

Stevia Liquid – Zero-Cal Sweetener

Category: Health & Wellness – Natural Sugar Substitute

Enjoy sweetness without the calories! Stevia Liquid is a natural, plant-based sugar substitute made from *Stevia rebaudiana* leaves. Perfect for beverages, desserts, and cooking — it delivers pure sweetness with zero guilt.

We provide customisable Stevia liquid formulations to suit your brand, adjust sweetness strength, blend with other natural sweeteners, choose flavour variations, and design packaging that matches your market positioning.

- Café, bakery, and restaurant supply

8. How OEM Works for Stevia Liquid

1. Choose Sweetness Level – Pure extract or blended formula.
2. Add Flavour Variations – Natural extracts for taste enhancement.
3. Select Packaging – Bottle type, size, and dispensing method.
4. Custom Branding – Labels, colours, and product messaging.
5. Sample & Sensory Test – Ensure desired sweetness profile.
6. Production & Quality Checks – GMP-certified manufacturing.
