

Eye Cream – Revitalising Under-Eye Care

Category: Skincare / Eye Treatment

Our Eye Cream is specially formulated to target dark circles, puffiness, and fine lines. Lightweight yet deeply nourishing, it rejuvenates the delicate under-eye area, leaving it smoother, firmer, and brighter.

We offer custom OEM eye cream formulations such as anti-ageing, brightening, hydrating, or firming with full customisation in ingredients, packaging, and branding.

3. Key Features

- Reduces dark circles and puffiness
- Smooths fine lines and wrinkles
- Lightweight, fast-absorbing formula
- Gentle on sensitive skin around the eyes
- Available in multiple functional variants

- Caffeine Eye Cream – De-puff & Energise

8. How OEM Works for Eye Cream

1. Select Functionality – Brightening, hydrating, firming, anti-ageing.
2. Choose Ingredients – Peptides, collagen, vitamins, natural extracts.
3. Decide Packaging – Tube, jar, pump, or roll-on.
4. Sample Development – Try and refine the formulation.
5. Production & Delivery – Manufactured under GMP, ISO, and Halal standards.
