4.As per the Certificate issued by the Structural Engineer after inspection it is stated that, the basement width and height of the building of Mahakavi Kumaranasan Central School, Kayamkulam is less than what is stipulated in the Circular No.F-2-9400/16 dated 16.04.2019 issued by Director General Fire Services, Thiruvananthapuram. The certificate issued by the Structural Engineer stating the structural measurement of the school building is enclosed herewith.
