

It Is Never Too Late -Blog Post

I often hear people saying that it is too late to start over, change careers, find a mate, clean house of the negatives, get a degree or even finish High School, or even, ask God to forgive them for a sin that has caused must disaster in their lives...

Starting over can become one of the major things you need in order to move to the next level in your life.

Finally, one of the most important lessons that I have learned is...if you are at the bottom, you can only go up from there. When you feel that you have hit rock bottom, or almost there, you are in the perfect moment to "START OVER". Trust God in making sure you get the perfect fresh start. See worksheet below:
