

## THANK YOU.

The Shade Tree, a 24-hour accessible shelter for women and children in crisis, is forever grateful to The Wynn Las Vegas for leading the charge on a community-wide initiative and \$2.5 million re-imagining of our facility.

Thanks to you, our residents are enjoying greatly improved living conditions in a safe and comfortable place where they can escape the cycle of homelessness and violence and regain their self-worth, dignity and independence.

To the many local construction and professional trade companies who became our partners, you are proof that we are truly, Vegas Strong.
