**NEWBURGH** – Saturday, Women Build was in full swing at one of the four homes being completed by Habitat for Humanity of Greater Newburgh.

Here, at 511 South Street, volunteers from Christ Church of Newburgh and the sorority, Sigma Gamma Ro, along with many Habitat staff, were hard at work, taking part in “Super Saturday,” the final day of the week long event devoted to these homes expected to be completed in late summer.

From left are: Dr. Michelle Winchester-Vega, Chairman of Women Build; Heidi Johnson, Community Advancement Director; and Yveline Balliard, volunteer. Each was on hand Saturday, assisting with 511 South Street, part of one of four houses to be completed by late summer by Women Build for Habitat for Humanity of Greater Newburgh.
