

Hair Mask – Deep Repair & Nourish

Category: Hair Mask – Deep Repair & Nourish

Our Hair Mask delivers deep hydration and intensive repair for dry, damaged, and chemically treated hair. Enriched with natural oils, proteins, and vitamins, it restores softness, shine, and strength from root to tip.

Formulations can be tailored with botanical oils, proteins, keratin, collagen, or herbal extracts to target hair concerns such as damage repair, growth support, or colour protection. Available in jars, sachets, or tubes for versatile branding.

3. Key Features

8. How OEM Works for Hair Mask

1. Select Base Formula – Hydrating, repairing, growth-boosting, or protective.
2. Choose Actives – Keratin, biotin, proteins, essential oils, UV filters.
3. Pick Fragrance Profile – Fruity, herbal, floral, or fragrance-free.
4. Customise Packaging – Jars, tubes, or sachets with your brand identity.
5. Sample Development – Texture, performance & fragrance testing.
6. Mass Production – GMP-certified, export-ready.
