

Collagen-Infused Lipstick

Category: Colour Cosmetics – Lip Care & Makeup Hybrid

Experience the perfect fusion of beauty and care with our Collagen-Infused Lipstick — delivering vibrant colour while nourishing and plumping lips from within. Designed for brands that want more than just pigment, this is colour with a skincare upgrade.

Our OEM service offers full customisation of shade, finish, formula, and packaging to align with your brand's identity. Whether you're launching a luxury lipstick line or an affordable everyday range, we manufacture to your exact specifications with premium quality standards.

3. Key Features

- Enriched with collagen for smoother, plumper-looking lips
- Creamy, hydrating texture that glides effortlessly
- Long-lasting colour with minimal transfer
- Available in customisable shades & finishes

- Bold & Statement – Plum, Berry, Deep Brown
- Seasonal Editions – Peach for summer, Wine for winter

8. How OEM Works for Lipstick Collagen

1. Consultation – Discuss your brand's concept, target market, and product goals.
2. Formula Development – Choose from our existing bases or request a new formulation.
3. Shade & Finish Selection – Choose from our colour library or create your unique shades.
4. Packaging Design – Customise packaging shape, material, and branding.
5. Sample Approval – We send prototypes for testing and final adjustments.
6. Mass Production – Manufacturing begins once samples are approved
7. Quality Control – Every batch is tested for safety, performance, and compliance.
8. Delivery – Products are shipped to your warehouse, ready for market launch.
