

# ClearPath Telemedicine

## *Confidential STD Testing & Treatment*

---

### **About ClearPath**

ClearPath provides secure, discreet, and evidence-based STD evaluation and treatment through telemedicine. Services are delivered by an AANP-Certified Family Nurse Practitioner with over five years of clinical experience, serving the El Paso community.

### **How It Works**

- 1. Schedule your confidential online visit.
- 2. Complete a secure medical intake form.
- 3. Virtual evaluation by a licensed provider.
- 4. Lab orders sent electronically (if needed).
- 5. Prescription treatment sent to your preferred pharmacy when appropriate.
- 6. Follow-up instructions provided securely.

### **Common Conditions Evaluated**

- Chlamydia
- Gonorrhea
- Trichomoniasis
- Herpes (HSV)
- Syphilis (evaluation and testing guidance)
- HIV testing guidance and referrals
- General STD exposure evaluation

### **Your Privacy Matters**

All services are provided through secure, HIPAA-compliant platforms. Your medical information is confidential and protected. ClearPath prioritizes discretion, professionalism, and clinical integrity in

every patient interaction.

## **When to Seek In-Person or Emergency Care**

- Severe pelvic or abdominal pain
- High fever
- Testicular swelling with severe pain
- Signs of allergic reaction to medication
- Any condition you feel is urgent or worsening
