

# Using Your Affiliate Link

*Getting started with the Convene Communities Affiliate Program.*

Convene Communities offers members a unique opportunity to earn additional income through program referrals! As the owner of The Death and Resurrection Doula community, I give away a portion of all program sales referred to me by any member of Convene Communities. The Convene Communities referral program will also continue to pay referral fees to you beyond the initial sale if the referred member makes additional program sales. The referral program is optional and can be joined at any time. My hope is that as you work in the field, you will garner the attention of others who feel the call to serve. In return, the referral income will boost your success while the increasing number of certified Death and Resurrection Doulas benefits communities.

I share 1/2 of the sale price of the each module to anyone referring new doula trainees to the program. By being the introductory agent, you will receive 40% of that half. Convene Communities also receives a portion of the program sale, which ensures the longevity and success of the platform. You will see additional benefit as your referral makes referrals (15% & 5%). Overtime, these additional streams of revenue will add up and it will help you. Affiliate payments are disbursed weekly once the \$50 min. has been reached.

To become a qualified affiliate, start at the *Dashboard*. There is a vertical grey box on the left hand side of the dashboard. Towards the bottom of the list you will see *Referral* with a left-pointing arrow. I recommend reading more about the affiliate program under *What is an affiliate?* To become an affiliate, click the arrow and choose *Become an Affiliate*. Follow the steps.

**You are not limited to The Death and Resurrection Doula Community! There are other programs inside of the Convene Community Platform that may resonate with someone you know. A host of Convene Community members are Christians!**

**Once you have the affiliate program requirements set up, finding and sharing your link is the next step. There are a couple of ways to do this:**

- 1. On the *Information* page of the *Dashboard* of the specific community you plan to share, you will see SHARE COMMUNITY with 4 boxes (FB, Twitter, LinkedIN, & copy link) If you share your link on social media, anyone who clicks to join Convene Communities will fall on your Tier 1. Share your new business details and Death and Resurrection Doula certification on social media. Interested people will join through your link. The grey box with 2 sheets of paper allows you to copy/paste your link directly to an email, text message, website, etc.**
- 2. Click on your profile picture (top right corner) on the *Dashboard*. Choose ‘My Convene’ and click ‘Invite New User’. You can enter the email address of someone you’d like to invite to join the community you select. You can also see your personal link. The last digits on the link are what is specific to you. Whatever community your dashboard is set to when you go to ‘Invite New User’ will be reflected on the link shown.**

**To view the status of your affiliate tiers & income, click on your profile photo, choose ‘My profile’ and select ‘Affiliate Dashboard’. You will receive a notification through Convene whenever a member signs up on your affiliate link.**

**As always, please ask any questions as you go a long and provide feedback you feel is necessary. It is important to remember the affiliate referral program helps boost income for growing businesses and it is a critical tool for growing the training program. I encourage you to use it as an incentive to bring prospective doulas to this training curriculum. We are the ONLY Christian Death Doula training program in the world. We are the only option that elevates the gospel message of hope in Jesus Christ alongside the irreplaceable work of doula care. The Lord is placing a call to serve on the hearts of His people. Help them become a part of this program. The more that doulas become certified, the more needs of people will be met around the world. We must place our trust in God to orchestrate our growth.**

*Thank you for your service!*
