Dear Hiring Committee,

I am honored to write this letter of recommendation for Ms. Camille Crawford, with whom I have had the pleasure of working in her capacity as a student leader at Prairie State College. Ms. Crawford earned an Associate of Applied Science in Information Technology Webmaster from Prairie State College (PSC) in May 2024. Throughout her time at PSC, Ms. Crawford distinguished herself as a dedicated academic student and a leader amongst her peers.

Ms. Crawford has shown exemplary leadership through her involvement in several campus organizations. As President of the Black Student Union and SGA Representative, Ms. Crawford sought learning opportunities for her group members. I became familiar with Ms. Crawford's leadership skills when she organized a resume workshop asking the Career Services Office (where I am the director) to present to her members. Without being prompted, Ms. Crawford reserved the room, created the flyer promoting the event, sent out invitations, and ensured the room was set up appropriately before I arrived to present. Throughout the event, Ms. Crawford asked important questions to understand further what makes a good resume, prompting good discussion between her and her peers. I don't often see this level of engagement or maturity when presenting to students, nor do I see this type of attention to detail. This workshop had one of the highest turnouts of workshops our office facilitated that semester. This speaks to Ms. Crawford's charismatic nature and her organizational skills.

In addition to her role as president of the Black Student Union, Ms. Crawford had additional leadership roles on campus: STEM Club Vice President, a member of the Sustainability Club, and writer, podcaster for the PSC Pioneer Newspaper.

She proved herself a capable leader while maintaining excellent grades which is a testament to her unwavering commitment to academic rigor and personal growth. In recognition of this, Ms. Crawford has been inducted into the Alpha Beta Gamma and Phi Theta Kappa Honor Societies. She received the President's Award for Excellence in Scholarship and Leadership and obtained her Web Junior Technician Certificate furthering her technical skills and demonstrating her initiative and commitment to lifelong learning.

Ms. Crawford embodies the characteristics of a well-rounded, ambitious, and service-minded employee. With her proven leadership, ability to take initiative, technical proficiency, and creative talents, I know she will continue to achieve great success in her future professional pursuits. I highly recommend Ms. Crawford and am confident she will be an asset to any organization fortunate enough to hire her.

If you have any questions or would like further insight into Ms. Crawford's qualifications, please do not hesitate to contact me at [mfitzpatrick2@prairiestate.edu](mailto:mfitzpatrick2@prairiestate.edu) or 708-709-3678.

Sincerely,

Mary Fitzpatrick
