## Coach's Corner

### The Importance of Hitting Your Mark

Ahead of the skills challenge this weekend \*hint hint\* I want to stress the importance of targeting and hitting your mark. Focusing on the arrows gives you a target that is closer than the pins and also gives you a metric to measure your accuracy. If you aim at second arrow, and your ball rolls over third arrow instead, you know that you have undeniably missed your mark. If you aim for second arrow, hit second arrow, and don't strike, you now have the information you need to make adjustments. By aiming at the pins, you leave the measurability of accuracy on the table.

# Upcoming Tournaments

- The Greater Pittsburgh USBC Youth Championship scheduled for November 8th, 9th, 15th, and 16th at Nesbit's has been **postponed**. We will provide the new date as soon as it is shared with us
- [Gateway Bowling No-Tap Tournament 2025 - Sunday, December 2nd](#)
  - No-tap bowling is a great, fun scoring method of bowling for all skill levels *and* it benefits a local high school bowling program! (No-tap bowling is when knocking down 9 or 10 pins counts as a strike).
