

THE ATELIER WORLD

YOU DREAM, WE DELIVER

The Atelier World will create a design concept, layout the space, and select products needed to renovate your existing or new space.

At TAW we know that budget is important, and it often drives the decisions that are made. With our vast knowledge of materials and their costs we can value engineer

items to suit your design concept. This is how we will help you establish a realistic budget that incorporates the critical architectural elements into your new space.

We all know the saying "time is money." Hence, the reason why we take such care in initial planning and budget development.
