8. How OEM Works for Face Oil

1. Select Oil Type – Single-origin or blended botanical oils.
2. Choose Target Benefits – Hydration, anti-ageing, brightening, soothing, or balancing.
3. Pick Scent & Texture – Light, fast-absorbing, or rich & indulgent.
4. Determine Packaging – Dropper, roller, or pump.
5. Sample Creation – Evaluate feel, scent, and absorption.
6. Testing – Stability, compatibility, and safety checks.
7. Bulk Production – After final approval.
8. Final QC & Delivery – Ready for sale & branding.
