## Governor Kehoe visits Northland Career Center

On March 24, 2025, Governor Kehoe visited Central Power in Platte City for a ribbon cutting then made his way down 92 Hwy to visit with several friends and NWDC leadership. Governor Kehoe is very focused on workforce development and had the chance to speak with several friends who are connected to the NWDC project and meet current, former and future students while at Northland Career Center (NCC). NCC has been very fortunate to have its third governor visit since 2021. It was important for us to show Governor Kehoe the past successes, the current successes, and future opportunities at the new site. see pics below.

## Social Media Campaign
