PRESS RELEASE

FORT BEND COUNTY, TEXAS- Melissa M. Wilson Republican Candidate for Fort Bend County Judge issues the following statement regarding public remarks by Democrat County Judge KP George and his intent to now run as a Republican candidate for County Judge in our March 2026 primary.

As one of the former candidates that became a victim of his political attacks, I ask Republicans to remain steadfast, diligent and focused as we work hard to get our county back. This recent political coy is nothing more than a distraction and we know how important it is to elect a true conservative in times such as these. We have had enough of this political manipulation.

Our grassroots supporters, delegates, and voters deserve a trusted and proven conservative - one that never left the party after a general election loss, but who remained on the ground supporting and helping conservative candidates in our races.

We have been fighting tirelessly against lawless leaders such as KP George as it relates to our poorly manufactured maps that favored his party. Stand with me as your Conservative Fort Bend County Judge Candidate as we denounce these public remarks.

We will once again prove in this election what we have proven in previous elections, and that is showing this county that we will show up, vote, and work for what we believe in.
