

**Hope Is Needed
And you can help!**

With over 24,000 homes lost in the past three years to wildfires in Northern California, we can't rebuild for everyone, but without your help we cannot even rebuild one home!

We provide assistance to families who lost their homes in one of five devastating wildfires to strike Northern California.

Hope City is a collaboration of local faith-based organizations along with corporate partners who have come together to help rebuild homes and restore lives.

Since 2015, Hope City volunteers have provided assistance in six counties for 15 different fires.

Hope City does not charge for our services, which are provided without discrimination to the homeowner.

*"The King will reply, "Truly I tell you, whatever you have done for one of the least of these brothers and sisters, you have done for me."
Matthew 25:40*

**We have a place
waiting for you.**

Volunteering with Hope

Volunteers travel from all over the U.S. and Canada to serve with Hope City.

At Hope City, we provide for the needs of our volunteers. We know that a good team experience includes good work, good food and a good night's rest. Our volunteer dorm provides your housing needs for the week. We offer single beds with regular mattresses. Our staff ensures that the materials and tools are available for your team each day. Once a week, we host a family night and invite all of the homeowners who are part of the project. It's a wonderful, relaxed time to visit and meet the families you are serving.

To book your team, visit our website and download an application.

For questions, please email us at travis@hcrn.info or call 574-333-7728.

We look forward to serving with you!

Book your team today!

Hope City will provide all the tools you will need on the job.

"Hope City has changed our lives. The volunteers who helped build our house are amazing. We can't thank them enough!

A Hope City homeowner

Families of Hope

We provide assistance to families who lost their homes in one of the devastating wildfires and would not be able to recover without assistance.

Volunteer Teams.

We work with volunteers from all skill levels. You have construction experience, come volunteer! You have a youth team, come volunteer! You have some people with skills and some not so skills, come volunteer! We ask that you come with a willing heart.

Hope City provides construction oversight and direction for all volunteer work. We build homes from the ground up, so we install foundations, frame the home and

Hope City uses volunteers of all skill levels, from novices to professionals.

complete the finish work at the end. We have a variety of tasks and work opportunities for your group. Hope City schedules teams for week-long projects.

Hope City believes in creating great relationships, with our volunteers, with our homeowners and with the community.

Hope City hosts volunteer teams in five Northern California counties. You can join us in Lake, Mendocino, Sonoma, Shasta or Butte Counties.

Contact us today to impact a hurting community with your service!
