Leary Angus in the 1950s with
Founders brothers Bill & Harold Leary

Colossal (1975) - A bull people still talk about!

EST. 1945

LEARY ANGUS FARM
SUMMER 2017

WELCOME TO OUR 16TH ANNUAL PRODUCTION SALE. The years have gone by fast since Bill and Harold Leary began the herd in 1945. Currently, Donny and I manage the herd, which consists of 200 cows, and we've enjoyed all the people we have done business with over the years.

As we enter a new decade, the herd of beef cows doesn't look too bad in the pasture. With demand up and exports good, I think we are in for some good times ahead. Just don't forget the importance of good ANGUS genetics.

Our Leary Angus operation is run in a practical way that will benefit you with strong genetics. You will notice when looking through our catalog that the bulls are calving ease. The bulls have been fed high roughage rotation on the farm adjacent to the heifer pen and they will be fertility checked. The bulls will be penned as well as sold by sire group, beginning with Lot 1.

There are 3 options for boarding and delivery; please see the trucking options on the following page.

The cattle we are selling are fully guaranteed and the bulls sell with a first year breeding guarantee (90 days after they're turned out). If you wish to view the cattle prior to sale day, you are most welcome anytime at the farm. You can see for yourselves the thickness, hind quarters, and fullness at the tail head.

Thank you for coming to our farm. Regardless if you need an animal or not, come and have lunch with us, enjoy the sale, and visit with your neighbors. We're looking forward to seeing you at the sale!

LEARY ANGUS - 2020 is an important year in the history of the Leary Angus Farm in Caledonia, Minnesota. It marks their 75th year of uninterrupted breeding of Angus cattle.

The Leary herd is now in its 5th generation, and what a great journey it has been over the last 75 years, from the time of the purchase of the first Angus cattle to the Leary's long time association with Rosemere Farms in Maquoketa, IA, owned by Otto Battles and Roland Ehlers, and then the purchase of the great T A Eileenmere 6, a bull that proved to be a historic sire at Leary Angus. He came from the Treasure Acres herd at Blairsburg, IA.

Recently, I had an opportunity to visit the Leary herd, and what a power set of bulls for this year's sale. They are thick, meaty, full of muscle and red meat and have the most pleasing blend of carcass and

calving ease.

You will truly enjoy doing business with Richard and Don Leary because it is where the customers come first and the Angus cattle are the finest. I look forward to seeing my many Angus friends at this historic event on Sunday, March 29, 2020!

Sincerely,

Tom Burke

MY DAD always said get them big but don't lose the thickness. I think this set of bulls that we're offering in this sale emphasizes what he was telling me all those years. Our primary income for the last 75 years has been big Angus cattle and I hope it will be in the future.

At this time, every cow in our herd was born in our heard, with the exception of the Lot 30 granddam, who was purchased in Doug Ward's sale as a heifer calf.

We believe we are big enough to serve you while still being small enough to know you! Most importantly, we know that Angus cattle are good for your bottom line!

Thank you for coming out to our sale and taking the time to view our operation. After 75 years, we're still very proud of the business 5 generations has built here in Caledonia, Minnesota!
