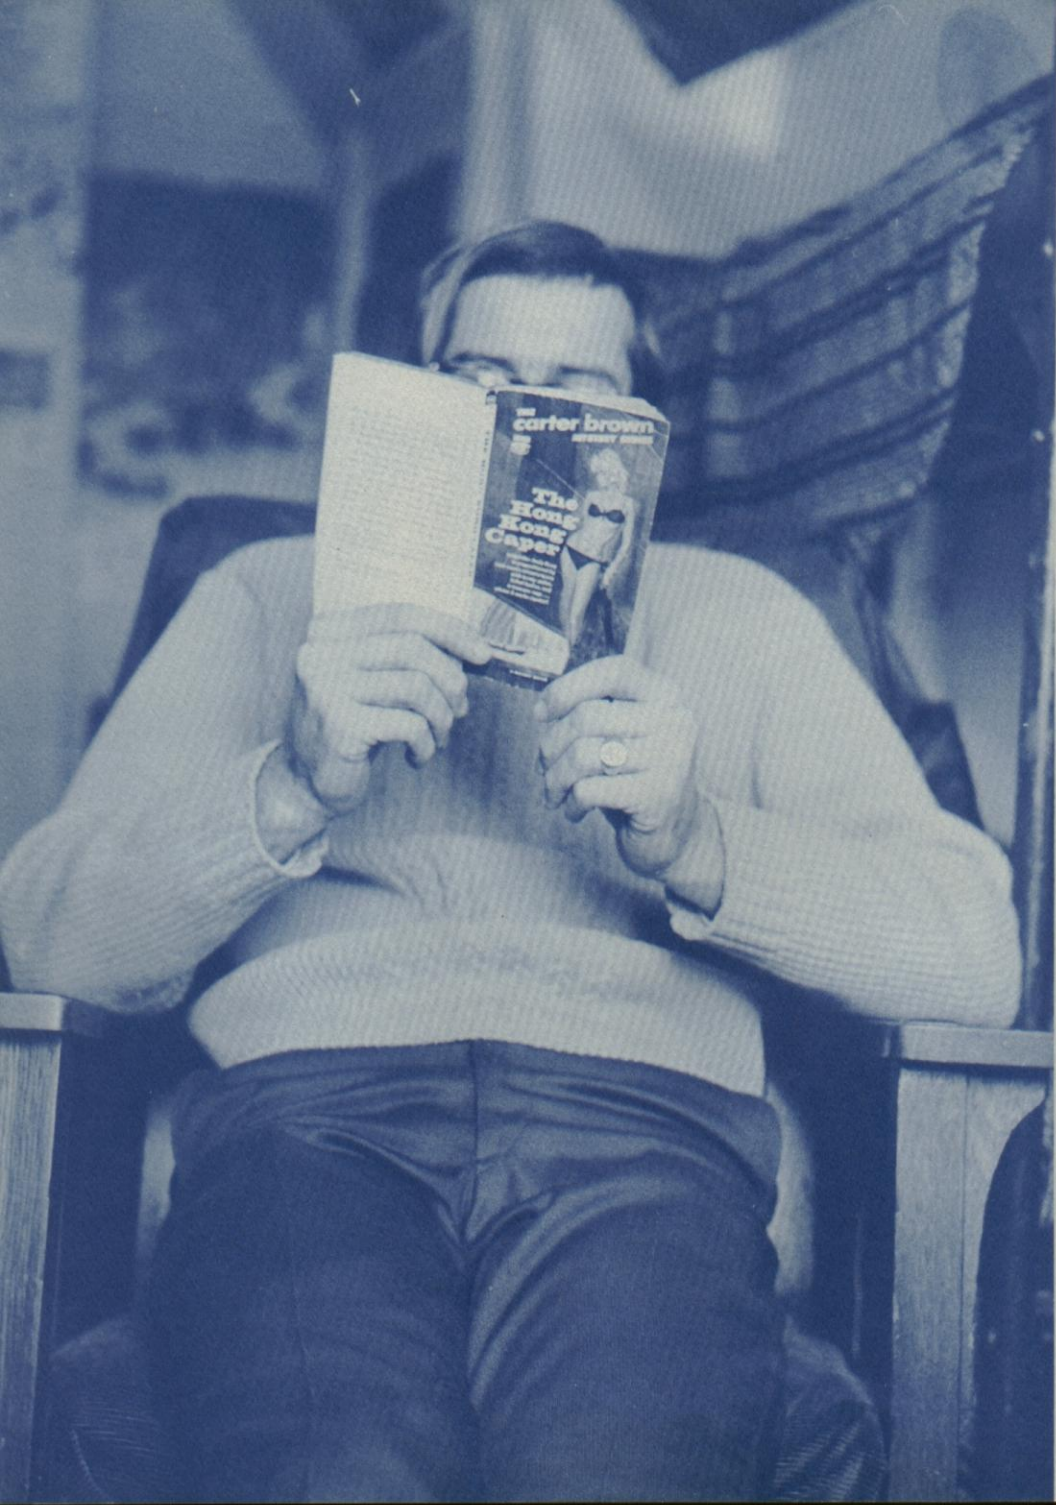

We are taking rest,  
masters,  
finding how it feels

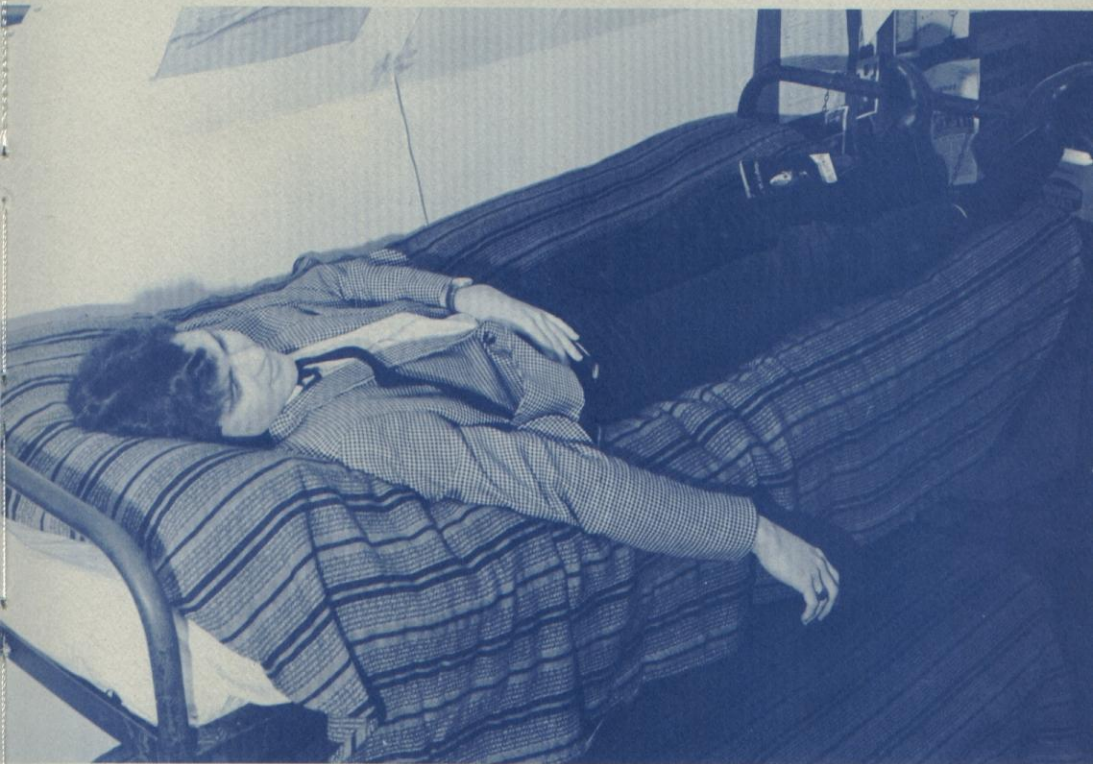

Gilbert Chesterton

When you're down  
and out, something  
always turns up  
and it is usually  
the noises  
of your friends

Orson Wells

Ah! what is love  
It is a pretty thing  
As sweet unto a shepherd  
as a king

Robert Greene

Life's beauty is found in the changeability of its pattern. Through versatility Doctor Carlos Garcia Garbalena has come to represent many things to the graduating class of 1968.

A dorm master who demands cleanliness.

A '56 Ford that refuses to go.

A disciplinary master who judges with the knowledge of a lawyer . . . a friend . . . and a teacher.

Good Havana Cigars.

A person with a true sense of humor.

The class of 1968 will remember you, Doctor Garcia, for these and many other things. Our memories will be made more vivid as a result of your most admirable trait. That is, your ability to honestly appraise personal character.

For a graduating class which is about to assume the responsibilities of adulthood, your helpful guidance will undoubtedly have a profound effect upon our individual futures.

La belleza de la vida se encuentra en la mutabilidad de sus modelos. De resultados de su veracidad, el Doctor Carlos García Garbalena, ha venido a representar muchas cosas para la clase 1968.

Un maestro de los dormitorios quién demanda limpieza.

