

Thanks for the invitation to post my TR7 bits. I couldn't figure out what parts to photograph, most owners would know what they look like, so I attached a picture of my finished car, The Drama Queen!

Please note that the TR7 parts are located in Vernon, BC.

Below is a list of the TR7 parts that I have available:

- complete 4 speed rear axle with new Brake pads and brake cylinders and hand brake linkage.\$100

-front and Rear coil springs, \$40

-Transmission tail piece cross brace, also a rover SD1 cross brace \$40

-TR7 Front and Rear Sway Bars(2) \$80 for all

- front brake calipers \$20

-2 front TR7 K frames (sub frames)\$200 each

-TR7 Radiator rebuilt with double core, lower and upper mounting brackets included

-radiator header tank and overflow bottle \$250 for rad package

-steering rack and steering rod \$50

-steering wheel and center pad \$40

-four speed stick shift knob \$5

-2 coils, distributor (without cap) and voltage regulator \$60

-brake manifold and bellows \$50

-brake fluid reservoir \$25

-TR8 MSD Ignition Box Model 6200 \$100

-Rover SD1 water pump, starter motor, clutch cylinder, clutch system \$80 for package

-TR8 Fuel Injected Intake manifold \$100

-TR7 fuel tank filler neck + fittings\$10

Total Package price is \$1370, yours for \$1000obo. Or will sell individually.

Shipping will be the main hassle and cost would be on the Buyer(s). 😞
