Quail Forever in Missouri adds 27th chapter

Cuivre River Chapter of Quail Forever & Pheasants Forever becomes state's latest installment

TROY, Mo. – October 25, 2022 – Quail Forever and Pheasants Forever in Missouri added to its growing conservation footprint with the recent establishment of another chapter in the east-central part of the state. The Cuivre River Chapter of Quail Forever & Pheasants Forever became the 27th chapter in Missouri when their charter was signed September 21.

“We are very excited to be a part of starting this brand-new Quail Forever chapter in Lincoln County,” said newly elected President Joey Rasco. “The Cuivre River Chapter plans to work to get more quail habitat on the ground, get more people excited about the great sport of hunting, and of course, have some fun while we’re doing it!”

This group of dedicated volunteers worked with Regional Representative for northern Missouri and southern Iowa Trevor Day to get the Cuivre River Chapter up and running. The committee members have a strong passion for wildlife conservation, habitat restoration and mentoring new hunters, so they joined together and took an opportunity to improve the landscape around them and connect their local community with conservation and the outdoors.

“I am really excited to see where this chapter goes as they look to hit the ground running hosting habitat workshops and outreach and education events in their community,” said Trevor Day. “Their passion and enthusiasm for conservation and our hunting heritage will help to form new hunters and conservationists in their communities and relationships that will last a lifetime!”

About Pheasants Forever & Quail Forever

Pheasants Forever, including its quail conservation division — Quail Forever — is the nation's largest nonprofit organization dedicated to upland habitat conservation. Pheasants Forever & Quail Forever have more than 135,000 members and 750+ local chapters across the United States and Canada. Chapters are empowered to determine how 100 percent of their locally raised conservation funds are spent; the only national conservation organization that operates through this truly grassroots structure. Since creation in 1982, Pheasants Forever has dedicated more than \$1 billion to 567,500 habitat projects benefiting 22 million acres nationwide.