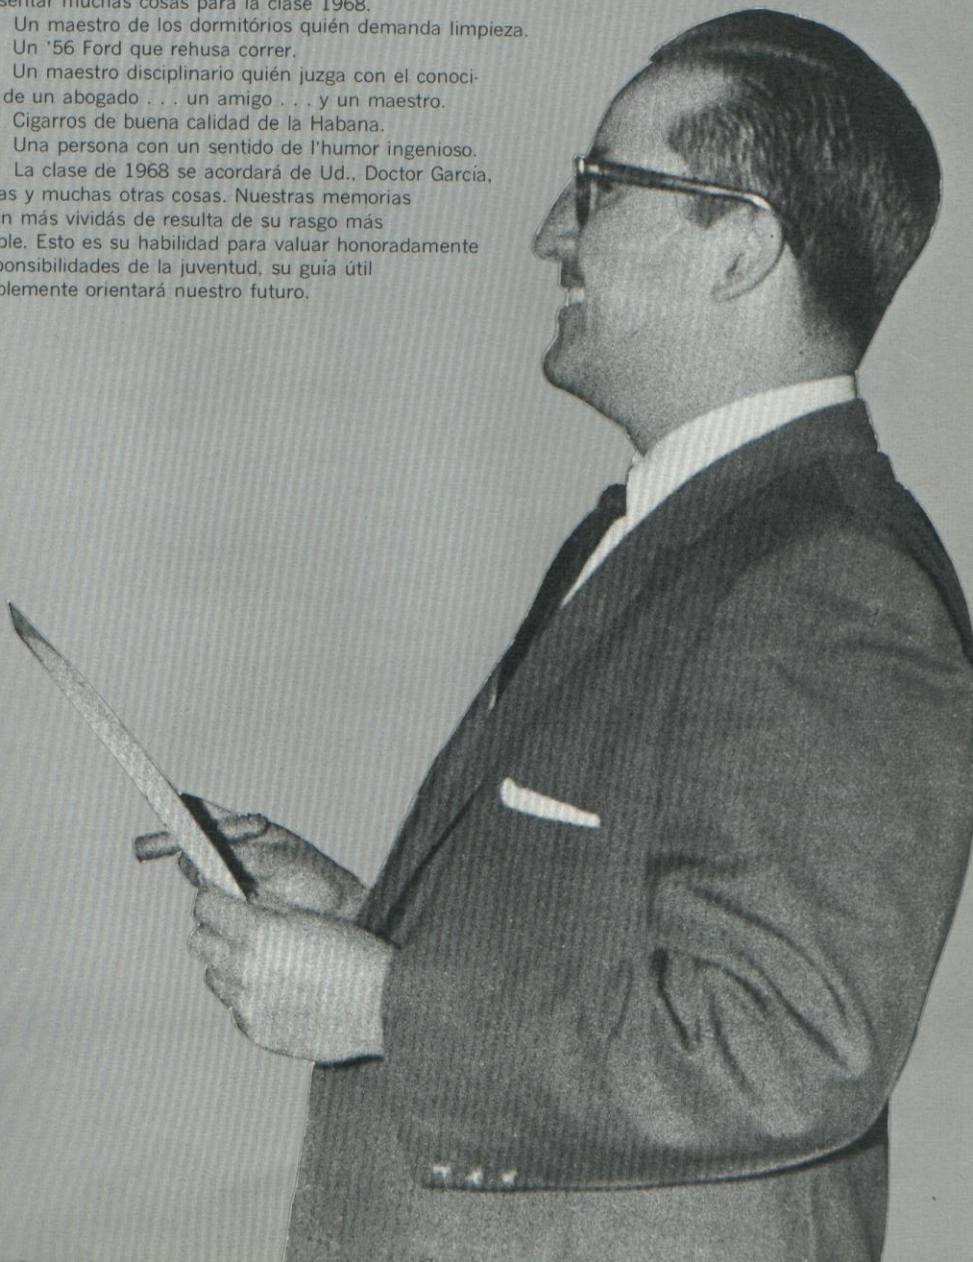

Un '56 Ford que rehusa correr.

Un maestro disciplinario quién juzga con el conocimiento de un abogado . . . un amigo . . . y un maestro.

Cigarros de buena calidad de la Habana.

Una persona con un sentido de l'humor ingenioso.

La clase de 1968 se acordará de Ud., Doctor García, por estas y muchas otras cosas. Nuestras memorias se harán más vividas de resulta de su rasgo más admirable. Esto es su habilidad para valorar honoradamente las responsabilidades de la juventud, su guía útil indudablemente orientará nuestro futuro.
