

Our Three Support Levels

At Cypress Barn at Miller Lake, we offer three add-on support levels that couples consistently rave about. Each level is designed to make your day smoother, clearer, and less stressful.

- **Level One – Setup Services:** Our team handles full venue setup so you're not lifting tables, chairs, or décor the morning of your wedding. You arrive in a space that's already arranged and ready for your finishing touches.
 - **Level Two – Setup + Day-Of Coordination:** You get a full setup plus a dedicated day-of coordinator who manages your timeline, checks in with vendors, and keeps everything running on schedule. This lets you and your family relax and enjoy instead of "directing traffic."
 - **Level Three – Setup + Coordinator + Bartenders:** This is our most hands-on option, adding professional bartending to setup and coordination so many of your biggest moving parts are handled by one experienced team. It creates a more all-inclusive feel and simplifies communication for everyone.
-

Free Vendor Matching When You Choose Any Level

When you book any of these three levels, you also receive our Vendor Matching Program as a free bonus. This is our way of saying thank you and giving you extra peace of mind during planning.

With Vendor Matching, you tell us your budget, style, and must-haves, and we do the legwork to find options that fit. We then present you with curated recommendations for up to three total vendors, with up to three tailored options per vendor category, so you're choosing from strong matches instead of starting from scratch.

How This Makes Planning Less Stressful

- You save hours of research and back-and-forth emails because we pre-screen and narrow the list for you.
- You reduce decision fatigue by looking at a few high-quality, realistic options instead of endless online suggestions.
- With the higher levels, your coordinator and bartending team help keep vendors, bar service, and venue logistics flowing smoothly so you can stay present and enjoy your day.
