Everglades City, FL 34139

Re: Bank of Everglades Building

To Whom it May Concern:

On behalf of the Naples, Marco Island & Everglades CVB (Florida's Paradise Coast) I am pleased to express support for the Everglades Society for Historic Preservation's efforts to restore the historic Bank of the Everglades building located in Everglades City and their intent to utilize this historic building as a Visitor Center.

The Bank of the Everglades holds a rich and dynamic place in the history and fiber of the community and will serve a wonderful and effective resource for the promotion of tourism and exploration for all of Southwest Florida.

We support the Everglades Society for Historic Preservation's goal to preserve this historic and celebrated landmark.

Sincerely,

Paul Beirnes  
Executive Director  
Naples, Marco Island & Everglades CVB
