WHAT YOUR HOME DESERVES

BE A SMART HOMEOWNER

Enjoy the **savings** from the highest performing windows in their category. Look forward to **years of trouble-free operation**. And **enhance your home's appearance** with the classic look of wood windows —without sacrificing the benefits of PVC!

Multichamber design guarantees structural frame integrity and durability in any season, year after year. The likelihood of seal failure and gas loss is minimized, even with thick and heavy glazing.

Optional multipoint locking system for maximum safety.

Beautiful beveled-edge exterior design. Lets maximum light in.

Fusion-welded corners seal out water and wind.

Multilayer weatherstripping provides the highest insulation. No drafts or energy loss. Easily replaceable if needed thanks to the groove.

Optional low-E double or triple glazing with argon gas.

Exclusive anchoring screws. Opening mechanism and high-security multipoint lock parts are firmly fastened in screw boxes and stay secured. Our exclusive screws are specially designed for PVC. All screws install through a minimum of two walls for greater stability.

Robust, durable and energy-efficient frame. Ideally suited to your home.

CONSERVATION

We're into Conservaction®!

Our windows not only offer unique and distinctive technical features—they're also all specially designed to save energy and preserve natural resources. Longer product life, and the best energy performance in the industry!

Performance

Tests performed by an independent laboratory according to P.H. Tech specifications.

	Size tested mm (in.)	U.S. standard AAMA / WDMA / CSA 101 / I.S.2 / A440-08
Casement window S-3800	800 x 1800 (32 x 71)	CW-PG65-C
Awning window S-3850	1200 x 800 (47 x 32)	CW-PG70-AP

SYSTEM WARRANTY

P.H. Tech Inc. provides a 20-year limited warranty on all residential PVC profiles. Manufacturer's warranty may offer coverage that is different than P.H. Tech's.
