Ms. Susan Klassen, Director
Department of Transportation and Public Works
County of Sonoma
2300 County Center Drive Ste. B100
Santa Rosa CA 95403

Dear Ms. Klassen:

As the Cazadero CSD is responsible for emergency services within the district's boundaries, we would appreciate any information you may be able to provide regarding dates for the scheduled FDR project for Cazadero Highway.

As lane closures and flagging will be included within the parameters of the project, close coordination with Ghilotti will be required. Road detour and time delay issues will be necessary considerations for a successful outcome on fire as well as EMT calls along the paving project route.

Thank you!

Sincerely,

Michael Nicholls, Secretary
Cazadero Community Services District
