

## Sun City Open 2022

The Sun Open tournament will allow the use of the bowling balls that are currently not allowed in USBC National competitions, USBC is allowing tournaments and leagues to adopt the rule or not. At this time, we will not be disallowing the balls in question, see the quotes and links below.

USBC Quotes:

“Honor scores bowled in local or state certified competitions where the balls are allowed to be used will be recognized, as long as the competition (league or tournament) did not choose to prohibit it from competition in its rules.”

“Each USBC competition, whether tournament or league, has the option to adopt USBC's national tournament rule on the Purple Hammer or other rules related to equipment restrictions”
