

ELLEEBANA LASH LIFT AFTERCARE

AVOID: heat, steam (including cooking over steaming stovetop), saunas, water, oils, lotions, creams, shampoos, face washes, makeup remover wipes or pads on lashes for a minimum of 24 hours. The only approved product to put on immediately after a lift that will not cause your Elleebana Lash Lift to fall is the Elleevate Mascara.

We also advise that because your lashes are still malleable (shape shifting), a side sleeper or face sleeper can notice one or both eyes can raise or drop, leaving the lashes misshaped. Sleeping on the back is best. Avoid face washes that are mainly oil as this can also cause lashes to drop prematurely. If you apply the Elleevate mascara, make sure that you remove it with cold water within the 24 hour period.

ENJOY YOUR ELLEEBANA LASHES FOR THE NEXT 2-3 MONTHS!
