

LAURENTIAN UNIVERSITY MINE RESCUE

WHO ARE WE?

Founded in 2015, the LU Mine Rescue Team is a student-run program dedicated to training the next generation of mine rescuers. The club works with Ontario Mine Rescue (OMR) to provide recruits with a Mine Rescue Introductory course. The team competes both at the Sudbury District level and internationally at Intercollegiate competitions in Canada and the USA.

This upcoming February, for the first time, Laurentian will be hosting the Intercollegiate Mine Emergency Response Competition (IMERC) in Sudbury.

LUMR'S MISSION

The LU Mine Rescue team gives students first-hand experience through extensive training scenarios that prepare new graduates to work in the mining environment, identify dangers, proactively solve problems, and respond appropriately in emergencies.
