

One Destination For Homepreneur

## About us

**A forum for homepreneurs - small scale (smaller than cottage industry), home-based women entrepreneurs - to display and sell their products and services.**

One Destination For Homepreneur

**Busy Buzzing Beez** is a Registered Trust the brainchild of four like-minded benevolent women, with a view to bring together vendors and customers for the benefit of all stakeholders.

The team consists of Ms Kanthi Neelamekam, Ms Thangam, Ms Durga and Ms Deepa

**To organize events exclusively for women, in order to facilitate networking, knowledge sharing, and entertainment, which in turn will provide a platform for showcasing the wares of these small scale, home-based homepreneurs.**

## **Beez Club**

**Beez Club is a branch of Busy Buzzing Beez Trust started in September 2023. It aims to conduct a series of events through the year – events that will expose these women homepreneurs to a wider customer base, thus giving them a chance to expand their business and increase their income.**

**The events will include competitions [cooking, art, music, dance, poetry], workshops and entertainment shows, which will not only bring together women who are interested in such events, but also provide a space for the homepreneurs to increase awareness of, display and sell their products and services.**

**The strategy is to organize events for a certain segment of women, events that will help and benefit another segment of women.**
