Event Entry Deadline	January 15 th 2024
Rating Cutoff Date	January 29 th 2024

League Rules & Format

Individual and Doubles Game Rules	The laws of Table Tennis as published by the ITTF and all USATT regulations apply for all individual and doubles games (Except where the league has made explicit modifications). Games will be 11 points each with the winner NOT requiring a 2-point advantage to win the game. A modified version of the USATT rating handicap table will be used for ALL games (Attached to this guide); in the case of a doubles game, a USATT rating average of both players participating in the match for one team will be used as reference for calculations. In the case of singles and doubles games, no game will start with more than
--	--

	6 positive points for any player or team; any compensation necessary to implement the required handicap will be made by adding negative points to the higher rated player or team. The 4 players playing individual matches and the 2 players playing doubles cannot exceed in average a USATT rating of 1,750.
Golden Game Rules	One 21-point game will be played where the winner does NOT require a 2-point advantage to win the game. Five players play and alternate every 4 points until one team scores 21. A modified version of the USATT rating handicap table will be used for the game (Attached to this guide). The USATT rating average of all players participating in the match for one team will be used as reference for calculations. The resulting handicap will be multiplied by 2 since the game is played to 21 points. No game will start with more than 12 positive points for any player or team; any compensation necessary to implement the required handicap will be made by adding negative points to the higher rated team. The 5 players participating in Golden Game cannot exceed in average a USATT rating of 1,750.
League Match Format	During the regular season, the 2 teams from Miami Table Tennis Club will face the 2 teams from 305 Table Tennis Club on home and away matches. Each head-to-head match will be worth 21 points with each point contributing to overall team standings. Regular season seeding will be determined by total points won per team.
Team vs. team Matchup Format	4 singles matches (3 games, each worth one point); 1 doubles match (3 games, each worth one point); 1 golden game match (worth 6 points). Total points at stake on team vs. team match are 21.
Team Match Roster	Team captain must submit to League Directors list of players that will participate in ALL matches (Singles, doubles and Golden Game) no later than 24 hours before start time of any given regular season or semifinals match. A team will be allowed to play with a minimum of 4 players (maximum USATT average rating of 1,750 for the 4 players still applies), understanding that the team automatically will lose 4 points every time the missing 5 th player's turn comes in the Golden Game. If less than 4 players show up for any team, it will be considered an automatic forfeit and ALL 21 points will be given to the opposing team.
League Playoffs	Regular season #1 seed vs. #4 seed will play Semifinal 1 Regular season #2 seed vs. #3 seed will play Semifinal 2 Semifinal 1 winner vs. Semifinal 2 winner will play League Finals
League Prizes	
League Final Winner	USD \$1,200 for the League Finals winning team and League Champion rings for each team player.
