

Herbal Health Supplement – Traditional Formula

Category: Herbal / Nutraceuticals (Jamu Kesehatan)

Rooted in traditional herbal wisdom and modern science, our Herbal Health Supplement (Jamu) is designed to promote overall vitality, balance, and well-being. Suitable for men and women, it helps support energy, immunity, and natural body functions.

We specialise in customised Jamu and herbal supplement OEM manufacturing, offering powder, capsule, tablet, tonic, or ready-to-drink formats, with flexible formulations tailored to your target market (women's health, men's vitality, energy, slimming, detox, etc.).
