

HRC does not have the authority to enforce fines or penalties. But if such issues arise they can go to the KPL Board with a dispute/grievance.

KPL SCOREKEEPER:

The Scorekeeper is responsible for: collecting all weekly envelopes from the Shipping Shack, processing score sheets, entering and archiving data, maintaining the handicap system, depositing weekly-dues checks, and mailing out all necessary paperwork to the teams. Weekly documents are expected to be finalized and mailed by Wednesday afternoon to ensure captains will have their paperwork before Monday. If not finalized and mailed no later than Thursday afternoon they are required to notify the President of KPL Board. This is a paid position at a rate of \$50.00 per week. The payment frequency is up to the Scorekeepers discretion (quarterly, half way, or all at once at the end of session). The Scorekeeper is expected to attend all Captain's meetings. The Scorekeeper position is not part of the KPL Board, but they are allowed to be on the board, however not the Treasurer position. Any expenditures need to have a receipt for reimbursement. If expenditures need credit up front, the KPL Board will review the request. All deposit slips are required to be archived. The scorekeeper will need to provide documentation of all transactions to the Treasure. This may be digital or paper, and must be subsequently archived.

Unofficial rev. 5/24/2023: removed: Any KPL Board member that is a captain can vote during captains' meetings.
