ENTERPRISE AND PRODUCTS

A MODERN AND DIGNIFIED WAY TO CELEBRATE THE MEMORY OF A LOVED ONE

Precious Souvenir medallions and framed souvenir pictures in fine Italian porcelain are the modern and tasteful way to maintain a sense of contact and immortalize your dearly departed today and for posterity.

When bereaved, it's natural to want to maintain the communication that was so abruptly ended. There is a basic need to pay tribute to a loved one in a unique, customized and positive way to better celebrate and immortalize their life and memory.

A Precious Souvenir porcelain medallion, framed picture or plaque is a rare and unique way to decorate and customize an urn, columbarium niche or monument. It adds meaning and emotional value that would not otherwise be there.

Precious Souvenir uses the latest manufacturing and photo reproduction techniques on porcelain for its medallions, framed souvenir pictures and plaques to produce high-quality collector's pieces and ensure their beauty is preserved for generations to come.

VALUABLE OFFER

When you order a Precious Souvenir product you can obtain a significant rebate on any product using the same picture in a single order.

The image you have embedded on Precious Souvenir porcelain will help bring to mind your loved one's presence, face or a memory you shared...at a time when you need it most. It helps you alleviate the pain and overcome your loss — "...Grief need not, should not, be a destructive emotion." — Dr. Joyce Brothers".

You may also want to keep a medallion or framed porcelain souvenir picture at home or give copies to your friends and family.

MEDALLION OR PRECIOUS SOUVENIR FRAMED PORCELAIN PICTURE

A MODERN AND NATURAL ENHANCEMENT FOR AN URN, COLUMBARIUM NICHE OR MONU- MENT ...OR EVEN FOR YOUR HOME

The custom image on a "Precious Souvenir" medallion or framed porcelain picture can transform and modernize an urn, monument or columbarium niche. It has emotional power and provides added value to funeral products, which are so often perceived as traditional. Our contemporary products are warmer and more expressive, better corresponding to what today's clients increasingly seek.

PRECIOUS SOUVENIR OFFERS A WIDE RANGE OF HIGH-QUALITY POR- CELAIN MEDALLIONS, FRAMED SOU- VENIR PICTURES AND PLAQUES

The full range of products includes rectangular, oval, heart- and a variety of other sizes of medallions, plaques and framed porcelain souvenir pictures.

Oval medallions are also available in porcelain on stainless steel, as well as with rich frames that clearly enhance their beauty.

In addition, "Precious Souvenir" offers elegant framed porcelain souvenir pictures with a stand on the back for display on a mantelpiece, desk or night table.

All "Precious Souvenir" products are 100% guaranteed against breakage, vandalism and deterioration.

#23 – 2 3/8" x 3 1/8"

IX - INSTALLATION

INSTALLATION OF PORCELAIN SOUVENIR MEDALLIONS AND PLAQUES

The attachment system with 3M double-sided adhesive tape is the simplest, quickest, most efficient and long-term method.

Ensure that the surface to be taped is clean, not oily and above freezing. Clean oily surfaces with a solvent, then use a mixture of water and rubbing alcohol to remove any residue. Wipe with a clean and dry cloth.

If there is a sandblasted hole in the monument, epoxy adhesive must be used.

INSTALLATION OF FRAMED MEDALLIONS AND PLAQUES, WITH OR WITHOUT A BRONZE-PLATED, BRONZE OR RHODIUM COVER

There are two methods for attaching medallions and plaques with a bronze-plated, bronze or rhodium frame:

1. The first method consists in using the attachment system with 3M double-sided adhesive tape explained above for souvenir medallions and plaques.
2. The second method involves using the lug mount attachment system. The lugs are already attached to the frames. Simply drill two small holes in the stone and use epoxy adhesive to insert the lugs into the stone.

INSTALLATION OF MEDALLIONS WITH A BRONZE OR RHODIUM FRAME WITH A COVER

Install medallions with bronze or rhodium frames with a bronze or rhodium cover using the attachment system (screws and lugs, supplied by us). Simply drill two holes into the stone, insert the lugs, then attach the frame by driving the screws into the lugs. We also recommend dipping the lugs into epoxy adhesive before inserting them into the stone to ensure they are firmly attached.
