WELCOME TO THE WRAC INFORMATION PACKET

The following information is provided to assist you in understanding the Mission of the WRAC and to utilize the facilities to its greatest potential. If you have any questions, please feel free to contact the staff at the WRAC for additional information or assistance.

MISSION STATEMENT

Wray Rehabilitation and Activities Center

MISSION STATEMENT

“Providing Opportunities to Improve the Health of Our Community”

Wray Rehabilitation and Activities Center is a 501(c) 3 non-profit exercise and restorative health facility, located in northeast Colorado. Our mission is to improve and maintain the physical, mental and social health of people of all ages.

GOAL STATEMENT

To nurture a healthy lifestyle through exercise and education; promote positive social interaction of all ages; supplement the services offered by the hospital and the medical community; and support wellness and effective stress management.

VISION STATEMENT

To sustain a center that is self-supporting with memberships that are affordable. Our employees and volunteers are the source of our strength and the service we provide is the result of our combined efforts

Non-Discrimination Statements

All are welcome to participate in activities/classes/programs at the Wray Rehabilitation & Activities Center, Inc. (WRAC). The WRAC is committed to the principles of diversity. In such spirit, the WRAC does not discriminate on the basis of race, religion, creed, color, sexual orientation, age, physical challenge, nation of origin, gender, or any other characteristic. We welcome all to enjoy the wellness/fitness opportunities provided at the WRAC.

How it Started...

The Wray Rehabilitation and Activities Center (WRAC) began as a dream of a small group of visionaries. This group formed a voluntary board in 1986 to research, survey and compose a plan for an activity center.

After considering results from their studies and surveys the board decided the community's needs would best be served with a new facility. It was also decided that the center must be a self-supporting facility which would physically, mentally, and culturally benefit person of all ages.

A Dream Come True...

After much hard work the WRAC opened its doors April 1, 1992. This 2.4 million dollar facility was built with money raised by fundraisers, donations, and grants. (No tax money was used to build the WRAC and no tax money is used to operate the WRAC).

The WRAC is a spacious and well-lit structure with many glassed areas that are strategically positioned to maximize natural illumination from the sun.

Walking through the building gives one a warm, comfortable feeling rather than that of an institution. At the same time, the structure is compact. It accommodates a large number of activities into it 23,000 square foot area.

WRAC GENERAL POLICY

All members and guests utilizing the WRAC do so at their own risk. Anyone using the facility shall practice courteous conduct and respect staff and other users. Profane language, abuse of equipment, or harassment of other users will not be tolerated. *No one shall charge for services on the property without written permission.* The WRAC has the right to suspend or revoke user privileges as deemed necessary.

All-Purpose Room Basketball Guidelines

The guidelines listed **will be strictly followed and enforced** by
WRAC staff

- ◆ Basketball skill practicing **ONLY!!**
- ◆ No basketball games in this room.
- ◆ Throwing basketball other than practice shots to improve techniques is **PROHIBITED**.
- ◆ An adult (18 or over) is requested to be present with youth at all times when practicing skills.
- ◆ Adults and high school youth are encouraged to use the north basketball court.
- ◆ WRAC reserves the right to close this area for basketball use due to the safety of patrons using equipment.

We have had ceiling tiles broken under the cardiovascular/nautilus equipment, balls hitting cardiovascular equipment and damaging the display panels, balls have been sucked under the treadmills and caught between the belt and the machine, and patrons have left their workout due to fear of being hit by balls.

Our goal is to provide a place for the youth to practice skills and enhance their basketball game. It is also our desire to provide a safe place for those working out along with protecting the equipment.
