8. How OEM Works for Bar Soap

1. Select Soap Base – Natural oils, herbal extracts, or luxury blends.
2. Choose Additives – Exfoliants, essential oils, moisturisers.
3. Pick Shape & Size – Standard rectangle, round, oval, or custom mould.
4. Determine Colour & Scent – Single tone, marbled, or layered.
5. Sample Creation – Review feel, scent, and lather quality.
6. Testing – Stability, hardness, and safety checks.
7. Bulk Production – After final approval.
8. Final QC & Delivery – Ready for branding & retail.
