8. How OEM Works for Magic Cream

1. Define Product Focus – Whitening, repairing, anti-ageing, or multi-purpose.
2. Choose Actives – Botanicals, vitamins, peptides, or luxury ingredients.
3. Decide Texture – Lightweight gel-cream, rich balm, or silky lotion.
4. Select Packaging – Jars, pumps, or tubes.
5. Brand & Label Design – Highlight “Magic” transformation claims.
6. Sample & Approve – Test texture, absorption & finish.
7. Mass Production – GMP-certified facility.
